

23 SAILORS DEAD IN NAVY WRECK

BISMARCK'S FIRST COMMUNITY SALES DAY UNDER NEW PLAN TO BE HELD ON MONDAY, SEPT. 17

Farmers of Burleigh County and All People in Bismarck Trade Territory Invited

SPECIAL BARGAINS

Fifty-Four Merchants Will Offer 108 Different Kinds of Articles in Plenty

Bismarck's first Community Sales day under new plan will be held Monday, September 17. On that day the merchants of Bismarck will be hosts to people throughout Burleigh county—hosts because they invite the people of the county to come to the city to take advantage of a sale in which prices are quoted so low on specially listed goods that the only profit that can be made is in good will.

The whole plan is under the auspices of the Bismarck Advertising club, affiliated with the Association of Commerce. It will be a great success in Bismarck, it is believed, because it has proved a success in hundreds of cities since the plan was originated in Neesho, Missouri.

There are 54 stores in Bismarck co-operating in the sale. It is not competitive with the other special bargains that do not conflict. Everything possible has been done to make it a real Community Sale. Each store will offer two items that are exceptional bargains, or 108 different kinds of articles that are listed in the sale. It will continue all day, during the regular hours the stores are open. Under the plan Bismarck will be one big department store.

It was stated by Secretary Bradley of the Association of Commerce, from which office the administrative work is being handled, that each of the 54 merchants will be given a placard which will be placed in their windows stating that they are authorized co-operators in the Community Sale. People may depend upon the bargains set forth in stores bearing this placard, he declared.

One of the features of the plans for the coming week will be a tour of the country, to be made by nine teams commencing Thursday. The business men will visit farmers and others throughout the county, personally explaining the sale idea and inviting them to come to the city.

Why a Sales Day?
"A good many people ask us this question and we are going to try to answer it," said a local member of the committee. "These salesdays are held primarily for the purpose of getting the people of Burleigh county better acquainted with the splendid business places of Bismarck. A good many of our residents do not know what large well assorted stocks are carried by the stores in Bismarck, how reasonable the prices are, quality considered and how quickly and efficiently you can be served here in our retail stores and banks."

"We realize that to get people into our city to trade, we must offer them special inducements, and for this reason all of the business men of Bismarck have banded themselves together into an organization known as the 'Bismarck Advertising Club' and it is the purpose of this club to put on these salesdays from time to time, offer you very special bargains on well known brands of merchandise, and in this way get you to get the habit of trading with us. We are sure if you once become acquainted with us you will like us. Bismarck is your natural trading point for goods you cannot find in your local store, and to make it short and sweet, these salesdays are held—'Because we want your business' and this applies to everyone as well as the residents in the country."

Watch for the big circulars giving the bargains. These will be real bargains for it is the intention of the merchants of Bismarck, at all times, to make the farmers' dollar buy what it ought to buy.

Stores Co-operating.
The 54 stores co-operating are announced as follows: Webb Brothers, A. W. Lucas Co., Alex. Rosen and Bro., Perry Furniture company, Folsom Jewelry company, Harris-Robertson, French and Welch, Bismarck bank, Soransen hardware, Wellworth Department store, Capital Security bank, Nielson Millinery store, Hughes Brothers Bakery, Breslow Drug store, F. A. Kowles, J. B. Smith, City National bank, Central Meat Market, Dakota Fine Arts, Lenhart Drug store, Corwin Motor Co., Brown and Jones, Logan's Grocery, Bismarck Food Market, E. A. Brown, Cowan Drug store, Bonham Brothers, Bismarck Furniture company, S. E. Bergeson and Son, Hocking Meyer, Barker Bakery, Lahr Motor Sales, Mary Buchholz, Capital Army and Navy store, First National bank, First Guaranty bank, Zvorist Broadway Bazaar, Bismarck Motor Co., Harris-Woodmansee, Butler Studio, Best and Hryck, Carpenter Lumber company, Bismarck Implement Co., Bismarck Toyery, Olympia Candy store, Finney's Drug store, E. A. Dawson, Hoffman's Northern Produce, Annetz Cafe, Copelin Motor Co., Richmond Coffee, D. B. Cook Grocery and Reckhoff's Grocery.

NAMED DELEGATE
Dorr Carroll of Minot has been appointed a delegate to the International Farm Congress, to be held in Kansas City in October, by Governor Nestos.

Ireland Unanimously Elected To League

(By the Associated Press.)
Geneva, Sept. 10.—Ireland was unanimously elected to membership in the League of Nations by the Assembly today.

ROLL CALL CAMPAIGN IS OUTLINED

Red Cross Representatives Emphasize the Necessity of Support of Red Cross

MUCH WORK DONE

Aid of Organization in Sponsoring Brotherhood Among Nations Discussed

Belief that the Red Cross is to be the greatest single agency in the bringing on of a universal peace and a feeling of brotherliness among the nations was the expression of all of the speakers at the Red Cross Roll Call arrangement luncheon and meeting held at the Country Club at noon today when 50 were present. Emphasis was also placed upon the methods and manner of distribution of Red Cross funds throughout the various countries and in supplying aid in such cases as the recent Japanese disaster.

The meeting, which was attended by officers and members of the local chapter of the Red Cross, members of the various neighboring chapters and by local educators, was for the purpose of completing the arrangements for the annual Red Cross Roll Call which is to be held in North Dakota between the 1st and the 15th of October and throughout the rest of the United States from Armistice day until Thanksgiving. The reason for the advancing of the date in North Dakota was given as adverse climatic conditions which cause poor road conditions.

Miss Minnie J. Neilson, State Superintendent of Public Instruction, was the first speaker and she expressed the belief that only through the education of the children could a condition of universal brotherhood be brought about. She stated that educators in all of the foreign countries were looking to the United States for their methods of instilling within the children that respect and love for their brothers. Miss Neilson expressed a belief that through the efforts of the Red Cross an international civic and historical account of the various happenings in the progress of the world could be devised which would bring out the brotherly spirit rather than stress the accomplishments of war and devastation.

A. L. Schaefer, director of the Central division of the Red Cross and the second speaker, gave a brief account of the results of the work of the Red Cross along its different lines of work. Mr. Schaefer discussed the rapidly with which the Red Cross is able to give its aid to sufferers such as the Japanese. He told of the work which is being done by the Red Cross nurses in the various countries along the lines of health and sanitation and as to the work of the classes in first aid conducted by these nurses. Through these classes in first aid the lay women are becoming trained so that they may serve as nurses in case of another disaster such as the flu epidemic of three and four years ago. Mr. Schaefer stressed the work of the Junior Red Cross in bringing about a better understanding between the various nations of the world. Mr. Schaefer says that much of this work is done through the cooperation of all of the schools of the various nations in the exchanging of ideas and methods and through the

MAKE CROP FORECAST

Washington, Sept. 10.—Crop production this year, forecast from conditions existing and announced today will be:
(Figures in millions of bushels, except when stated otherwise.)
Winter wheat 568; spring wheat 221; all wheat 789; corn 8,076; oats 3,812; barley 199; rye 648; buckwheat 18.5; rice 32.6; hay came in tons 81.9; hay wild in tons 16.1; sugar beets tons 60.5; apples 190.

Convicts Fire Prison Stables

Kinston, Ont., Sept. 10.—Four convicts set fire to the penitentiary stables today and during the confusion scaled the walls and escaped in a stolen automobile.

AMERICAN VICTIMS OF QUAKE

MRS. ANNIE WALKER BABBITT AND HER DAUGHTERS, JOCELYN AND DORIS.

CITY COMMISSION PROBABLY WILL AUTHORIZE ELECTION ON BONDS FOR WATER PLANT

Method to be Taken to Iron Out All Legal Technicalities Involved in Matter

BENEFIT IS SEEN

Believe That Because of Remarkably Quick Sale of First Bond Issue City Will Gain

At its meeting this evening the city commission plans to call another bond election to authorize the issuance of bonds in an amount sufficient to cover the purchase price of the Bismarck Water Supply company's plant. Owing to threatened lawsuits made by certain persons, against the special assessment plan of financing a major portion of the new water supply system, it was deemed advisable at a meeting held Saturday evening to proceed with another bond election to be held within the next thirty days.

T. R. Atkinson, city engineer, was instructed to ascertain the amount of bonds necessary to be authorized at this election and report to a meeting of the city commission this evening. C. L. Young, city attorney, informed the commissioners Saturday that the bond houses would take the bonds at 6 percent and a premium which will mean a great saving to the taxpayers in the way of interest over the special assessment plan first proposed and it will also simplify the levy and doubtless relieve some of the small property owners.

The small expense some \$300 which another bond election will cost will be greatly offset by the saving in interest over the special assessment plan of financing this important project.

When the first plan of finance was advanced, it was thought that there would be no objection and none was made until after the special assessment warrants were printed and ready for delivery.

Warrants Rejected
When Mayor Lenhart and Myron Atkinson, city auditor, went to St. Paul to sign up the necessary papers to insure delivery of the money, they were told that these warrants could not be negotiated until the assessment was spread. This assessment could not be spread until possession was had of the plant of the Bismarck Water Supply Company. The bond issue made available only \$215,000 to pay on the plant as 4 percent was withheld temporarily.

George P. Flannery, president of the Bismarck Water Supply company, declared that he could not accept any change in the original plans of \$235,000 payment before transfer of the plant, but he offered to sound out the bondholders upon suggestion of Mayor Lenhart that they take a certain amount down now, the balance secured by assessment warrants as collateral and give immediate possession.

This will take several days and if a compromise payment is accepted the plant may be turned over and the assessment spread, but in any event it will be necessary to call another bond election, as the bidders for the assessment warrants prefer that only so many of these be issued to cover the distribution system so as to avoid the lawsuits threatened by certain property owners of Bismarck who oppose the present plan of financing the project as not being legal.

The city has received \$215,000 in cash from the sale of the \$225,000 bond issue authorized at the special election recently. Out of this amount must be paid to contractors now at work, so that they will not cease operations and thus delay the completion of the additions which

Baby Miraculously Escapes Death

Garrison, Sept. 10.—Lillian Dispenko, one and a half year old daughter of Sidney Dispenko, of Dodgen, miraculously escaped death Wednesday, when a south bound Soo passenger train passed over her body. The youngster had wandered away from home and apparently gone to sleep on the track, and the engine, two baggage cars and a part of the passenger car had passed over the child before the train could be stopped. She was taken to a Bismarck hospital for medical attention.

GERMANS WILL CEASE PASSIVE RESISTANCE

Send Capitalist to Paris to See if France Will Make Concessions

BREAK SEEMS IMMINENT

Germany Waits to See What Actions Two Countries Take

(By the Associated Press.)
London, Sept. 10.—The population in the occupied areas of Germany has been ordered to discontinue their passive resistance to France and Belgian authorities, according to a Central News correspondent.
"I learned," the correspondent said, "that the German capitalists have decided to send a representative to Paris with the object of ascertaining to what extent France is prepared to make concessions to Germany."
"A break in the negotiations is believed in political circles here (in Berlin) to be imminent," it was said.

PONY EXPRESS BEATS RECORD

San Francisco, Sept. 10.—The revived pony express, in memory of the old express of the 60's ended its trip from St. Joseph, Mo., yesterday. The country was crossed over the old route in 158 hours and 8 minutes, a distance of 2,130 miles, beating the old record of 1880.

Governor Would Halt Klan Parade

(By the Associated Press.)
Oklahoma City, Sept. 10.—Governor Walton today ordered the sheriff of Stephens County to swear in extra deputies to prevent a parade of the Ku Klux Klan, which the governor has been informed would be held to march at Comanche, nine miles from Duncan. He declared he would use the national guard if the county authorities were unable to bar the demonstration.

EPIDEMIC OF FEVER BREAKS OUT IN TOKIO

Ambassador Urges Million of Red Cross Funds At Once

ESTIMATE LOSSES

Thirty Thousand Roasted Alive in Brick Ovens At Tokio

Washington, Sept. 10.—Reporting that an epidemic of fever had broken out in Tokio, Ambassador Woods in a cable to the state department today said it was imperative that one million dollars of American Red Cross funds be placed immediately at the disposal of the relief committee in Japan for the quick purchase of medical supplies and food from nearby markets.

ESTIMATE FATALITIES
Tokio, Sept. 10.—(By Radio Corporation of America to the Associated Press.)—Casualties in Tokio and Yokohama are estimated at 50,000 dead and 100,000 injured.
Rationing of necessities has been discontinued and food is plentiful and supplies continue to pour into Tokio, it was reported. Order prevails in the capital and in Yokohama.

TAKE REFUGE IN DEPOT
Ozaka, Sept. 10.—(By the Associated Press.)—Thirty thousand Japanese who had taken refuge in the 10 acre enclosure of the Honjo Military Clothing Depot in Tokio paraded in the depot that swept the arena last week, according to a man named Kawashima who states:
"I ran to a pool of water in which I spent the night."
"On all sides means of the dying could be heard and as the fires licked the brick walls the enclosure was transformed into an oven in which thousands were roasted. In the morning when the fire had burned out there remained 30 of us in the pool. The compound was covered with half burned corpses."

NO CHOLERA EPIDEMIC
Tokio, Sept. 10.—Reports of a second epidemic of cholera in the region devastated by the earthquake are unfounded, according to authorities.

RECOVER BODIES
Tokio, Sept. 10.—Sixty thousand bodies have been recovered in Tokio and Yokohama up to an including today, and the police estimated that 500,000 persons have been treated for wounds and sickness as a result of the earthquake.
A landing party from the U. S. Destroyer Hurler buried the dead from the American Naval Hospital at Yokohama.

PASSENGERS ELECTROCUTED
London, Sept. 10.—A dispatch to the Daily Express from Shanghai says:
Among the stories from passengers on board the steamer Empress of Australia which has arrived here from Yokohama is one obtained from two women residents of Shanghai who were spending their holidays at Busshi, 30 miles from Yokohama. They were rushing toward the city and saw Koreans rob people and then cut their throats.
(Continued on Page 3)

NEED FOR MORE SPONTANEOUS RESPONSE FOR DISASTER RELIEF

Wherever war with its red woes
Or flood or fire or famine goes,
There, too, go I.
If earth in any quarter quakes
Or pestilence its ravage makes,
Thither I fly.

This is the true spirit of the Red Cross. These lines express in verse the service performed by the Red Cross day in and day out. It is only when a great catastrophe falls upon the land like the Japanese earthquake and fire that its work receives the accentuation of newspaper publicity. It is quietly and effectively operating daily in every corner of the earth to alleviate sorrow, sickness and pain.

Preliminary responses to the Burleigh County Red Cross Chapter call for funds have been spontaneous but there is still more to be raised on the \$500 quota set for this county. The Central Division of which North Dakota is a portion is fast rising its quota of \$800,000.

Burleigh county will not be found wanting when the chapters of the state are checked up. Today Bismarck is host to many district officials of the Red Cross here to plan the October roll call when funds will be raised to carry on the Red Cross work in this state for the ensuing year.

Few chapters have the record in North Dakota that Burleigh has. It is first in service to the soldiers of the World War.

Let's put the Japanese drive over today.
A total of \$62 has been subscribed for the Burleigh county quota.

Officers of the Red Cross assert that they are surprised at the slowness of the response, for in the past Burleigh county and Bismarck have gone over with the first. They emphasize the need for quick action in raising these funds. Telegrams from National Red Cross Headquarters re-quired at the local office Sunday urge them to send their quota as quickly as possible.
Everybody who intends to give is asked to do so today.

COAL PRICES CONSIDERED BY GOV. PINCHOT

Successful in Efforts to End Strike Other Phases Press For Settlement

SIXTY CENT INCREASE

Limit Set For Raise in Cost Due to Increase in Miners' Wages

Harrisburg, Pa., Sept. 10.—By the Associated Press.—Gov. Pinchot, successful in his efforts to bring about a settlement of the anthracite controversy turned his attention to coal prices.
His four point plan for adjustment of differences between anthracite operators and union miners formed the basis of a proposed new two-year contract agreed upon Saturday night by members of the Operators' Fuel committee and officials of the miners' union.

He took up the price problem in a letter to President Coolidge in which he suggested federal and state action toward readjustment of freight rates on anthracite and announced his intention of calling upon governors of 11 anthracite consuming states to investigate the profits of dealers in coal, wholesalers, brokers, jobbers, and retailers.
In his letter Gov. Pinchot declared the total "legitimate" increase in the cost of coal under settlement terms would be about 60 cents a ton. Of this, he said, not less than 10 cents should be taken up by all the operators, many of whom he declared absorb the entire 60 cents and still make abundance of profit.
"In fairness," he wrote, "the remainder of the 60 cents should never reach the consumer." He added, "this amount and probably much more will be exacted unless public action is taken to prevent it. Reopening of the mines is dependent upon ratification by a tried district convention of Union miners in the anthracite region, Sept. 17."

Gov. Pinchot of Pennsylvania today sent letters to the governors of all anthracite-mining states suggesting investigation of methods of present grading of coal controversy to a view to personal conference later conferring joint actions.

Gov. Pinchot's letters were sent to the governors of 30 states including North Dakota.

NURSERYMEN ARE ORGANIZED

Geo. Will Named Vice-President of Horticultural Society

Valley City, Sept. 10.—Organization of the North Dakota Horticultural society was perfected at Valley City Saturday.
The following officers were named: President, E. C. Hillborn, Valley City; vice president, Geo. Will, Bismarck; secretary, A. F. Yeager, North Dakota A. C.; treasurer, C. A. Chisberg, Hankinson.
The society will meet next year at Hankinson.

Lemke Appeals Closed Bank Case

Notice of appeal from the decision of Judge Cooley in district court in which the court overruled a demurrer attacking the law giving the supreme court original jurisdiction over all closed banks in the case and power to place the cases in the Burleigh county district court has been served by William Lemke. An early hearing is expected.

BISMARCK TO SEEK RECORD IN CONFERENCE

North Dakota Education Association to be Made Greatest in State's History

COMMITTEE PLANS

Governor of Missouri, Other Prominent Speakers Have Been Secured

Bismarck is out to establish a record attendance for the Thirty-sixth annual convention of the North Dakota Education Association which will convene in the Capital City, November 22-23.
The various committees are at work preparing a most interesting program. While it is too early to announce any of the details, a most interesting and profitable session is assured.

One of the leading speakers will be Governor Hyde of Missouri who has taken a deep interest in educational matters. Under his administration the educational standards have been raised. He has enforced the school laws, paying special attention to school sanitation. Gov. Hyde is a fine public speaker and a most interesting message is assured.
Efforts are being made to secure a reduced fare to Bismarck from all points of the state that week without the use of the certificate plan.

The main sessions probably will be held in the Auditorium while there are plenty of other buildings nearby for the various section meetings and group conferences.

Bismarck hotel facilities are the best in the state and with the help of the homes, the 2,000 teachers expected here for those three days will be comfortably cared for.
If the weather permits there may be a tour about the city, over the new Memorial bridge and a visit to Mandan. The Association of Commerce has offered to assist in making this meeting of special interest to the teachers of the state.

Negotiations are in progress for speakers of national note in addition to Gov. Hyde, Judge Christianson and Governor Nestos are at work securing some good talent.
The local committee in charge of arrangements are: H. O. Saxvill, chairman; A. F. Bradley, secretary of the Association of Commerce; Judge A. M. Christianson, Miss Madge Rugeley, George D. Mann, M. E. McCurdy, Washburn, secretary of the N. D. E. A. and L. J. Sillan.
Publicity will be handled by Messrs. Mann, McCurdy and Sillan. Officers of the N. D. E. A. are as follows: W. A. Stebbins, Grand Forks, president; E. M. McCurdy, Washburn, secretary; H. O. Pippin, Dickinson, treasurer. Members of the executive committee include Mr. Saxvill, chairman; Nelson Sauvin, Devils Lake; Miss Minnie J. Neilson, M. Beatrice Johnston, Grand Forks; C. E. Allen, Valley City; A. M. Waller, Minot, and J. E. Knain, New Salem.

55 KILLED IN QUAKE AT CALCUTTA

London, Sept. 10.—Fifty-five persons are reported killed or injured in an earthquake which shook Calcutta, says Telegram exchange here today.

The reported casualties occurred in the Nyaung-U district where many houses collapsed.

Prominent Farmer Of Stark Co. Dies

New England, Sept. 10.—Adam Wandler, prominent farmer of the Sheffield community, died at his home ten miles north of New England last Wednesday afternoon following an illness of several years and for several months had been helpless. Death was due to interstitial paralysis. Recently he underwent an operation in the New England hospital in a vain hope that he might be given relief. A widow and seven children survive. He was 88.

LAUNCH BIG GERMAN SHIP SOON
Bremen, Sept. 10.—The North German Lloyd steamer Columbus, which is nearing completion at Danzig and is the largest and fastest ship Germany has constructed since the war, will make its first trip from Bremerhaven to New York October 11.

7 DESTROYERS GO ON ROCKS OFF PACIFIC

Two Vessels Sink in About Minute and Half Near Los Angeles

RESULT OF QUAKE?

Take Injured to Naval Base Hospital in San Diego

Santa Barbara, Cal., Sept. 10.—(By the A. P.)—Twenty-three sailors dead and 15 injured and 7 destroyers of the Battle Fleet held fast between rocks off Arguello Light in the Pacific ocean between San Francisco and Los Angeles. These were the outstanding consequences today of the navy's major marine disaster in Pacific waters. The injured were being nursed here.
A train load of survivors were headed for San Diego Naval base hospital while the 7 ships were fast approaching total wreck by the pounding of the surf.

The warships went ashore while cruising from San Francisco to San Diego in a dense fog. Mistaken positions in relations to the coast line is believed to have caused the crash. The destroyers were speeding through the fog, hugging to the shore in single file formation when they piled up on the rocks from 200 to 500 yards apart, about 800 yards off shore. The fatalities were divided among two destroyers.

Seven were from the Delphy and the others died on the destroyer Young which turned turtle and sank in one minute and 37 seconds. The other destroyers St. Lee, Nichols, Fuller, Chaney, and Woodbury went aground in a position which gave their officers and crew a better chance than was afforded the other ships.

The Pacific coast line between San Francisco and San Diego juts into the ocean between Honda and Point Arguello where the vessels were wrecked.
Two destroyers of the fleet which were not wrecked have left for San Diego with a part of the crews of the squandered while others have been sent by train to San Diego. A guard of ten picked men have been left at the scene. Until the high surf which is running high has subsided it will be impossible to do any salvage work.

RESULTS FROM QUAKE
Washington, Sept. 10.—A theory was expressed today by high naval officials that a tidal wave caused the disaster to Destroyer Division No. 11 off California Saturday night.

MERCHANT OF WASHBURN DIES

Theo. J. Haugeberg, Pioneer of State, Succumbs After Long Illness

Washburn, Sept. 10.—Theodore J. Haugeberg, 62, pioneer merchant and banker, died Sunday morning at 4 o'clock after an illness due to general disabilities of more than a year. The deceased who has resided in Washburn for the past 38 years during which time he has taken an active part in the upbuilding of the community was president of the First National Bank, treasurer of the school district for many years, and engaged as a merchant from 1887 until 1912 when he retired from his business.
The deceased was born in Decorah, Ia., Nov. 1861, and came to North Dakota in 1882 when he settled at Stanton. In 1887 he removed to Washburn where he has made his home since marrying Miss Emma Groat in 1888. He is survived by one daughter, Mrs. Hans Nelson of Washburn, two of his children having passed away previously.
Mr. Haugeberg owned a ranch located about 15 miles west of Washburn and had a number of other property interests in that vicinity.
Funeral services will be held Tuesday afternoon, Sept. 11, at 2 o'clock at the City Auditorium.

Crew and Money Of Steamer Safe

San Francisco, Sept. 10.—C. J. Holland, passenger and member of the crew Pacific Mail liner Cuba are safe and the \$250,000 in treasury and mail and baggage has been landed at Wilmington according to work received by the general officer, Capt. Holland and the third mate and four seamen are on the vessel which is said to be on the same place on the reef where she struck Saturday.

23 SAILORS DEAD IN NAVY WRECK

BISMARCK'S FIRST COMMUNITY SALES DAY UNDER NEW PLAN TO BE HELD ON MONDAY, SEPT. 17

Farmers of Burleigh County
and All People in Bismarck
Trade Territory Invited

SPECIAL BARGAINS

Fifty-Four Merchants Will
Offer 108 Different Kinds of
Articles in Plenty

Bismarck's first Community Sales
day under Neosho plan will be held
Monday, September 17.

On that day the merchants of Bismarck
will be hosts to people
throughout Burleigh county—hosts
because they invite the people of the
county to come to the city to take
advantage of a sale in which prices
are quoted so low on specially listed
goods that the only profit that can
be made is in good will.

The whole plan is under the aus-
pices of the Bismarck Advertising
club, affiliated with the Association
of Commerce. It will be a great suc-
cess in Bismarck, it is believed, be-
cause it has proved a success in hun-
dreds of cities since the plan was
originated in Neosho, Missouri.

There are 54 stores in Bismarck
co-operating in the sale. It is non-
competitive—each store offers spe-
cial bargains that do not conflict.
Everything possible has been done to
make it a real Community Sale.

Each store will offer two items that
are exceptional bargains, or 108 dif-
ferent kinds of goods that are
listed in the sale. It will continue
all day, during the regular hours the
stores are open. Under the plan Bismarck
will be one big department store.

It was stated by Secretary Bradley
of the Association of Commerce,
from which office the administrative
work is being handled, that each of
the 54 merchants will be given a plac-
ard which will be placed in their
windows stating that they are au-
thorized co-operators in the Commu-
nity Sale. People may depend
upon the bargains set out in stores
bearing this placard, he declared.

One of the features of the plans
for the coming week will be a tour
of the county, to be made by five
teams commencing Thursday. The
business men will visit farmers and
others throughout the county, per-
sonally explaining the plan and in-
viting them to come to the city.

Why a Sales Day.
"A good many people ask us this
question and we are going to try to
answer it," said a local member of
the committee. "These salesdays are
held primarily for the purpose of
getting the people of Burleigh coun-
ty better acquainted with the spe-
cial business places of Bismarck.

A good many of our residents do not
know what large, well assorted
stocks are carried by the stores in
Bismarck, how reasonable the prices
are, quality of the goods, and how
quickly and efficiently you can be
served here in our retail stores and
banks.

"We realize that to get people in-
to our city to trade, we must offer
them special inducements, and for
this reason all of the business men
of Bismarck have banded themselves
together into an organization known
as the 'Bismarck Advertising Club' and
it is the purpose of this
club to put on these salesdays from
time to time, offer you very special
bargains on well known brands of
merchandise, and in this way get you
to get the habit of trading with us.

We are sure if you once become ac-
quainted with us you will like us.
Bismarck is your natural trading
point for goods you cannot find in
your local store, and to make it short
and sweet, these salesdays are held—
"because we want your business"
and this applies to everyone as
well as the residents in the country."

Watch for the big circulars giving
the bargains. These will be real
bargains for it is the intention of
the merchants of Bismarck, at all
times, to make the farmers' dollar
buy what it ought to buy.

Stores Co-operating.
The 54 stores co-operating are an-
nounced as follows: Webb Brothers,
A. W. Lucas Co., Alex. Rosen and
Bro., Perry Furniture company, Fol-
son Jewelry company, Harris-Rob-
ertson, French and Welch, Bismarck
bank, Sorenson Hardware, Wellworth
Department store, Capital Security
bank, Nielson Millinery store,
Hughes Brothers Bakery, Breslow
Drug store, F. A. Knowles, J. B.
Smith, City National bank, Central
Meat Market, Dakota Fine Arts, Len-
hart Drug store, Corwin Motor Co.,
Brown and Jones, Logan's Grocery,
Bismarck Food Market, E. A. Brown,
Cowan Drug store, B-nann Brothers,
Bismarck Furniture company,
S. E. Bergeson and Son, Hoskins-
Meyer, Barker Bakery, Lehr Motor
Sales, Mary Buchholz, Capital Army
and Navy store, First National bank,
First Guaranty bank, Zytos Motor Co.,
Way-Bazman, Bismarck Motor Co.,
Harris-Woodman, Butler Studio,
Best and Huyck, Carpenter Lumber
company, Bismarck Implement Co.,
Klein Toggery, Olympia Candy store,
Pinney's Drug store, E. A. Dawson,
Hoffman's, Northern Produce, Annex
Cafe, Coplin Motor Co., Richmond
Bootery, D. B. Cook Grocery and
Richolt's Grocery.

NAMED DELEGATE
Dorr Carroll of Minot has been
appointed a delegate to the Inter-
national Farm Congress, to be held in
Kansas City in October, by Governor
Nestor.

Ireland Unanimously Elected To League

(By the Associated Press.)
Geneva, Sept. 10.—Ireland was
unanimously elected to membership
in the League of Nations by the As-
sembly today.

ROLL CALL CAMPAIGN IS OUTLINED

Red Cross Representatives
Emphasize the Necessity
of Support of Red Cross

MUCH WORK DONE

soring Brotherhood Among
Nations Discussed

Belief that the Red Cross is to be
the greatest single agency in the
bringing on of a universal peace and
a feeling of brotherhood among the
nations was the expression of all of
the speakers at the Red Cross Roll
Call arrangement luncheon and meet-
ing held at the Country Club at noon
today when 50 were present. Em-
phasis was placed upon the
methods and manner of distribution
of Red Cross funds throughout the
various counties and in supplying aid
in such cases as the recent Japanese
disaster.

The meeting, which was attended
by officers and members of the local
chapter of the Red Cross, members
of the various neighboring chapters
and by local educators, was for the
purpose of completing the arrange-
ments for the annual Red Cross Roll
Call which is to be held in North
Dakota between the 1st and the 15th
of October and throughout the rest
of the United States from Armistice
day until Thanksgiving. The reason
for the advancing of the dates in
North Dakota was given as adverse
climatic conditions which cause poor
road conditions.

Miss Minnie J. Neilson, State Su-
perintendent of Public Instruction,
was the first speaker and she ex-
pressed the belief that only through
the education of the children could
a condition of universal brotherhood
be brought about. She stated that
educators in all of the foreign coun-
tries were looking to the United
States for their methods of instilling
within the children that respect and
love for their brothers. Miss Neilson
expressed a belief that through the
efforts of the Red Cross an interna-
tional civic and historical account of
the various happenings in the pro-
gress of the world could be devised
which would bring out the brotherly
spirit rather than stress the accom-
plishments of war and devastation.

A. L. Schafer, director of the Cen-
tral division of the Red Cross and
the second speaker, gave a brief ac-
count of the work of the Red Cross
along its different lines of work. Mr. Schafer discussed
the rapidity with which the Red
Cross is able to give its aid to suf-
fers such as the Japanese. He told
of the work which is being done by
the Red Cross nurses in the various
countries along the lines of health
and sanitation and as to the results
of the classes in first aid conducted
by these nurses. Through these
classes in first aid the lay women
are becoming trained so that they
may serve as nurses in case of an
outrage disaster such as the flu epi-
demic of three and four years ago.
Mr. Schafer stressed the work of
the Junior Red Cross in bringing
about a better understanding be-
tween the various nations of the
world. Mr. Schafer says that much
of this work is done through the co-
operation of the schools of the var-
ious nations in the exchanging of
ideas and methods and through the
(Continued on Page 3.)

MAKE CROP FORECAST

Washington, Sept. 10.—Crop pro-
ductions this year as forecast from
conditions existing and announced
today will be:

(Figures in millions of bushels ex-
cept when stated otherwise.)
Winter wheat 568; spring wheat
221; all wheat 789; corn 3,076; oats
3,342; barley 1,981; rye 54.8; buck-
wheat 13.5; white potatoes 390; flax
feed 19.4; rice 32.6; hay came in
tons 81.9; hay wild in tons, 16.1;
sugar beets tons 60.8; apples 190.

Convicts Fire Prison Stables

Kington, Ont., Sept. 10.—Four
convicts set fire to the penitentiary
stables today and during the con-
fusing scolding the walls and escaped
in a stolen automobile.

AMERICAN VICTIMS OF QUAKE

MRS. ANNIE WALKER BABBITT AND HER DAUGHTERS,
JOCELYN AND DORIS.

CITY COMMISSION PROBABLY WILL AUTHORIZE ELECTION ON BONDS FOR WATER PLANT

Method to be Taken to Iron
Out All Legal Technicali-
ties Involved in Matter

BENEFIT IS SEEN

Believe That Because of Re-
markably Quick Sale of
First Bond Issue City Will
Gain

At its meeting this evening the city
commission plans to call another
bond election to authorize the is-
sue of bonds in an amount
sufficient to cover the pur-
chase price of the Bismarck Wa-
ter Supply company's plant. Owing
to threatened lawsuits made by
certain persons against the special
assessment plan of financing a major
portion of the new water supply sys-
tem, it was deemed advisable at a
meeting held Saturday evening to
proceed with another bond election
to be held within the next thirty days.

T. R. Atkinson, city engineer, was
instructed to ascertain the amount
of bonds necessary to be authorized
at this election and report to a
meeting of the city commission this
evening. C. L. Young, city attorney,
informed the commissioners Saturday
that the bond houses would take the
bonds at 90 percent and a premium
to sign up a great saving to the
taxpayers in the way of interest
over the special assessment plan first
proposed and it will also simplify
the levy and doubtless relieve some
of the small property owners.

The small expense some \$300 which
another bond election will cost will
be greatly offset by the saving in
interest over the special assessment
warrants were printed and
ready for delivery.

When the first plan of finance was
advanced, it was thought that there
would be no objection and none was
made until after the special assess-
ment warrants were printed and
ready for delivery.

Warrants Rejected
When Mayor Lenhart and Myron
Atkinson, city auditor, went to St.
Paul to sign up the necessary papers
to insure delivery of the money, they
were told that these warrants could
not be negotiated until the assess-
ment was spread. This assessment
could not be spread until possession
was had of the plant of the Bismarck
Water Supply Company. The bond
issue made available only \$215,000
to pay on the plant as 4 percent was
withheld temporarily.

George P. Flannery, president of
the Bismarck Water Supply company,
declared that he could not accept any
change in the original plans of \$265,
000 cash payment before transfer of
the plant, but he offered to sound out
the bond holders upon suggestion of
Mayor Lenhart that they take a cer-
tain amount down now, the balance
secured by assessment warrants as
collateral and give immediate posses-
sion.

This will take several days and if
a compromise payment is accepted
the plant may be turned over and the
assessment spread, but in any event
it will be necessary to call another
bond election, as the bidders for the
assessment warrants prefer that only
so many of these be issued to cover
the distribution system so as to avoid
the lawsuits threatened by certain
property owners of Bismarck who op-
pose the present plan of financing
the project as not being legal.

The city has received \$215,000 in
cash from the sale of the \$225,000
bond issue authorized at the special
election recently. Out of this amount
advances must be paid to contractors
now at work, so that they will not
cease operations and thus delay the
completion of the addition which

EPIDEMIC OF FEVER BREAKS OUT IN TOKIO

Ambassador Urges Million
of Red Cross Funds
At Once

ESTIMATE LOSSES

Thirty Thousand Roasted
Alive in Brick Ovens
At Tokio

Washington, Sept. 10.—Reporting
that an epidemic of fever had brok-
en out in Tokio, Ambassador Woods
in a cable to the state department to-
day said it was imperative that one
million dollars of American Red
Cross funds be placed immediately at
the disposal of its relief committee
in Japan for the quick purchase of
medical supplies and food from near-
by markets.

ESTIMATE FATALITIES

Tokio, Sept. 10.—(By Radio Cor-
poration of America to the Associat-
ed Press)—Casualties in Tokio and
Yokohama are estimated at 50,000
dead and 100,000 injured.

Rationing of necessities has been
discontinued and food is plentiful
and supplies continue to pour into
Tokio, it was reported. Order pre-
vails in the capital and in Yoko-
hama.

TAKE REFUGE IN DEPOT

Osaka, Sept. 10.—(By the Associ-
ated Press)—Thirty thousand Jap-
anese who had taken refuge in the
10 acre enclosure of the Honjo Mil-
itary Clothing depot in Tokio parish-
ed in flames that swept the
arena last week, according to a man
named Kawashima who states:
"I ran to a pool of water in which
I spent the night."

"On all sides moans of the dying
could be heard and as the fires licked
the brick walls the enclosure was
transformed into an oven in which
thousands were roasted. In the
morning when the fire had burned
out there remained 30 of us in the
pool. The compound was covered
with half burned corpses."

NO CHOLERA EPIDEMIC

Tokio, Sept. 10.—Reports of a sec-
ond epidemic of cholera in the region
devastated by the earthquake and un-
founded, according to authorities.

RECOVER BODIES

Tokio, Sept. 10.—Sixty thousand
bodies have been recovered in Tokio
and Yokohama up to an including to-
day, and the authorities estimated that
500,000 persons have been treated for
wounds and sickness as a result of
the earthquake.

A landing party from the U. S.
Destroyer Huron buried the dead
from the American Naval hospital at
Yokohama.

PASSENGERS ELECTROCUTED

London, Sept. 10.—A dispatch to the
Daily Express from Shanghai says:
Among the stories from passengers
on board the steamer Empress of
Australia which has arrived here
from Yokohama is one obtained from
two women residents of Shanghai
who were spending their holidays at
Buzshi, 20 miles from Yokohama.
They were rushing toward the out-
skirts to the city and saw Koreans
rob people and then cut their throats.

(Continued on Page 3)

NEED FOR MORE SPONTANEOUS RESPONSE FOR DISASTER RELIEF

Wherever war with its red woes
Or flood or fire or famine goes,
There, too, go I.
If earth in any quarter quakes
Or pestilence its ravage makes,
Thither I fly.

This is the true spirit of the Red Cross:
These lines express in verse the service performed by
the Red Cross day in and day out. It is only when a great
catastrophe falls upon the land like the Japanese earthquake
and fire that its work receives the accentuation of news-
paper publicity. It is quietly and effectively operating daily
in every corner of the earth to alleviate sorrow, sickness and
pain.

Preliminary responses to the Burleigh County Red Cross
Chapter call for funds have been spontaneous but there is
still more to be raised on the \$500 quota set for this county.

The Central Division of which North Dakota is a portion
is fast rising its quota of \$800,000.

Burleigh county will not be found wanting when the
chapters of the state are checked up.

Today Bismarck is host to many district officials of the
Red Cross here to plan the October roll call when funds will
be raised to carry on the Red Cross work in this state for the
ensuing year.

Few chapters have the record in North Dakota that Bur-
leigh has. It is first in service to the soldiers of the World
War.

Let's put the Japanese drive over today.
A total of \$62 has been subscribed for the Burleigh coun-
ty quota.

Officers of the Red Cross assert that they are surprised
at the slowness of the response, for in the past Burleigh
county and Bismarck have gone over with the first. They
emphasize the need for quick action in raising these funds.

Telegrams from National Red Cross Headquarters re-
ceived at the local office Sunday urge them to send their
quota as quickly as possible.

Everybody who intends to give is asked to do so today.

COAL PRICES CONSIDERED BY GOV. PINCHOT

Successful in Efforts to End
Strike Other Phases Press
For Settlement

SIXTY CENT INCREASE

Limit Set For Raise in Cost
Due to Increase in Miners' Wages

Harrisburg, Pa., Sept. 10.—By the
Associated Press.—Gov. Pinchot,
successful in his efforts to bring
about a settlement of the anthracite
controversy turned his attention to
coal prices.

His four point plan for adjustment
of differences between anthracite
operators and union miners formed
the basis of a proposed new two-year
contract agreed upon Saturday night
by members of the Operators Police
committee and officials of the min-
ers union.

He took up the price problem in
a letter to President Coolidge in
which he suggested federal and state
action toward readjustment of
freight rates on anthracite and an-
nounced his intention of calling up-
on governors of 11 anthracite con-
suming states to investigate the pro-
fits of dealers in coal, wholesalers,
brokers, jobbers, and retailers.

In his letter, Gov. Pinchot declared
the total "legitimate" increase in
the cost of coal under settlement
terms would be about 60 cents a ton.

Of this, he said, not less than 10
cents should be taken up by all the
operators, many of whom he declared
absorb the entire 60 cents and
still make abundance of profit.

"In fairness," he wrote, "the re-
mainder of the 60 cents should nev-
er reach the consumer," but he added
"this amount and probably much
more will be exacted unless public
action is taken to prevent it. Reop-
ening of the mines is dependent upon
ratification by a trier district
convention of Union miners in the
anthracite region, Sept. 17."

Gov. Pinchot of Pennsylvania to-
day sent letters to the governors of
all anthracite mining states sug-
gesting investigation of methods "to
prevent gouging" of coal consumers
to a view to personal conference later
confering joint actions.

Gov. Pinchot's letters were sent to
the governors of 30 states including
North Dakota.

NURSERYMEN ARE ORGANIZED

Geo. Will Named Vice-Pres-
ident of Horticultural
Society

Valley City, Sept. 10.—Organiza-
tion of the North Dakota Horticu-
lural society was perfected at Valley
City Saturday.

The following officers were named:
President, E. C. Hiltborn, Valley
City; vice president, Geo. Will, Bis-
marck; secretary, A. F. Yeager,
North Dakota A. C.; treasurer, C. A.
Chinberg, Hankinson.

The society will meet next year
at Hankinson.

Lemke Appeals Closed Bank Case

Notice of appeal from the decision
of Judge Cooley in district court in
which the court overruled a demur-
rer attacking the law giving the su-
preme court original jurisdiction
over all closed banks in the case and
power to place the cases in the Bur-
leigh county district court has been
served upon Attorney-General Sher-
er by William Lemke. An early
hearing is expected.

BISMARCK TO SEEK RECORD IN CONFERENCE

North Dakota Education As-
sociation to be Made Great-
est in State's History

COMMITTEE PLANS

Governor of Missouri, Other
Prominent Speakers Have
Been Secured

Bismarck is out to establish a re-
cord attendance for the Thirty-sixth
annual convention of the North Da-
kota Education Association which will
convene in the Capital City, Novem-
ber 21-22-23.

The various committees are at
work preparing a most interesting
program. While it is too early to an-
nounce any of the details, a most in-
teresting and profitable session is as-
sured.

One of the leading speakers will
be Governor Hyde of Missouri who
has taken a deep interest in educa-
tional matters. Under his adminis-
tration the educational standards
have been raised. He has enforced
the school laws, given special at-
tention to school sanitation. Gov.
Hyde is a fine public speaker and a
most interesting message is assured.

Efforts are being made to secure
a reduced fare to Bismarck from all
points of the state that week without
the use of the certificate plan.

The main sessions probably will be
held in the Auditorium while there
are plenty of other buildings nearby
for the various section meetings and
group conferences.

Bismarck hotel facilities are the
best in the state and with the help of
the homes, the 2,000 teachers expect-
ed here for those three days will be
comfortably cared for.

If the weather permits there may
be a tour about the city, over the
new Memorial bridge and a visit to
Mandan. The Association of Com-
merce is anxious to assist in making
this meeting of special interest to
the teachers of the state.

Negotiations are in progress for
speakers of national note in addi-
tion to Gov. Hyde, Judge Christianson
and Governor Nestor are at work se-
curing some good talent.

The local committee in charge of
arrangements are: H. O. Saxvill,
chairman; A. F. Bradley, secretary of
the Association of Commerce; Judge
A. M. Christianson, Miss Madge Ru-
sey, George D. Mann, M. E. McCurdy,
Washington, secretary of the N. D. E.
A. and L. J. Siljan.

Publicity will be handled by
Messrs. Mann, McCurdy and Siljan.

Officers of the N. D. E. A. are as
follows: W. A. Stebbins, Grand
Forks, president; E. M. McCurdy,
Washington, secretary; H. O. Pippin,
Dickinson, treasurer. Members of the
executive committee include: Mr.
Stebbins, chairman; Nelson Sauvin,
Devils Lake; Miss Minnie J. Nielson,
M. Beatrice Johnstone, Grand Forks;
C. E. Allen, Valley City; A. M. Wal-
ler, Minot, and J. E. Knain, New Sa-
lem.

55 KILLED IN QUAKE AT CALCUTTA

London, Sept. 10.—Fifty-five per-
sons are reported killed or injured
in an earthquake which shook Cal-
cutta, says Telegram Exchange here
today.

The reported casualties occurred
in the Nyenshang district where many
houses collapsed.

Prominent Farmer
Of Stark Co. Dies

New England, Sept. 10.—Adam
Wendler, prominent farmer of the
Schaffler community, died at his
home ten miles north of New England
last Wednesday afternoon following
an illness of several years and for
several months had been helpless.

Death was due to intestinal paralysis.
Recently he underwent an operation
in the New England hospital in a vain
hope that he might be given relief.
A widow and seven children survive.
He was 58.

LAUNCH BIG GERMAN SHIP SOON
Bremen, Sept. 10.—The North Ger-
man Lloyd steamer Columbus, which
is nearing completion at Danzig and
is the largest and fastest ship Ger-
many has constructed since the arm-
istice, will make its first trip from
Bremen to New York October 11.

7 DESTROYERS GO ON ROCKS OFF PACIFIC

Two Vessels Sink in About
Minute and Half Near
Los Angeles

RESULT OF QUAKE?

Take Injured to Naval Base
Hospital in San
Diego

Santa Barbara, Cal., Sept.
10.—(By the A. P.)—Twenty-
three sailors dead and 15 in-
jured and 7 destroyers of the Bat-
tle Fleet held fast between
rocks off Arguello Lights in the
Pacific ocean between San
Francisco and Los Angeles.

These were the outstanding
consequences today of the
navy's major marine disaster
in Pacific waters. The in-
jured were being nursed here.

A train load of survivors
were headed for San Diego
Naval base hospital while the
7 ships were fast approaching
total wreck by the pounding
of the surf.

The warships went ashore while
cruising from San Francisco to San
Diego in a dense fog. Mistaken
positions in relations to the coast line
is believed to have caused the crash.

The destroyers were speeding through
the fog, hugging to the shore in
single file formation when they piled
up on the rocks from 200 to 500 yards
apart, about 800 yards off shore. The
fatalities were divided among two
destroyers.

Seven were from the Delphy and
the others died on the destroyer
Young which turned turtle and sank
in one minute and 37 seconds.

The other destroyers St. Lee, Ni-
chols, Fuller, Chauncy, and Woodbury
went aground in a position which
gave their officers and crew a bet-
ter chance than was afforded the
other crews.

The Pacific coast line between San
Francisco and San Diego juts into
the ocean between Honda and Point
Arguello where the vessels were
wrecked.

Two destroyers of the flotilla
which were not wrecked have left
for San Diego with a part of the
crews of the squadrons while others
have been sent by train.

A guard of ten picked men have
been left at the scene. Until the high
surf which is running high has sub-
sided it will be impossible to do any
salvage work.

MERCHANT OF WASHBURN DIES

Theo. J. Haugeberg, Pioneer
of State, Succumbs After
Long Illness

Washington, Sept. 10.—Theodore J.
Haugeberg, 62, pioneer merchant and
banker, died Sunday morning at 4
o'clock after an illness due to gen-
eral disabilities of more than a year.

The deceased who has resided in
Washington for the past 36 years dur-
ing which time he has taken an ac-
tive part in the upbuilding of the
community was president of the First
National Bank, treasurer of the
school district for many years, and
engaged as a merchant from 1887 un-
til 1912 when he retired from his
business.

The deceased was born in De-
corah, Ia., Nov. 1861, and came to
North Dakota in 1882 when he settled
at Stanton. In 1887 he removed to
Washington where he has made his
home since marrying Miss Emma
Grout

ROMANCE LIES BEHIND CHAIN STORE GROWTH

Transact Almost 10 Per Cent
of Nation's Retail
Business

ECONOMY IN OPERATION

Feared at First That Their
Products Might be
Inferior

New York, Sept. 8.—One of the
greatest romances in American retail
business has been the growth of chain
grocery stores, 20,000 of which now
transact slightly less than 10 percent
of the nation's retail grocery business,
estimated at \$20,000,000,000 annually.
If the present ratio of growth is
maintained, this will be increased to
25 percent within the next five years.

Economy of operation by reason of
the fact that the business is transacted
on a cash basis with a heavy
turn-over and small profits, and the
rapid development of American
urban and community life, have been
the two main factors responsible for
this tremendous growth. Scientific
investigation has revealed that a community
of 1,000 persons will permit
the operation of a chain store grocery
at satisfactory profits, though one
store can serve several times that
number.

The first chain grocery stores in
the country were viewed with suspicion
on the theory that the lower
prices they charged meant inferior
products. This feeling, however, has
to a large extent disappeared, mainly
due to the fact that the chain stores
have offered nationally advertised
articles at prices below those charged
by independent grocers.

The pioneer of the chain store field
was the Great Atlantic & Pacific Tea
Company, which was established in
1858. This concern now has more than
8,000 stores doing an annual business
of approximately \$250,000,000. Unlike
a number of other chain store concerns,
the owners up and down the line of
this organization have remained in the
hands of one family.

The second largest chain grocery
firm is the Jones Bros. Tea Company,
which started with one store in
Scranton, Pa., in 1872, and now has
620 stores in 200 cities, doing an annual
business of approximately \$40,000,000.

The Jewel Tea Company has 527
branches from which 21,854 wagons
and motor truck routes operate in 43
country also are more than 300 Piggy
Wiggy stores, although they are
not all owned by the same corporation.

Perhaps the greatest chain store
concern in the country today is the
grocery field in the F. W. Woolworth
Co., which started with one store in
Lancaster, Pa., in 1878 and now operates
more than 1,200 stores doing an
annual gross business of over \$187,000,000. The United Cigar Stores have
approximately 2,400 stores.

Other large chain store concerns
are the J. C. Penney Co., operating
282 department stores doing an annual
business of more than \$50,000,000;
the S. S. Kresge Company with
212 stores and annual gross business
in excess of \$65,000,000; Schuit's
Fifth Street Stores, corporation, with 259
stores in 1922, doing an annual business
of nearly \$25,000,000; the United
Drug Company with more than
250 stores; the G. R. Kinney Company
operating 131 shoe stores; the
McCormick Stores Corporation with 155
stores; the S. A. Kress Co. with 150
stores and the Melville Shoe Corporation
with 62 stores.

AGRIC SOCIETY PERFECTED

Fargo, Sept. 8.—Organization of
the North Dakota Agricultural society
yesterday was perfected at Valley City
yesterday. It was announced today by
R. L. Webster, of the North Dakota
Agricultural college who returned
late yesterday.

The following officers named:
President, E. Hillborn, Valley City;
vice president, Geo. Will; secretary,
S. F. Yeager, N. D. Agricultural college;
treasurer, C. A. Chibberg, Hankinson.
It will meet at Hankinson
next year.

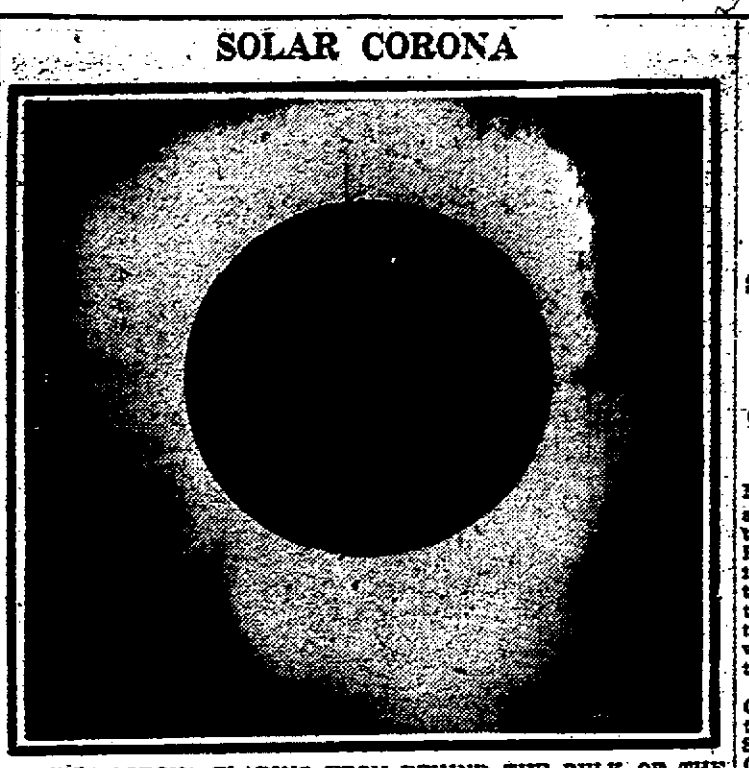

Will Confer On Smuggling

Washington, Sept. 8.—A formal
agreement between the U. S. and
Canadian authorities to confer at
Ottawa in the near future on the
liquor smuggling problem was announced
today in correspondence
made to the public by the state department.

Dresden Hoards Rich Relics

Dresden, Sept. 8.—Art dealers and
antiquarians here have few valuable
objects of art left in their shops.
Since the mark began its wild downward
slide, and the distrust in money
became acute, Germans have been
putting away their savings into
art and things which they believe to
have a standing value in a world market.
Old masterpieces of old furniture,
old silver, old tapestries and old
rugs have been eagerly snapped up
if they had beauty and bore evidence
of the past.

In many cases the dealers themselves
withdrew the articles from the
market if they were their own property.
Shops, now devoid of choice
pieces, keep up appearances by filling
up their show windows with Chinese
porcelain made an imitation of
old wares and modern Russian oddities
gathered from the mass of refugees
which has come to Germany.

SUN'S CORONA FLARING FROM BEHIND THE BULK OF THE
SHADOWING MOON AT THE MOMENT OF TOTAL SOLAR ECLIPSE.

MILES AT THE RATE OF OVER 100 MILES PER SECOND.

MAKE FARMS MORE INVITING

Work of County Agent Tends
to Place Country Life
on High Plane

Durham, N. H., Sept. 6.—Significant
changes tending to check the economic
trend which has been sapping
farm life have been brought about
by county agent work in the interest
of better farming, according to a report
of J. C. Kendall, director of cooperative
extension work in the University of
New Hampshire. Taking as a basis
conditions in Sullivan county, where
in August ten years ago county agent
work was first begun, Director Kendall
points to numerous developments which
he attributes, directly and indirectly,
to extension activities.

"In the first place, the spirit of
aloof individualism has very largely
gone," Mr. Kendall says. "People in
the old days used to go to meetings
to scoff at the agricultural specialist;
now they stay and ask questions.
They used to think it was a mistake
to share their ideas on farming with
each other; now they get together
and discuss ways in which they can
co-operate to advantage."

"But the advance has not been one
in spirit only," he adds, and points
to scores of new houses built according
to extension recommendations; to
standard feeding; the testing of two
score thousands of birds; and to
hundreds of Macintosh apple orchards
destined to the axe and saved only
by demonstrations that the scab
could be controlled.

The building up of co-op testing associations,
the tendency toward better
alfalfa, hundreds of alfalfa fields that
yield three crops instead of two,
farmers' exchanges which do an annual
business in the state of \$1,200,000
are all evidences of the movement,
Mr. Kendall asserts.

Substantial results in making farm
life more desirable for young people
and their elders alike are also observable.
He points to better balanced
meals, more economical and attractive
wardrobes, walls of more
prepossessing appearance and kitchens
with modern conveniences. Last
year 10,000 women worked together
to make each other dress forms of
gummed paper, co-operated in making
patterns and helped each other
make dressmakers.

In addition, Mr. Kendall points to
boys' and girls' clubs and asserts that
the significance of 2,000 youngsters
training in various farm and home
projects is not to be easily waved
aside.

Urges Irish Free State For League

Geneva, Sept. 8.—The Irish Free
State, was recommended for admission
to the League of Nations by
unanimous vote of the commission
of membership.

Japan Exports Fall Off Heavily

Tokio, Sept. 8.—Japan's foreign
trade showed a marked decrease for
the first six months of the present
year compared with the same period
last year, the imports still exceeding
the exports. The former totalled
1,107,134,000 yen and the latter 714,658,900 yen, or an adverse balance of
392,475,000 yen.

Compared with the previous year
the exports decreased by more than
20,000,000 yen while the imports
increased by upwards of 2,000,000 yen.
The exports to America, largely raw
silk, increased by more than 48,000,000
yen, but the imports from America
decreased by 118,534,403 yen.
The decrease in imports from America
was due to the lessened demand
here for American wheat, raw
cotton, lumber and iron.

LOCAL DOG IN FINE SHOWING IN BIG TRIALS

Son of Head of Mellen Kennels
Goes Into Second
Series in Canada

GOING TO MINNESOTA

A. W. Mellen, proprietor of the
Mellen dog kennels east of the city,
and E. E. Simmons, representative in
this territory for the Rensselaer
Powder company, will leave Tuesday
for Benson, Minn., for the dog field
trials in that city. Mr. Simmons will
take a dog which he purchased from
the Mellen kennels and Mr. Mellen
will take three of his best canines
there also.

They returned a few days ago from
Gainsborough, Saskatchewan, where
the Canadian field trials were held. Mr.
Simmons entered his Eugene Dick's
Ghost, son of the head of the Mellen
kennels, and the dog went into the
second series, which is considered a
very fine showing for a young dog.
Competing in this derby were 48
dogs, the pick of the United States
and Canada. Only 12 survived the
first series. In the first series Eugene
Dick's Ghost finished several
coves, but in the second series he
fortunately did not get into a birdy
course. Had he done so, and finished
a covey he would have placed. Mr.
Simmons is sure Eugene Dick's
Ghost is an English setter of the
most famous strain of this breed
and many experts at the Gainsborough
trials predicted a great future
for him. Mr. Simmons will send him
in the field trials in the south this
fall and winter. Many of the
dogs against whom he competes in
Saskatchewan are priced at from \$4,000
to \$5,000.

Mr. Mellen has three dogs which
he is taking to Benson of which great
things are expected. He was unfortunately
injured in that he was a professional
trainer he had thought to prepare
the dogs for the field trials but
became involved in a law suit in
Portland, Oregon, and was unable to
come here.

Ralph Kostaky of South Dakota,
brother of C. R. Kostaky of this city,
who also raises and trains particularly
pointers, and who stopped in Bismarck
on his way to Gainsborough, scored
a success with one of his entries,
Mr. Mellen said. The dog went
into the finale in the all-age series
and although the dog did not place
showed great form in the heat
company in the canine world.

Among the ten new homes planned
are the following:
E. D. Hughes, 704 Twelfth street;
J. L. Hughes, 519 Eleventh street;
Thompson and Heallow, four houses
on Seventh and Mandan, remodeled;
Peter Wilcox, corner of Sweet and
Third; Mrs. Mary McKee, 515 Fourteenth;
John A. Hoffman, 108 W. Thayer;
J. D. Hughes, 1012 Avenue B;
Mrs. Edna E. De Rockford, 302 Park
avenue; and Fred Morris, 313 Bell street.

WILLYS IN STATEMENT ON PRICE CHANGES

Entire Overland Line Reduced
in Price, Effective on First
of September

Effective September 1, President
John N. Willys of the Willys-Overland
Company, announces a price reduction
in the entire Overland line as follows:

Model	Was	Now
Touring	\$525	\$495
Roadster	525	495
Coupe	795	750

GARAGE
A Smooth Stop with Havoline
Smooth as Silk

If your Ford jars or jerks when
you start or stop you may think
you need new bands but in nine
cases out of ten they have simply
become hard and glazed
from the use of improper oil.

Havoline F will stop the chatter.
There is no oil that lubricates
a Ford motor better and it keeps
the gear bands soft and pliable.
You will always be proud of the way
your Ford performs if you use this remarkable oil.

Drain your crank case and fill it
with Havoline F and the chatter
will cease in less than a half mile.

QUANRUD, BRINK & REIBOLD

HAVOLINE

Stops the Chatter

The Overland
WINS!
ECONOMY TEST

At the Dickinson Fair last Wednesday afternoon an OVERLAND owned
by Charles David, a rural route mail carrier, took first prize in a gasoline
economy run staged by the Dickinson Fair Management. This is the
result of the contest:—

FIRST PLACE OVERLAND	35 miles to the gallon
Second " Ford	31 miles to the gallon
Third " Gray	28 miles to the gallon
Fourth " Hupmobile	28 miles to the gallon
Fifth " Star	27 miles to the gallon
Sixth " Chevrolet	26 miles to the gallon

OVERLAND HAD GONE 20,000 MILES.

Mr. David, owner of the winning OVERLAND and also it's driver, stated that he had driven his car 20,000 miles and that the valves had not been ground in the last 7,000 miles. The car was entered in the contest just as it came off the mail route. In other words the OVERLAND car offers YOU the same economical operation and the same satisfactory service that Mr. David's OVERLAND gives him AND THE NEW PRICE IS ONLY \$495.00 F. O. B. FACTORY.

Drive an Overland and Realize the Difference.

**Would Limit Age
Of Public Servants**
Tokio, Sept. 8.—The government
has drafted and submitted to the
chamber for sanction regulations concerning
the age limit for government
officials at large. The bill is to be
offered to the Privy Council for consideration.
The age limit proposed by the government
is 65 years, the same as that
for judges and prosecutors, with the
exception of 60 years for president
and procurator-general of the supreme
court. Exceptions would be
made for the state ministers, the
privy councillors and officials appointed
personally by the emperor, all of whom
are now excluded from the age limit.
Professors of imperial universities
would come under the proposed age
limit.

**DODGE BROTHERS
TOURING CAR**
In city traffic or on the open road,
this new touring car impresses you
instantly with its exceptional riding
comfort.
The seats are deeper and lower.
The body has been lengthened to
afford more leg-room. Its low-
swung design reduces side sway
and increases the car's stability at
all speeds.
The front springs are wider, and
built of more, and thinner leaves;
the rear springs—now underslung
—have been materially increased
in length.
In fact, the comfort of the car is
comparable in every way with its
good looks and the well known
character of its performance.

RUSS AUTHOR FINDS REFUGE IN CRIMEA

Finds Safety Only in Living the Life of Hermit

HOME WAS RAIDED

Tells of Famine Which Swept Over the Country Under New Regime

Simferopol, Crimea, Sept. 10.—In a little hut high up in the mountains some 50 miles from Simferopol, S. Sergeyeff Zensky, one of Russia's most widely known authors, is today living the life of a hermit.

To an Associated Press correspondent Zensky related recently the difficulties of being a hermit during a revolution, and spoke of his adventures during the numerous changes of regimes and the famine year in the Crimea.

"The famine here was very acute," he said. "The land had been devastated by civil war and numerous risings. It completed the ruin and carried away a large portion of the population which was already depleted by the upheaval and by terror."

"I lived here quite happily from 1913 until the beginning of 1918. Then the Germans raided my little farm, and later the Bolsheviks. I had to take refuge in town, where I lived in hiding for a couple of months until I was able to secure a passport from the authorities 'a guarantee of safety' paper. My live stock and cattle, which were confiscated during the period of my absence, were given back to me on my return, but they were unfit for work. Other changes of regimes, coupled with innumerable Tartar risings, have each had their interests, and now the result is quite evident."

Pointing to a pile of timber and short beams in a corner of the room, Zensky said: "That, together with this little hut and one cow, is all that remains of my farm; all I have to leave to my family."

"Please tell the American people," continued Zensky, "that the Crimean population greatly admires the disinterested and self-sacrificing work of the American Relief Administration, as well as the humanitarian feelings of the American people. We are indeed grateful."

S. Sergeyeff Zensky is one of the few Russian writers who stayed in Russia all through the years of revolution and civil war. He lives today the hard life of a poor man, and is cut off from the world of culture. He writes a great deal, and has just completed a romance entitled "Transfiguration," which deals with the development of Russia.

BUSINESS DEAD IN RUSSIA

Southern Part Presents No Opportunities for American Business Men

London, Sept. 10.—South Russia at present offers no golden opportunities for American business men, according to John H. Lang, of Seattle, who recently passed through this city on his way home after 18 months in Odessa and other Black Sea ports, where he was in charge of port operations for the American Relief Administration.

"There is practically no trade on the Black Sea," said Mr. Lang. "Even Greek and Armenian traders have given up in despair, and everyone who knows the Black Sea realizes that when these traders find unsurmountable obstacles to commerce, there must be something serious the matter."

"The new economic policy of the Soviet was heralded as a long expected loosening of government control, and when it was inaugurated more than a year ago the people had great hopes that a new era was dawning in communistic Russia. But such hopes were soon dashed."

"After shopkeepers had opened their stores with what little stocks they could get, they found that the government officials were waiting only for trade to be resumed to impose ruinous taxes. These taxes made business impossible for shopkeepers, for importers and exporters alike."

Harvest prospects in South Russia are excellent, according to Mr. Lang, who said that nobody in Russia should go hungry this winter.

Prehistoric Skull Is Sandstone

Buenos Aires, Sept. 10.—The opinion of Argentine scientists that the alleged tertiary human skull discovered by Dr. J. G. Wolfe in Patagonia some months ago is not a fossil, has been confirmed here by Professor Elmer S. Riggs, paleontological explorer for the Field Museum, Chicago.

"That," said Professor Riggs, turning over in his hands the oblong stone object curiously impressed with human-like features, and which for the past two months has served as a paper-weight on the desk of Professor Riggs, "is a piece of sandstone, a piece of sandstone, a piece of sandstone, and a piece of sandstone."

"That," said Professor Riggs, turning over in his hands the oblong stone object curiously impressed with human-like features, and which for the past two months has served as a paper-weight on the desk of Professor Riggs, "is a piece of sandstone, a piece of sandstone, a piece of sandstone, and a piece of sandstone."

Professor Riggs' examination ended two months' pursuit of the "skull" which began during his fossil hunting explorations in Patagonia when he received instructions from the Field Museum to investigate Wolfe's reported discovery, following the receipt of the museum of a letter.

Nation Wide Interest in Car Pool Plan Aroused by President Harding's Plea

WHILE railroad executives and public officials are discussing a plan for effecting railroad consolidation as a step in the direction of better service, the shipper is demanding cars. Consolidation may be effected in the future; cars are needed now.

Among various proposals for relieving railroad congestion and securing greater loaded car mileage from freight car equipment, the central car pooling plan has attracted most attention.

In discussing this plan in his Kansas City speech, President Harding said:

"The Pullman Company fairly illustrates what is meant. This great corporation provides most of the railroads with certain kinds of cars on a rental basis. Applying the same idea to the provisions of freight cars, you have a rough notion of the proposed car pool. It is urged by its advocates that it would unify the rolling stock organization; make possible the enlistment of adequate capital to provide for the weak and strong roads alike; place the entire organization under a single centralizing control which would secure equity to all roads and sections."

The car pooling proposal has been advanced by the Association of Owners of Railroad Securities, of which S. Davies Warfield of Baltimore is President. The association contends that all of the advantages that can be obtained by means of compulsory railroad consolidation can be secured through car pooling.

The present system of car management is admittedly wasteful. The rules require the return of a freight car to its owner empty when there is no available load going that way instead of immediately re-loading it, regardless of ownership, for another destination. As a result, freight cars travel forty-three miles empty to every fifty-seven miles loaded.

The central car pooling plan would largely eliminate this waste mileage and increase the efficiency of present freight equipment at least thirty per cent. This increase in efficiency would be reflected in lower operating costs as a result of the economies effected.

BOSTON MEN BACK MOVE IN SPELLING

Engineers Cooperate With Philologists in Fight to Simplify Language

WOULD SAVE TIME

Declares Present Way of Spelling Results in Great Economic Waste

Boston, Sept. 8.—A movement to have the spelling of the English language simplified and standardized by engineers cooperating with philologists has been started. A resolution favoring systematic standardization has been approved by the Boston Chapter, Society of Industrial Engineers and the recommendation is now on its way around the country to be submitted to other chapters of the association for indorsement.

Dr. Frank A. Gilbreth, a consulting engineer of Montclair, N. J., in urging the indorsement of the plan here asserted that the present mode of spelling is productive of enormous preventable economic waste. With an improved, efficient system of standardized spelling, 200,000,000 pupil-years would be saved every generation, he estimated. The saving in time to students, however, would be only one of the benefits, he said, declaring that the increased speed and fluency which would follow the elimination of uncertainty and hesitation would result in much time-saving in business.

Additional benefits would immediately follow, Dr. Gilbreth said. "Start with standardized spelling and the standardizing of other things will naturally follow in sequence." The relation of the engineer to the problem is obvious, he held.

"Standardization is naturally the work of the engineer and he should assist the philologists to reform spelling standards because he has new units, methods and devices for measuring that are particularly important in evaluating present and proposed spellings for standardization. Because spelling will be used by countless generations, the present absurd standards of spelling should be reformed once and for all by measurement. Spelling should be super-standardized. It behooves the engineering profession to lead the way, show the method and go to the limit to find the one best way to do work and to standardize the elements of things and methods that will permit the greatest savings of time and the acquiring of the greatest quantities of the desirable satisfactions of life," Dr. Gilbreth said.

Some engineers are already members of the Simplified Spelling Board, Dr. Gilbreth pointed out. He asserted that modern scientific methods, if applied to the question, would detect all forms of mental hesitation and waste motion in writing and in typewriter operation. This step, he believes, will be the real beginning of a standardization of everything else.

Paris Will Loan Money on Autoes

Paris, Sept. 10.—The Paris "Mont-de-Piété" or the national pawnshop, it would be known in the United States, is organized under government statutes containing the obligation of loaning money on any and all valuable articles, or articles of some monetary value presented thereto.

Some time ago a luxurious limousine drove up to the main entrance, and a dapper youth sauntered out of the machine.

"What will you give on this bus?" he asked one of the employees.

The clerk referred the matter to a superior officer, a consultation took place and finally the owner of the automobile was informed that no loan could be advanced on such collateral. The municipal pawnshop had no place to park it.

The young man lodged a formal complaint with the proper authorities.

The municipal pawnshop has now rented a large plot of ground and announced that they are ready to loan upon automobiles. They have accommodations for one thousand cars.

Fargo, Sept. 10.—Alex Stern, prominent Fargo business man, and Mrs. Stern have arrived home from a three months' trip to Europe enthusiastic over their tour but heartily glad to get back to Fargo and the home folks.

"We enjoyed the trip very much but I was finally crazy to get back to Fargo. Conditions in France and Germany are very unsettled, and I would not venture to prophesy the outcome. I do believe that a settlement between the two nations must be made or bankruptcy will result. People in both nations express themselves in favor of permanent peace and a final understanding between the two countries. The fall of the mark in Germany has resulted in very strained financial conditions as might be expected. Persons who were once well-to-do have lost most of their possessions, while many of the poor people are paying off their

Keyless Auto Lock Acts When Car Is Stopped

Besides automatically blocking the ignition when the car is stopped, a keyless automobile lock positively holds the steering gear. There are no keys to forget as the device is fitted to the steering post and operates with 10 buttons. It may be set with any number up to 10; and the combination may be changed as often as desired. When a button is touched to shut off the ignition, the car is automatically locked and cannot be operated again until the combination is worked.

Preventing Stream Erosion

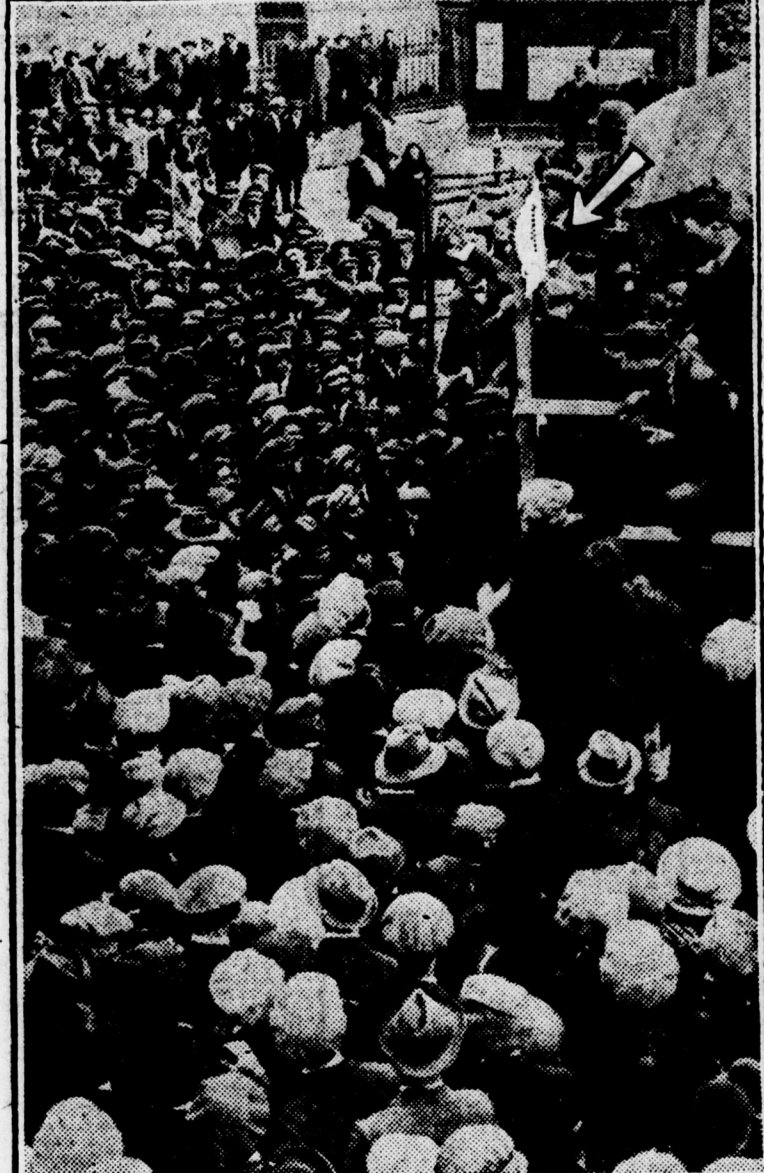

Along many streams it is necessary to hold the bank back in some efficient and cheap manner, to prevent erosion. The method is shown in the illustration.

A woven-wire fence is erected where the new water edge is to be made, the fence posts being driven into the bed of the stream. Brush and saplings are then deposited as indicated, the branches pointing away from the water and the butts inserted into the fencing.

Use Iron to Float Logs

In logging timber tracts in South America and the West Indies, the heavier wood, which is not sufficiently light to float, has always proved difficult to move. One firm recently solved this problem by means of "floaters" made of rust-resisting iron, by means of which the heavy timber was rafted down a river to the sea.

CAUGHT

An immense crowd listens to Eamonn De Valera (arrow) behind flag. Suddenly troops of the Free State rush into the crowd and arrest the Irish Republican leader. The crowd disperses as shots are fired. This, at Ennis, Ireland.

NONPARTISANS DO NOT AGREE AT CONFERENCE

Farmer-Labor Meeting Closes With Plans Still Incomplete

Minneapolis, Sept. 10.—After an entire day and evening of meetings and conferences the unofficial Farmer-Labor conference called to effect a compact working organization for party activities closed its session late Saturday with the hopes of its sponsors only half fulfilled.

The farmer labor reorganization movement included the following results:

Acceptance by the unofficial conference which included the labor group and other affiliated groups excepting the Nonpartisan League, of the principles of a new organization to be known as the "Farmer-Labor federation" composed of clubs with dues-paying membership, and state committee comprising delegates from each congressional district.

Refusal of the Nonpartisan League to participate in the conference or to be bound by any action taken by the conference.

As explained to the farmer-labor conference, the approval of "farmer-labor federation" movement is not final, because the plan must be ratified by the different elements which are allowed membership under its constitution.

Despite every effort of the labor group to get the Nonpartisan League interested, the latter organization adjourned its own conference without taking action upon the federation plan.

Devine Speaks To People By Radio

STATE GROWS IN POPULATION, FIGURES SHOW

School Enumeration For 1923
Realizes a Continued
Health Progress for N. D.

BURLEIGH INCREASES

Each Year for the Last Three
the Number of School Age
in Burleigh Increases

North Dakota's population is increasing steadily if the school enumeration is a correct index.

The enumeration for 1923, made public today at the office of State Superintendent Miss Minnie Nelson, shows an increase of 3,453 over 1922 in the number of persons between the ages of 6 and 20, inclusive, in the state, while the increase over the 1921 enumeration is 8,830. But one county, Traill, shows a decrease in the enumeration both in 1922 and 1923 as compared to the 1921 figures.

Dickey county presented the unusual situation of having exactly the same enumeration in 1922 as in 1921. The enumeration for the years 1921, 1922 and 1923 by counties is as follows:

County	1921	1922	1923
Adams	1759	1759	1784
Barnes	5987	6011	6077
Benson	4950	4930	4366
Billings	948	1068	1067
Bottineau	5031	5046	5025
Bowman	1486	1522	1441
Burleigh	5081	5146	5161
Burke	4411	4495	4547
Cass	12313	12756	12778
Cavalier	4988	4960	5141
Dickey	2894	3043	3043
Divide	2957	3129	3180
Dunn	2958	2946	3020
Eddy	2956	2950	2980
Emmons	4044	4114	4119
Foster	1866	1932	1921
Golden Valley	1856	1858	1442

URGE JAPS QUIT MIKADO

This Would Prevent Dual
Citizenship, Says Consul-General

Honolulu, Sept. 10.—American-born Japanese have been urged to expatriate themselves from Japan, to avoid the evils of dual citizenship, by Kouchi Yamazaki, Japanese consul-general here, in an address before the student teachers at the summer session of the territorial normal school.

He asked the teachers to explain to their American-born pupils of Japanese parentage the difficulties arising from dual citizenship and to advise them to expatriate themselves.

The misunderstanding regarding the citizenship of American-born Japanese arises from no fault of the United States or Japan, but lies in the fundamental differences in the laws of the countries, he said. The United States holds that British children are citizens of the country in which they are born, regardless of the citizenship of their parents, while Japan takes the attitude of several continental European countries that the citizenship of children born in foreign countries is that of their parents.

The consul-general explained that Japanese girls may obtain expatriation at any age, but that boys must expatriate themselves before reaching the age of 17 or after the age of 37. He said that the next diet would consider a bill to remove the age requirements, which are imposed because men between those ages are subject to military service.

BERLIN'S HOUSING TANGLE
Berlin, Sept. 10.—The housing shortage is responsible for many oddities in Berlin's family life, reports a housing commission official writing for a newspaper. One husband, after a scrap with his wife, divorced her and brought home a new mate. N. D. EDUCATOR DIES SUDDENLY

Neil Macdonald, Former State
Superintendent, Succumbs
on Way to Coast

Grand Forks, Sept. 10.—The body of N. C. Macdonald who died Saturday at Grand Forks, Mont., is expected to arrive this afternoon in charge of Mrs. Macdonald.

Arrangements for the funeral are not completed.

Fargo, Sept. 10.—Neil C. Macdonald, former state superintendent of public instruction in North Dakota, died at Glasgow, Mont., late Saturday afternoon, according to a telegram

Neil C. Macdonald

received by John Andrews, of Fargo from Mrs. Macdonald. Death was due to uremic coma and was totally unexpected. Mr. Macdonald was on his way to the coast, where he had accepted a professorship in a large college. Funeral services will be held either in Fargo or Hannah, N. D., on Tuesday or Wednesday.

He was born on a farm near Hannah, in Cavalier county, about 40 years ago. He was educated in this state, graduating from the Mayville Normal school and earning his B. A. degree at the University of North Dakota. He studied at Harvard also, gaining a Ph. D. degree in state education. Mr. Macdonald was state superintendent of public instruction in 1917-1918.

He is survived by his wife, Katherine C. Macdonald, and two brothers in Cavalier county.

EFFECTS OF ROYALTY SOLD

England Watches the Posses-
sions of Late Empress
Sold at Auction

London, Sept. 10.—Members of England's oldest and highest families stood with almost fearful eyes when the effects of the late Empress Eugenie of France were sold under the hammer at ridiculously small prices, but still beyond their improved purses. The goods sold were principally Her late Majesty's dressings, slippers, gowns, lace and furs.

Most of the stuff was bought by dealers, although some of the former empress's servants and followers were able to buy small articles.

The hundred and sixty lots brought about \$10,000, which would hardly have paid for one of the court gowns worn at the royal festivities in the days of splendor.

A lot of rare Alencon lace brought \$1,115 and a fur stole \$525. A beautiful rug into which was woven the royal cipher with the arms of Spain and France, given to the empress on her wedding day by the carpet makers of Seville, was bought by a Frenchman and will be presented to a French museum. It is supposed to have been on this rug that the Empress Napoleon III and Empress Eugenie knelt when they received the blessing after their marriage.

City Commission Probably Will Authorize Election

(Continued from Page One.)

will give Bismarck one of the best water plants in the state. Threatening letters written from this city raised the fear of costly litigation, but even in the face of this opposition the buyers of the special assessment warrants were ready to pay over the money as soon as the assessment had been spread and approved by the city commission. But they advised that it would be safer and cheaper for the city to increase the bond issue and reduce the special assessment amount, thus saving the people great sums in interest and expediting matters materially.

Reasons For Bond Election
This bond election which should carry with it some raising vote than the first one in the estimation of city officials and prominent citizens, will serve the following purposes:
First—Permit the construction work on the plant to continue uninterrupted.

Second—Prevent possible litigation and attendant expense and delay.

Third—Save interest for taxpayers and make the general tax load more equitable.

Fourth—Simplify the problem of assessment.

Several citizens attended the meeting and wholeheartedly supported the city commission. It has been proposed to rally a big vote of endorsement at the next bond election as protest against those who seek to delay the transfer of the plant over to the city and the perfection of the city's plan to improve and protect the water supply of Bismarck.

The proposal has been made that the Association of Commerce before the bond election is held hold a great

public forum at which the city officials can explain the situation and that each member of the Association be a committee of one to get out a record vote which will reflect the unanimous support behind the city commission in their efforts to provide an adequate and safe water supply for the city of Bismarck.

FORT YATES MAIL SERVICE SEPTEMBER 17

Efforts of Association of
Commerce to Improve Mail
Connections Are Successful

Direct mail service will be effective between Bismarck and Fort Yates, N. D., September 17 according to a letter received today by A. F. Bradley, secretary of the Association of Commerce. The following letter from Assistant Postmaster General Glover is self explanatory:

"With further reference to your communication of June 25th, regarding the establishment of Star Route between Cannon Ball and Fort Yates, North Dakota, I am pleased to inform you that I am in receipt today of the following word from the Fourth Assistant Postmaster General:

"Referring to the matter of establishing star route service between Fort Yates and Cannon Ball, North Dakota, which you brought to my personal attention, I am pleased to inform you that an order has been issued accepting the proposal of Mr. Jacob Jordan, of Fort Yates, for six times-a-week service between these offices, effective September 17, 1923."

"Am glad to have been of service to you in this matter."

The Weather

For Bismarck and vicinity: Fair tonight and Tuesday. Probably light frost.

For North Dakota: Fair tonight and Tuesday. Probably light frost and cooler tonight east portion.

General Weather Conditions
The pressure is high over the northeastern Rocky Mountain region and over the Great Lakes and fair, cool weather prevails from the Rockies eastward. Two stations in North Dakota reported temperatures of freezing or below during the past 48 hours. The pressure is lower and temperatures have risen slightly west of the Rockies.

Road Conditions

The roads throughout the State are mostly in good condition but the main trails are getting very rough in places.

EPIDEMIC OF FEVER BREAKS OUT IN TOKIO

(Continued from Page 1)

Japanese firemen rounded up many of these and killed them. A gruesome sight was witnessed in Yokohama.

The passengers in a street car were all electrocuted and were sitting in the car in a fearful attitude.

Duncan Boyne, traveling auditor for the Standard Oil company, said the earth dropped vertically 3 feet during the quake, and cracks large enough to hold a motor car opened in the street.

He said he and others fled to Yokohama park which was crowded, but which saved the lives of 40,000 persons.

FARGO MAN GIVEN FINE PROMOTION

Manager of Power Co., Made
Vice-President of North-
ern States Power Co.

Fargo, Sept. 10.—M. L. Hubbard, manager of the Union Light, Heat and Power company of Fargo, has been made assistant vice president of the Northern States Power company, in charge of the operation of utility plants supplying approximately 450 communities, according to announcement received in Fargo from Minneapolis.

Mr. Hubbard will be succeeded as manager of the Fargo public utilities by John F. McGuire of Minot, manager of the Northern States Power company of that city.

In announcing the change, the Northern States Power company is giving a splendid promotion to the Fargo plant manager. As vice president in charge of operation, Mr. Hubbard will be in charge of operating work for the company in the states of North and South Dakota, Minnesota, Iowa, Wisconsin and Illinois.

Mr. Hubbard has been manager of the Union Light, Heat & Power company since 1911, very shortly after it was acquired by the H. M. Byllesby & company, interests, which control the Northern States Power company. He was with the Fargo concern prior to this time, from 1908 to 1910, as superintendent of electric distribution. In 1910 he went to San Antonio, Texas, to the San Antonio Traction company and the San Antonio Gas and Electric company, returning to Fargo on July 1, 1911, as general manager of the Union Light, Heat & Power company, and serving in that capacity ever since.

The newly appointed manager in Fargo, Mr. McGuire, has been manager of the Minot property since 1913. He began his business career with the Commonwealth Edison company in Chicago. In 1919, when H. M. Byllesby & company, organized a new business department, Mr. McGuire went with them, and he worked successfully in Ottumwa, Iowa, Fairbanks and Menasha, Wis., and Sioux Falls, S. D., before going to Minot as manager there.

ROLL CALL CAMPAIGN IS OUTLINED

(Continued from Page One.)

exchange of correspondence relative to the customs, habits and industries of the various countries.

Vice Chairman Stewart of McLean County presented an outline of the work accomplished in his county by the Red Cross Nurses along health and sanitation lines.

Mr. Stewart was especially enthusiastic concerning the results of the classes conducted by the nurse.

Following the formal program the various representatives discussed the methods used in their counties to accomplish the desired work and following this a discussion of the results of the work of the Red Cross took place.

This meeting is one of a series of nearly twenty which are to be held in nearly all of the important towns of the state previous to the Roll Call campaign for the purpose of organizing the campaign.

Mr. Walter Westell, field director of the Red Cross in North Dakota, Miss Isabel Caruthers, supervisor of nurses for North Dakota and Mr. Schafer have been conducting these meetings in the various towns of the state.

Phillip Elliott, of Bismarck, chairman of this district of the Red Cross presided at the meeting which was attended by many of the vice-chairmen of this district as well as by C. F. Kelsch, chairman of the Mandan district.

Burglars Loot Max Tire Store; \$1,200 Property Loss

Max, Sept. 10.—Burglars who broke into the automobile tire store of B. R. Bollman Friday night made a get away with \$1,200 worth of loot, consisting chiefly of automobile tires.

Entrance into the store was obtained by the breaking of a window. The burglars made their get-away in a car with a South Dakota license tag. Upon investigation, however, it was found that the tag used had never been issued for the car to which it was attached.

Max authorities declare that they feel sure the trail made by the burglars is so wide that they will be apprehended.

"Merchandise of Merit Only"

Apparel For Fall

Complete New Displays are Ready Now

There is more dash than ever—more practicability, if possible than ever before, to the new apparel here for this fall. You will find selections of tremendous attractiveness, in short, quite the smartest array of new Fall things to be found anywhere.

The New Frocks

Further manifestation of the versatility of dame Fashion is exploited in new Fall dress models. The straight line silhouette is emphasized and diversely executed by tiers, panels and drapes. But you must see them at their best.

The Prices range from \$22.50 up.

Fall Coats

Coats and Wraps for 1923 are garments of luxury and beauty. Taken from the standpoint of embellishment, embroideries, braids and buttons follow fur as trimming. You are bound to be enthusiastic about these new garments and we suggest an early visit to the coat section.

Wraps priced at from \$27.50 up.

Coats priced at from \$15.00 up.

Fall Hats

The gayest notes of the season seem to have answered the call, for, included in Fall Millinery displays here are representations as gay as they are becoming; as smart as they are gay. Of sued fabrics, felt and velours, in soft crown, poke and helmet effects, all the new shades of the season are presented.

The Prices are very moderate.

CLOTHIERS TO SHOW HOW THEY MAKE SUITS

Will Give Demonstration at
the Annual Exposition of
Retail Clothiers

Chicago, Sept. 10.—From the wool on a sheep's back to a suit of clothes on a man's back, including all the various evolutions necessary to such an operation, is to be demonstrated at the annual exposition of the National Association of Retail Clothiers, which will be held in Chicago the last week in September.

It will be an official demonstration, as the bureau of standards of the United States has loaned its complete woolen mill for the occasion and also will send three government experts to cooperate in the conversion.

The object is to give the man who

buys clothing a clear idea of the work necessary to turn out the finished article, and also concrete knowledge of the actual cost entailed in such transformation.

Unshorn sheep will be driven into the Municipal Pier, where the operation is to be held, through one entrance and the man will walk out another entrance wearing a suit of clothes made from the material obtained from wool sheared from these animals.

An expert accountant will follow every move of the operation and make an official record of the actual cost of each individual part of the work and when this suit finished the public will be given the official figures. The retailers also will have a booth of efficiency experts who will show how much of an expense is incurred by the retailer in selling clothes.

STATE GROWS IN POPULATION, FIGURES SHOW

School Enumeration For 1923
Realizes a Continued
Health Progress for N. D.

BURLEIGH INCREASES
Each Year for the Last Three
the Number of School Age
in Burleigh Increases

North Dakota's population is increasing steadily if the school enumeration is a correct index.

The enumeration for 1923, made public today at the office of State Superintendent Miss Minnie Nielson, shows an increase of 3,458 over 1922 in the number of persons between the ages of 6 and 20, inclusive, in the state, while the increase over the 1921 enumeration is 6,830. But one county, Traill, shows a decrease in the enumeration both in 1922 and 1923 as compared to the 1921 figures.

Dickey county presented the unusual situation of having exactly the same enumeration in 1923 as in 1922.

The enumeration for the years 1921, 1922 and 1923 by counties is as follows:

County	1921	1922	1923
Adams	1750	1759	1794
Barnes	5987	6011	6077
Benson	4950	4920	4366

ern States Power Co.

Fargo, Sept. 10.—M. L. Hibbard, manager of the Union Light, Heat and Power company of Fargo, has been made assistant vice president of the Northern States Power company, in charge of the operation of utility plants supplying approximately 450 communities, according to announcement received in Fargo from Minneapolis.

Mr. Hibbard will be succeeded as manager of the Fargo public utilities by John F. McGuire of Minot, manager of the Northern States Power company of that city.

In announcing the change, the Northern States Power company is giving a splendid promotion to the Fargo plant manager. As vice president in charge of operation, Mr. Hibbard will be in charge of operating work for the company in the states of North and South Dakota, Minnesota, Iowa, Wisconsin and Illinois.

Mr. Hibbard has been manager of the Union Light, Heat & Power company since 1911, very shortly after it was acquired by the H. M. Bylesby & company, interests, which control the Northern States Power company. He was with the Fargo concern prior to that time, from 1908 to 1910, as superintendent of electric distribution. In 1910 he went to San Antonio, Texas, with the San Antonio Traction company and the San Antonio Gas and Electric company, returning to Fargo on July 1, 1911, as general manager of the Union Light, Heat & Power company, and serving in that capacity ever since.

The newly appointed manager in Fargo, Mr. McGuire, has been manager of the Minot property since 1913. He began his business career with the Commonwealth Edison company in Chicago. In 1919, when H. M. Bylesby & company, organized a new business department, Mr. McGuire joined them, and he worked successively in Ottumwa, Iowa, Fairbault and Mankato, Minn., and Sioux Falls, S. D., before going to Minot as manager there.

ROLL CALL CAMPAIGN IS OUTLINED

(Continued from Page One.)
exchange of correspondence relative to the customs, habits and industries of the various countries.

Vice Chairman Stewart of McLean county presented an outline of the work accomplished in his county by the Red Cross Nurses along health and sanitation lines. Mr. Stewart was especially enthusiastic concerning the results of the classes conducted by the nurse.

Following the formal program the various representatives discussed the methods used in their counties to accomplish the desired work and following this a discussion of the results of the work of the Red Cross took place.

This meeting is one of a series of nearly twenty which are to be held in nearly all of the important towns of the state previous to the Roll Call campaign for the purpose of organizing the campaign. Mr. Walter West, field director of the Red Cross in North Dakota, Miss Isabel Caruthers, supervisor of nurses for North Dakota and Mr. Schaffer have been conducting these meetings in the various towns in the state.

Philip Elliott, of Bismarck, chairman of this district of the Red Cross presided at the meeting which was attended by many of the vice-chairmen of this district as well as by C. F. Kelsch, chairman of the Mandan district.

Burglars Loot Max Tire Store; \$1,200 Property Loss

Max, Sept. 10.—Burglars who broke into the automobile tire store of B. R. Bollman Friday night made a get away with \$1,200 worth of loot, consisting chiefly of automobile tires. Entrance into the store was obtained by the breaking of a window. The burglars made their get-away in a car with a South Dakota license tag. Upon investigation, however, it was found that the tag used had never been issued for the car to which it was attached.

Max authorities declare that they feel sure the trail made by the burglars is so wide that they will be apprehended.

Apparel For Fall

Complete New Displays are Ready Now

There is more dash than ever—more practicability, if possible than ever before, to the new apparel here for this fall. You will find selections of tremendous attractiveness, in short, quite the smartest array of new Fall things to be found anywhere.

The New Frocks

Further manifestation of the versatility of dame Fashion is exploited in new Fall dress models. The straight line silhouette is emphasized and diversely executed by tiers, panels and drapes. But you must see them at their best.

The Prices range from \$22.50 up.

Fall Coats

Coats and Wraps for 1923 are garments of luxury and beauty. Taken from the standpoint of embellishment, embroideries, braids and buttons follow fur as trimming. You are bound to be enthusiastic about these new garments and we suggest an early visit to the coat section.

Wraps priced at from \$27.50 up.

Coats priced at from \$15.00 up.

Fall Hats

The gayest notes of the season seem to have answered the call, for, included in Fall Millinery displays here are representations as gay as they are becoming; as smart as they are gay. Of sueded fabrics, felt and velours, in soft crown, poke and helmet effects, all the new shades of the season are presented.

The Prices are very moderate.

CLOTHIERS TO SHOW HOW THEY MAKE SUITS

Will Give Demonstration at
the Annual Exposition of
Retail Clothiers

Chicago, Sept. 10.—From the wool on a sheep's back to a suit of clothes on a man's back, including all the various evolutions necessary to such an operation, is to be demonstrated at the annual exposition of the National Association of Retail Clothiers, which will be held in Chicago the last week in September.

It will be an official demonstration, as the bureau of standards of the economic department of the United States has loaned its complete woolen mill for the occasion and also will send three government experts to cooperate in the conversion.

The object is to give the man who

buys clothing a clear idea of the work necessary to turn out the finished article, and also concrete knowledge of the actual cost entailed in such transformation.

Unshort sheep will be driven into the Municipal Pier, where the exposition is to be held, through one entrance and the man will walk out another entrance wearing a suit of clothes made from the material obtained from wool sheared from these animals.

An expert accountant will follow every move of the operation and make an official record of the actual cost of each individual part of the work and when this suit finished the public will be given the official figures. The retailers also will have a booth of efficiency experts who will show how much of an expense is incurred by the retailer in selling clothes.

THE STATE'S OLDEST NEWSPAPER
(Established 1873)

ANOTHER BOND ELECTION
Every voter should be keenly alive to the necessity of supporting the city commission in the next bond election to complete the finance program of the water supply system—the most important civic improvement ever undertaken and without question the most necessary and pressing one.

Through obstructive tactics over which the city officials had no control and upon the advice of bond experts, it seems to be the better part of wisdom to curtail the issuance of special assessment warrants and make up the difference by an additional bond issue.

This election should meet with the approval of the people for two major reasons:

First:—There will be a material saving in interest as the bonds will sell at a better rate than the special assessment warrants.

Second:—By using a portion of the money raised at the last bond election to finance contractors until the special assessment can be spread and the warrants to cover the distribution system only can be negotiated, there will be no delay in rushing through the improvements already started.

The plan used but now modified to finance the city project is legal in the opinion of financial men, but to avoid delay they suggest increasing the bond issues.

It is unfortunate that the obstructionists sought to delay the transfer of the money through threatened law suits, but their opposition should serve merely to solidify the citizens all the more and uphold the city commission in putting this thing through.

Bismarck is going ahead with the project in any event, as nothing must militate against clearing up the present deplorable situation.

The proposal being made that the Association of Commerce hold a special forum on this matter so that every business man can be informed first hand is an excellent suggestion.

No greater project can come before the Association of Commerce than to see that this new bond issue goes through. If it does the plan will be under city control within the next thirty or forty days.

On the other hand if George Flannery accepts a part payment down and gives possession of the water plant sooner, the situation will be clarified, but in any event a bond election is deemed advisable to set at rest threatened litigation.

Every citizen who wants to clean up the water situation should be a committee of one to urge a vote of "yes" when the election is called next month.

Bismarck must not fall down on this final step.

A COMMUNITY SALE

Bismarck merchants will hold a Community Sale on Monday, September 17. It might be called a good will sale. It is not for the purpose of reducing stocks or quickly disposing of articles at a good profit. Fifty-four merchants of the city have decided to cooperate in a sale which will make the city one big department store. They are inviting Burleigh county people and other people in Bismarck trade territory to come in and inspect their stores. And as they are asking those particularly who may not have come to Bismarck before to do so on Monday, September 17, they are offering special inducements in the shape of bargains on 108 different classes of articles.

The people who come to the city for the Community Sales day will profit by the reduced prices on the articles specially offered for sale. They will have the opportunity of inspecting Bismarck's fine stores and of learning that there is great advantage in trading in them. A good will endeavor naturally implies that both parties should be satisfied. That is the hope and it ought to be realized.

WEATHER PREDICTIONS

Up north in Canada, where a lot of our weather is manufactured, the Indians last spring noticed that nature was three weeks behind the job. They say that the same tendency is continuing all through this summer. For instance, the mosquito season lasted three weeks longer than usual. So, the Indians predict, fall and winter will be three weeks late in arriving, on the North American continent. Something unquestionably has gone wrong with the world's weather this year, and a lot of freakish weather can be expected before nature restores the balance. For one thing, a hot summer usually is followed by a cold winter.

NO HARD TIMES HERE

Henry Ford's assets for the year ending June 30 are cited at \$597,339,236 and his cash holdings are placed at \$230,811,918. His profits were more than \$79,192,000 and the profit per vehicle was \$43.32. This profit dropped during the year from \$90 a car to \$43, resulting in \$10,000,000 less profits for the fiscal year.

However one may disagree with the political and economic vagaries of the Detroit manufacturer, his skill for organization and maximum production excites admiration. The production in a year of 1,833,812 cars speaks volumes for modern industrial organization.

DANGERS AHEAD

An airplane crashed into electrical transmission wires at Chattanooga and put the power plants temporarily out of commission.

The greatest dangers in civilization soon will be over to the air. Regulation of flying should be provided in the least detail before aviation becomes popularized. As we'll probably wait until the horse is stolen, before we tame him.

WAY TO TAME RADICALS

Mussolini is to be made a duke? He'll get the title, according to court rumor in Italy. He'll probably be wise enough to refuse. Inducing him to accept a dukedom is a cunning way of "extracting his teeth." It is a way of taming a radical into a domestic animal.

EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

BARBERRY AND BOOZE

There are a bunch of plant pest detectives in the county hunting out the barberry bushes. The state and nation are mighty anxious about this pest because it directly affects our pocketbooks. Both agencies are also spending millions to eradicate the greater pest and more destructive element, the boot-legger and moon-shiner. In the first instance it is a serious matter seriously going about because property is at stake. In the second it is a half-hearted affair because souls and manhood only are jeopardized. The preservation of property always comes first. The other object is more or less of a side line, and more or less merely a job holding proposition or a sop to supposed faddists. If the booze makers and vendors were sought as relentlessly as the barberry bush, they would soon disappear. Both pests nurse a curse to mankind—Beach Advance.

PEOPLE'S FORUM

MRS. BEATTY DIES

Editor of Tribune:
Dear Sir:
Mrs. George Beatty, of Sterling, passed away suddenly Saturday night, July 21st. She had been a sufferer from heart attacks for a number of years, but the suddenness of her going was a shock to all who knew and loved her. She had been visiting friends in McKenzie and Sterling during the day and seemed to be in good health without a shadow in her life, returning home and her husband attended to the usual farm and home duties and prepared to retire. Mrs. Beatty had gone into her room and was lying down when she suddenly called to her husband, "George, get me into the fresh air, quick." He helped her to the window and she said, "Out doors," those were her last words. He took her out on the porch and she passed away in his arms. From her first calling to the end was barely 15 minutes. Her husband tried to get the neighbors by phone but at that late hour it was some time before he was heard, at last he was heard and then the neighbors gathered to do what was possible under the circumstances.

Obituary

Mrs. George Beatty was born at Jeddore Harbor, Nova Scotia, January 24th, 1879, and when five years old her parents moved to Central City, Iowa, where she lived till she was 16, at this time they moved to Ryan, Iowa, where she met and married Mr. George Beatty, who was then 19. They made their home in and around Ryan for three years, then moved to Frankfort, S. D., again moving three years later to Sterling, N. D., where they have resided since.

Her friends were counted by the number of folks living in the community and many are the loving remembrances, both in word and deed, by which her memory shall ever remain dear to the hearts of Sterling folks, and all who knew her. She was an earnest, sincere and joyous Christian whose life was so rich in love for her God that it was revealed in her love for her neighbor. Few there were who ever came into her home, or whose life she touched, if but for a moment, who were in some way enriched by the contact with her. She lived "By the Faith of the Son of God," a life that cast such radiant beams of joyful love for God and man that the community will sorely miss the tenderness of her character. When about 30 years of age she was soundly converted to God, joined the Methodist Episcopal Church in Ryan, Iowa, and faithfully kept her vows, and labored for and loved her God.

She preceded into the realms of Eternity by a baby boy, one month old, who died a number of years ago, also a son, Robert Ray Beatty who died October 21st, 1918, at the age of 20.

She is survived by her husband, George Beatty; daughter Belva, 13 years old; her aged mother, Mrs. Mary J. Gilchrist; her only sister, Mrs. Mary Loomis, all of Sterling, and five brothers, William E. Gilchrist, Gettysburg, S. D.; John Henry Gilchrist, Cloquet, Minn.; Archie A. Gilchrist, Central City, Iowa; Daniel Gilchrist, Sterling; Arthur A. Gilchrist, Paige, N. D.

Services were held in the Community M. E. Church of Sterling, and she was laid to rest beside her boy Ray, in the Sterling cemetery.

"Precious in the eyes of the Lord is the death of His saints."

—Psalm 116: 15.

GEO. BEATTY.

A Thought

Lo, children are an heritage of the Lord; happy is the man that hath his quiver full of them.—Ps. 127: 3, 5.

What gift has Providence bestowed on man that is so dear to him as his children!—Cicero.

LETTER FROM MRS. MARY ALDEN PRESCOTT TO MRS. JOHN ALDEN PRESCOTT

MY DEAR LESLIE:

I wish you would find out for me why it is that John does not answer my letters or the letters of dear Priscilla Bradford, who has written to him for me when I have been too ill to write for myself.

John never neglected me this way before he was married and I certainly do not think he should do it now. I often wonder if either he or you appreciates the fact that I took care of him and ministered to his wants long before he knew there was a girl named Leslie Hamilton in this world.

I wrote him some months ago that I was having my house painted and explained to him the reason I did so was because the one painter in the town was not busy. I also told him it was not convenient for me to pay for it, expecting, of course, he would send a check by return mail. Although both I and Priscilla Bradford have repeatedly asked him for the money, he has paid no attention to us. I cannot understand it. John was not like this until he married you. Now this last terrible thing that he has done is simply breaking his mother's heart.

He has told you, of course, how I objected to his giving to that nameless brat the honorable baptismal name of John Alden. When I read of it from a clipping I found in the paper, for John knew better than to write me about it, I was so ill that I was not able to leave my bed for a week. To think that my son, the eighth lineal descendant from John Alden, has not more pride in his ancestry is unbelievable.

Some one has told me that you are feeling better (I have not heard of

your health through either of you for a long time), and I am sure, now that you have had time to think it over with normal and sane brain, you will send the baby to the orphan asylum where it belongs. I cannot understand of what the modern young woman is thinking. What will you do when you have children of your own? Will you give them any less love than you did to this child who has been literally thrust upon you?

I think the whole thing is exceedingly mysterious, and if I didn't have thorough faith in John's ability to select a good girl and that his own common sense combined with his Puritan heritage must keep him from any wrong doing, I should be afraid there was scandal hanging over your head.

However foolish both of you are, I am certain that scandal could not touch me nor mine. I wish you would tell John that I need the money to pay the painter and will you please write to me when you have disposed of the baby in the proper manner.

Sincerely,
MARY ALDEN PRESCOTT.

BEEF CATTLE IMPORTED.

Pembina, N. D., Sept. 10.—Many cattle are now being imported into the United States from Canada, according to records at the duty entry ports of Pembina and Noyes. A few days ago, 70 carloads of cattle entered these two ports, the duty collected totalling about \$25,000. A few days later 20 carloads of cattle passed through Pembina from Canada to points in the United States. Revenue men state that much of this stock is feeders, but there is a large number being shipped in, that will be placed on the block.

Watford Banker To Serve Sentence In Penitentiary

Minot, Sept. 10.—O. L. Cassidy, Watford City banker, who last spring pleaded guilty to an embezzlement charge, was sentenced here by Judge Pugh of Dickinson, to serve one year in the state penitentiary at Bismarck. Cassidy was arrested last spring on a charge of embezzling \$50 on a collection deal which was transacted through the bank. He entered a plea of guilty to the charge but filed affidavits of prejudice against Judges Lowe and Mogling of this district. He came to Minot and appeared before Judge Pugh of Dickinson, who is here on other business, and received sentence. He has been taken to Bismarck. Following his plea of guilty last spring, McKenzie county citizens petitioned for his parole but the petition was overruled by the state's attorney of McKenzie county.

New England Votes To Increase Tax

New England, Sept. 10.—By a vote of 88 to 8 New England residents in a special election last Monday approved the proposal of the board of education to exceed the tax levy allowed by law in order that the school tax may be raised from \$17,100 to \$25,650. The same evening the board sold certificates of \$26,000 to the First National bank of Dickinson at the lowest bidder. The certificates sold at par and will bear interest at the rate of seven per cent.

Raising of the levy will permit the district to maintain a first class high school during the coming year which otherwise would not have been possible.

Big Crowds Attend Stark County Fair

Dickinson, Sept. 10.—More than 12,000 people from all parts of Stark county and the west Slope passed through the gates during the three days of the Second Annual Stark county fair at the grounds east of the city last week, according to estimates made by the fair officials. It is estimated that the attendance for Tuesday exceeded 3,000. Wednesday was the big day of the fair when more than 5,000 people passed through the gates. The rain on that day cut the evening attendance considerably. Thursday about 4,000 were present.

Wisconsin Farmers Consider N. D. Grain

Grand Forks, S. D., Sept. 10.—North Dakota wheat as a feed for dairy cattle is being seriously considered by dairymen of Barron county Wisconsin, according to information contained in a letter to Geo. Duis, president of the North Dakota Wheat Growers association, from Fred Gerhardt, secretary of the Barron County Farm bureau.

Mr. Marndt says that dairymen of his county have heard that some of the lower grades of North Dakota wheat are selling for as low as 60 cents a bushel and that on this basis they are interested in this product as feed for their cattle.

Suffer Injuries In Auto Spill

Dickinson, Sept. 10.—Speeding around the race track at the fair grounds in a Chevrolet bug last Sunday afternoon nearly spelled disaster for Warren Fryburg and Henry Abernethy, mechanics at the Service Motor company. Hitting along at a good clip at the turn the car skidded and overturned, throwing its occupants out. Fryburg sustained two broken ribs and severe bruises. Abernethy suffered a broken collar bone.

Ask Reopening Of County Poor Farm

Grafton, Sept. 10.—Mayor J. D. Robertson of Park River heading a delegation of citizens of that city, appeared before the board of county commissioners last week to request the re-opening of the county poor farm situated one mile north of Park River. The care of poor and indigent persons is fast becoming a grave problem to the county and the various municipalities, they said.

ADVENTURE OF THE TWINS

By Olive Roberts Barton

"I must look in the postoffice and see if there is any mail for me," said sister Gallop, the cowboy fairy.

"Come along, kiddies," he called over his shoulder as he touched his pony with his spurs (not enough to hurt him) and galloped along the road toward some cottonwood trees.

Nancy and Nick followed on their ponies and arrived just in time to see their friend swing himself out of his saddle and flatten out on the ground. "The horse has reared," he said, "and I've been thrown. I should have pulled out a letter!"

"Hi, yil!" he shouted, jumping to his feet and unfolding his missive. "I kinda thought I'd get one today. Let's see who it's from. Why, it's from Penny Prairie Dog. For goodness sake! Do you know he's in trouble again? Here, you read it, Nancy. I'm kind of hard of seeing."

So Nancy took the letter and read: "Dear Mister Gallop!"

"I hate to be such a nuisance, but honest to goodness, I can't help it. I left my house today for a minute to ask Johnnie Jack Rabbit some thing, and when I came back I was told to move out."

"Three leggy looking things who call themselves 'wolves' were sitting on

Funeral Stopped While Mourners Battle With Fire

Van Hook, N. D., Sept. 10.—A prairie fire, set by sparks from a threshing outfit, made it necessary to discontinue the funeral services for Chris. Locken, which were in progress last Monday afternoon at the farm home. It was necessary for a group of the mourners to fight the fire, which laid waste about forty acres of hay land. The funeral services were continued when the fire was under control.

Conference Of Lutheran Pastors To Be In Dickinson

Dickinson, Sept. 10.—Dickinson will be host on Wednesday and Thursday, September 13 and 14, to the United West District conference of the Iowa and Ohio synods of Lutheran churches. From 12 to 15 pastors of Lutheran churches on the Slope are expected to be present. All sessions of the conference will be held at St. John's Lutheran church. Rev. G. H. Plamann, the pastor, is now engaged in arranging the program and providing for the entertainment of delegates while in the city.

Conference services will be open at St. John's church on Wednesday evening and the conference will continue through the following day. Sermons will be delivered by Rev. W. Barnard of Rosebud and Rev. F. A. J. Meyer of Scranton. The services will be open to the public and a cordial invitation is extended to all parishioners and friends of the church.

Dates Set For Teachers' Meeting

Dickinson, Sept. 10.—Dates for the annual convention for the Southwestern Division of the North Dakota Teachers' association have been definitely fixed for October 18, 19 and 20, by the executive committee. The convention last year voted unanimously to return to Dickinson in 1923.

Wagon Wheel Runs Over Youth's Head

Elgin, Sept. 10.—An 18-year-old son of Peter Hoff's was badly hurt a week ago Saturday when a wagon ran over his head on the Jos. Reinhold farm, three miles north of Elgin. The wheel of the wagon passed over the machine. Young Hoff laid down in the shade went to sleep, and when the machine started the driver of the team hitched to the wagon under which the young man was resting, started up, not knowing he was there and the hind wheel passed over his head. He was brought to Elgin where he was given medical attention.

Salvation Army Will Re-organize

Dickinson, Sept. 10.—Reorganization of the Stark county advisory board of the Salvation Army preparatory to taking up relief work in a more thorough manner is now under way, according to Envoys W. E. Jessup, in charge of the local corps. It is planned to make an active campaign through the county this fall. James Soules, president of the Dickinson city commission, has consented to act as chairman of the board.

Predicts Influx Of Settlers To N. D.

Killdeer, Sept. 10.—William Dineen, who has been spending the past two years in Iowa, has returned here, and predicts an influx of good settlers into this state during the next few years. The crops here, he said, are far better than in Iowa, which state is visited with poor crops this year. The taxes there are high, and the renters seem discouraged.

RECOVERS FROM INJURY

New England, Sept. 10.—Tideman Homelvig Amidon had who was seriously injured when kicked in the abdomen by a horse while at work on the farm of his father three weeks ago, has so far recovered as to be able to return to his home from a New England hospital.

my front porch and hooking at me. They said they had just moved in and intended to stay, as they had been told that mice were plentiful thereabouts.

"When I told them all the trouble I had taken to dig out my house 'n everything, they just blinked their silly eyes and said that since I was so good at it, I could easily make another one."

"Please, sir, help me out of this fix and I'll do something for you some day."

"Yours in trouble, 'Penny Prairie Dog.'"

"Poor Penny!" said Mister Gallop. "Sure, I'll help him. Come along, kiddies, but be quiet. Sh! Here we are at Penny's house now. Be ready to grab if anything comes out."

Then he squeaked like a little mouse. Suddenly out popped a tiny brown head. It was Banty Burrow Owl looking for his dinner. Before you could say boo, Nancy grabbed him. "He's all right," she said. "He's out of Banty Burrow Owl. Nick got him."

And the last one Mister Gallop grabbed himself. "Come on, Penny," he called. "Your house is empty. Now you three own march off and look for 'Tos Rent' sign next time before you make yourselves so much at home."

Social and Personal

Many Students Will Leave Bismarck For Universities

More than sixty five of Bismarck high school graduates of the past year of two will be leaving within the next week or two for various colleges and universities of the country. Among this number will be a good percentage of the graduates of the class of 1923 while the classes of '21 and '22 furnish a large percentage.

Those who have already definitely decided to enter college are included in the following list:

University of North Dakota—Lucille Hall, Dorothy Skeels, William Ankerman, Paul Goddard, Agnes Parsons, Ida Iverson, David Cook, Kathleen and Evelyn Harris, Robert Birdzell, Marian Staley, Charles Gobel, William Nussle, Gwendolyn Welch, Charlotte Loran, George Ross, Charles Burke and Jerome Conway; Fargo Agricultural College—Philip Boice, George Holtz, John Lobach, Benton and Lloyd Flow, Harland Forster, Ruth Little; Jamestown College—Margaret Postluthwaite, Alice Dale, Alice Strutz, Clementine Bronson, Louise Huber, Frances Wanner, Cyril Grace, and Fred Jones, University of Wisconsin; Zella Harris, University of Minnesota; Alta Jones, Bertha Berthel, Alta Bruner, North Western college, Naperville, Ill.; Josephine Fogarty, Robert George, Rachel Mowry, University of Washington; Newell Hamilton, Carlton College, St. Paul; Florence Homan, St. Catherine's college, St. Paul; Jack Burke, Charles Moss, Orlin Lindahl, Annapolis Naval Academy; Ruth and Ethel Pollard, Beloit College, Beloit, Wis.; Dorothy May, Central Business University, Oshkosh, La.; George Register, University of Michigan; Mabel Nathan, and Harold Keller, Asbury College, Wilmore, Ky.; Glenn and Bruce Wallace, Columbia University; Betty Dunham, Ward Belmont college, Nashville, Tenn.; Eugene Hahn, Rivers College, Calif.; Katharine Bodenstam, Milwaukee Downer, Milwaukee, Wis.; Marion Quinn, Milwaukee, Wis.; Joyce Mack, Terrence Halloran, Providence College, Providence, R. I.; Mary Atkinson, Hollins College, Hollins, Va.; Robert Kelly, Pillsbury Academy, Owatonna, Minn.; Paul Remington, University of Minnesota; Kathleen Goddard, Miss Weathers school, Tarry Town on the Hudson; Josephine Welch, Art Student League, New York City.

In addition to those named above, a number who have been undecided or who are unknown to the Tribune will probably attend some university or college.

GIVES BIRTHDAY PARTY

Mrs. Roy Knorr entertained fifteen boys and girls Sunday afternoon in honor of her son, Arthur who celebrated his fifth birthday upon that occasion. The party was in the nature of a picnic which was held in Chautauque Park at Mandan. Late in the afternoon a birthday luncheon was served. Master Arthur was the recipient of a number of beautiful gifts from his little friends.

B. & P. W. CURRENT

The first meeting of the Current Professional class of the Business and Professional Women's club which was recently organized will be held Tuesday evening at the club rooms from 8 to 9 o'clock. All members are urged to be on time at the opening meeting. Mrs. Nellie Evans will be leader of the discussion.

COUNTRY CLUB TEA

The last tea for the season to be given at the Country Club will be held tomorrow afternoon. Mrs. F. A. Knowles is chairman, and Mrs. P. C. Remington, Mrs. Benton Baker, Mrs. K. Kjelstrup, and Mrs. V. E. Smart will assist. As this is the last tea of the season all ladies of the Country club are urged to attend.

MOTHER'S CLUB MEETS

The Mother's club will hold its first meeting of the season tomorrow afternoon at the home of Mrs. D. T. Owens. At this meeting anecdotes of vacation experiences will be given and a social afternoon enjoyed. The Bankston Quartet will furnish some special music for the occasion.

LOCATE IN LOS ANGELES

Mr. and Mrs. J. C. Anderson have located at 5222 Peyton avenue, Los Angeles, Calif., according to a letter received here by friends. They made a trip of 3,000 miles with scarcely any tire trouble and found the roads in excellent condition.

ENTERTAINS FOR GUEST

Miss Margaret Welch entertained friend sorority sisters Saturday afternoon in honor of her house guest, Miss Marjorie Cassel of Hope. Covers were laid for seven when luncheon was served at 5 o'clock.

MISS CASSEL DEPARTS

Miss Marjorie Cassel of Hope, a student at the University of North Dakota, who has been the house guest of her sorority sister, Miss Margaret Welch for several days, returned to her home this morning.

GOES TO MINOT

Miss Jella Barden has gone to Minot to accept a position in the ready to wear department of the Otto Johnson store. Mr. Johnson was formerly in business in Bismarck.

MR. CAULFIELD RETURNS

John Caulfield, manager of the Bismarck Water Works, has returned to resume his duties after a vacation following an illness of several weeks at his home in St. Paul, Minn.

VISITS WING

Miss Grace Cook spent the week at Wing visiting with relatives and friends.

VISITING IN GARRISON

Mrs. John Reuter left Saturday for a short visit with relatives in Garrison.

Grant Hallcock of Wagner was a business caller today.

W. C. T. U. HONOR CRUSADERS OF OTHER DAYS IN NATIONAL CONVENTION AT COLUMBUS, OHIO

OFFICERS OF THE NATIONAL W. C. T. U.

Reading from left to right (top row): Mrs. Margaret C. Munns, Treasurer; Miss Anna A. Gordon, World and National President; Mrs. Ella A. Boole, Vice President (Treasurer of the World W. C. T. U.); Middle row: Mrs. Elizabeth Preston Anderson, Recording Secretary; Mrs. Frances P. Park, Corresponding Secretary; Lower right: Mrs. Sara E. Hoge, Assistant Recording Secretary.

CRUSADERS of early temperance days are being honored throughout the sessions of the National Woman's Christian Temperance Union which began in Memorial Hall, Columbus, O., on Sept. 4, and continues until Sept. 14. Several thousand women will take part in a March of Allegiance, a spectacular street parade, in which all the delegates will join together with leading women from all the other women's organizations in Columbus. Sunday afternoon, Sept. 9, a float showing the work of the twenty-six departments of W. C. T. U. work and the progress of the organization since 1874, will be a feature of this parade.

Mrs. John Gordon Battelle, appointed a member of the National Republican Committee by the late President, Warren G. Harding, headed a Committee of 5,000 Columbus women, who welcomed the W. C. T. U. delegates from all over the United States.

Distinguished speakers, addressing various sessions of the convention, are: Gov. Donahy, Miss Grace Abbott, Senator Fess, Representative Conner, Mrs. Mabel Walker Wille-

brandt and Dr. Mary Harris Anner, "the Georgia Cyclone". State presidents on the program include Mrs. Ida E. Wise Smith, Iowa; Mrs. L. E. M. Wheeler, California; Mrs. Nellie G. Burger, Missouri; and Mrs. Florence Richard, Ohio.

Miss Anna A. Gordon, world and national president of the W. C. T. U., in her address stressed the influence of women in bringing about the prohibition amendment and the outlook for the 1924 election.

Parents of Girl.

Mr. and Mrs. John Craven of Menoken are the parents of a daughter born at the Bismarck hospital.

Accepts Telephone Position.

Francis M. Parsons, who has been acting as manager of the Mandan Telephone Exchange since April 1, 1923, has been transferred to the Bismarck office in the capacity of chief tester. The change was necessitated because of a severe valvular heart strain sustained by Mr. Parsons several months ago that made it necessary for him to handle light work only. Mr. Parsons will be succeeded in Mandan by L. E. Hanson of Fargo.

St. Alexis Hospital.

Home Economics Graduates Busy

That the eight young women who graduated this year from the course in Home Economics at the North Dakota Agricultural college have all secured excellent positions either at high schools or colleges was announced in the September number of the College and State which has just been issued by the Agriculture college.

Miss Ida Diller has been appointed secretary to Mrs. Myrtle Giamson Cole, dean of women at the North Dakota Agricultural college; Miss Francis Root will be an instructor this year in the physical education and home economics department at the college and Miss Alice Flaten has accepted a position in the county agricultural high school at Park River.

High schools will be the field of activity for the other five graduates. Miss Ruth Dawson will teach at Warren, Minn.; Miss Naomi Soule at Enderlin, N. D.; Miss Pearl Souers at Grand Center, Ia.; Miss Regina Nix at Perham, Minn., and Miss Julia Forthum at Anamosa, N. D.

Dr. M. W. Roan's Father Dies

Dr. M. W. Roan left Saturday night for Rock Rapids, Ia., to attend the funeral of his father, J. J. Roan, who passed away at Long Beach, Calif., Saturday morning at 7:30 o'clock, after an illness of about a month due to decline resulting from advanced age. He was 87 years old.

AT THE MOVIES

THE ELTINGE
"Grumpy" which comes to the Eltinge theatre, today and tomorrow, Monday and Tuesday is sure to please everyone seeing it. It features Theodore Roberts, May MacAvoy and Conrad Nagel. There is a laugh in every scene of this romantic comedy drama, although there is suspense throughout the entire picture.

CAPITOL THEATRE
That "half the world doesn't know how the other half lives" is proved again in the William Fox special photograph, "The Face on the Bar-room Floor," which will open a two day engagement at the Capitol Theatre tonight, according to an announcement by the management of the theatre issued today.

The story deals with a young and successful artist who had achieved the utmost in fame and who is forced to the very bottom of the ladder of life, the result of an unjust accusation which caused the estrangement of the artist and the wealthy girl to whom he was engaged.

How the girl finally discovers her mistake and ultimately finds her former fiancée in a bowery barroom, a man broken in spirit, in health and entirely changed in appearance is one of the poignant points in this modern melodrama.

The story leaps from the Bowery to the mansions and playgrounds of society and gives a unique and definite insight into the manner in which "the other half lives."

The Face on the Barroom Floor," which was directed by Jack Ford, promises to be a picture of thrill from start to finish. The story is a most sensational one, and is well shown on the screen is said to provide the climax for this unusual story.

What's Going on in The World

By Charles F. Stewart
NEA Service Writer
IN loss of life the Japanese earthquake seems likely to prove the most appalling disaster in history. The swarming populations of oriental countries tend themselves to disaster.

Except for a comparatively few fine buildings, Japanese structures are mere lath, paper and straw huts, worth little more than so many tents and affording about the same shelter. Reconstruction will be rapid.

ITALY AND GREECE

AMONG the boundaries the World War left unsettled was the Greek-Albanian.

An international board was chosen to fix it. Italy had five members. Among them the disputed district, they were killed from ambush. It's one of the most lawless, bandit-infested regions on earth. The murderers may have been common brigands—not Greek Brigands, either.

But Premier Mussolini of Italy decided to blame Greece. He said the Italians opposed the boundary Greece wanted, so he argued that Greeks must have killed them.

He made demands on Greece that all diplomats agree she couldn't have granted without losing every atom of self-respect. Greece demurred. Italy almost instantly seized several Greek islands, bombarding one of them, thus getting control of the Adriatic Sea, which she's long wanted to make an Italian lake of.

LEAGUE OF NATIONS

GREECE appealed to the League of Nations. Under League rules, a member committing an act of war against another member, in defiance of the rest of the membership, thereby commits an act of war against all of them.

Italy denies she's committed an act of war, but everybody knows better.

But the League's two big members are England and France. They disagree over France's Ruhr policy. Each wants Italy to side with her on this question. Query: Will either dare to risk angering Italy by defying Greece?

True, the League has other members, but it's unlikely the smaller

Charmeen Is A New Fabric Not a Movie

Not a new moving picture star, not a new powder, perfume or tooth paste. Charmeen—just the newest fabric for fall and winter wear. It is a featherweight twill, with a smooth silken luster. Lovely! If you have a single fashionable new gown it will be made of Charmeen. It is shown in all colors, but is most fashionable in tan and navy blue.

The dress sketched is made of navy Charmeen combined with a broad satin. Notice the waistcoat front to the blouse and the attractive look-alike.

And remember the name of the cloth—Charmeen.

One can do much if England and France fear to act.

APT TO SPREAD

IF Italy pushes hostilities against Greece, she almost automatically involves Yugoslavia (Greater Serbia) and then Turkey, Bulgaria, Rumania, Hungary and maybe Russia. After that, nobody can tell where trouble will stop.

HID FOR POPULARITY

ITALY not only wants to control the Adriatic.

She wants territory on the Adriatic coast, shore, too. It was what she wanted into the World War for. The peace treaty crushed her out of it. By beating Greece (which will be easy for her if others don't interfere) she may get it yet.

Premier Mussolini may have a personal stake, also. When a revolution made him virtual dictator he was very popular. There are signs that lately he's been losing much of this popularity. Jingoism may restore it.

IN THE RUHR

A STORY current that Chancellor Stresemann has decided to cause "passive resistance" in the Ruhr and is negotiating secretly with a good prospect of ending Franco-German difficulties. This story's denied, but it's so soon to guess who's telling the truth.

COAL MINERS' STRIKE

THE hard coal miners finally struck, despite President Coolidge's efforts, through Governor Pinchot of Pennsylvania, to prevent it. It's promised there'll be plenty of soft coal but most people will be surprised if it isn't mighty expensive.

CHENILLE USED

Combinations of velvet and chenille and georgette crepe and chenille in rust, brown, navy and gray are featured in the fall overblouses.

FOR THE SMALL MISS

Bloomer dresses for the small girl from 2 to 6 are in vogue and offer the most unusual in the lighter shade with cuffs matching the dress.

SPORTS COATS

The new sports coats are of polo cloth and fleece. The color is usually gray or tan, with stripes or plaids in a darker tone, or in a contrasting color.

FOR TRAVEL

Knitted suits are proving popular for travel. Navy and green have been added to the tan and gray shades.

CHILDREN'S FROCKS
Basque waists and bouffant skirts are carried into children's models. The flaring skirts are accentuated with cording and puffing.

PERLAN EMBROIDERY
Persian lamb embroidery makes an effective trimming for a dress of black satin made in the Russian tunic effect.

SCARF VEILS
Scarves, featuring fine scroll designs or with appliques of silk leaves, are among the new offerings of the season.

FUR TOP
One of the fall coats has a fur top and cloth lower section. The fur half is of natural squirrel.

EMBROIDERED VEIL
White flit lace is used to edge a black lace veil embroidered in white beads. The veil is draped to one side and hangs to the waistline.

GIRLS' SKIRTS
Tartan plaids with ruffle pleatings are being used for little girls' skirts. A belt conceals the row of buttons that fasten to bodice top.

DANCING FROCK
A lavender crepe chiffon dancing frock for the boarding school girl is trimmed with ermine heads and tails.

HAND-PAINTED FLOWERS
Hand-painted flowers are the point of interest in many of the new dance frocks.

"KEEPS THE FOOT WELL"
WE WOULD LIKE TO EXPLAIN
to you how the Arch Preserver Shoe gives just the support to the foot that Nature requires; how it eliminates all strain on the arch.
You can have foot comfort and smart styles as well.

Richmond's Bootery

MANY ATTEND FUNERAL FOR N D. TRAPPER

Angus J. Nicholson, Pioneer Trapper, Laid to Rest at Stewartdale

Angus J. Nicholson, pioneer resident of Burleigh county, died suddenly of heart trouble Tuesday, Sept. 4, at Glencoe at the age of 80 years.

Mr. Nicholson was born at Valleyfield, Prince Edward Island, Canada July 1848 and lived there continuously until 1882 when he came to North Dakota. Since that date he spent most of his time in this state, returning at intervals to his old home at Prince Edward Island. He located at Stewartdale in Morton county, near Huff. Before making final proof, however, the Missouri river cut him off and made an island of his claim.

The island now known as Nicholson's Islands was a part of call for the river boats in the early days when the steamers used wood and Mr. Nicholson supplied these boats with wood for many years.

Mr. Nicholson is best known as a trapper. He was unusually successful as a trapper and his skill in dressing his furs enabled him to obtain the highest prices. Although advanced in years Mr. Nicholson kept young and fresh in mind and was always a pleasure to meet, and converse with him and learn of his knowledge of woodcraft and the habits of fur-bearing animals.

He is survived by five sons, John W., who resides on the old homestead on Prince Edward Island; Archie and Ronald of Buchanan Valley, Emmons county; Malcolm and Donald of Glencoe, and one daughter, Mrs. Annie Smith of Glencoe.

Funeral services were held at Westminister Presbyterian church at Stewartdale, Sept. 6 with Rev. Matteson in charge. The large crowd in attendance gave evidence of the high esteem in which the deceased was held by the people of the surrounding country. Acting as pallbearers were the following old friends: William McDonald, John Clark, C. C. Mills, W. J. Brown, R. Boyd, and Dan Feltconer.

UNUSUAL POCKETS

One of the novel dresses worn by a chic Parisienne at Deauville was of putum velvet made with a belt in turn of form, with the hem turned up about four feet from the bottom to form huge pockets.

COLLEGE SWEATER

The Wellesley is the name given to a practical sweater designed for wear in the classroom and on the campus. It is of brushed wool and is accompanied by linen collar and cuffs.

FLOUNCES

The straight silhouette is varied somewhat by one or several flounces placed low on skirts and jackets. For evening large circular flounces of plain or embroidered net are worn.

CROSS-STITCH

A new embroidery combines silk cross-stitching with steel beads. The design is edged with the beads.

NOVEL FLEATS

One of the novel treatments of the capote pleats is to place them in the skirt in crescent fashion. One point is at the girdle, the other sweeps round to the hem.

Social and Personal

Many Students Will Leave Bismarck For Universities

More than sixty five of Bismarck high school graduates of the past year of two will be leaving within the next week or two for various colleges and universities of the country. Among this number will be a good percentage of the graduates of the class of 1923 while the classes of '21 and '22 furnish a large percentage.

Those who have already definitely decided to enter college are included in the following list:

University of North Dakota—Lucille Hall, Dorothy Skeels, William Ankerman, Paul Goddard, Agnes Parsons, Ida Iverson, David Cook, Kathleen and Evelyn Harris, Robert Birdzell, Marian Staley, Charles Gobel, William Nussle, Gwendolyn Welch, Charlotte Logan, George Russ, Charles Burke and Jerome Conway; Fargo Agricultural College—Philip Boise, George Holta, John Lobach, Benton and Lloyd Flow, Harland Fogarty, Ruth Little; Jamestown College—Margaret Postlethwaite, Alice Dune, Alice Stutz, Clementine Bronson, Louise Hubert, Frances Warner, Cyril Grace, and Fred Jones, University of Wisconsin; Zella Harris, University of Minnesota; Alta Jones, Bertha Bertsch, Alta Bremer, North Western college, Naperville, Ill.; Josephine Fogarty, Robert George, Rachel Mowry, University of Washington; Newell Hamilton, Carlton College, St. Paul; Florence Homan, St. Catherine's college, St. Paul; Jack Burke, Charles Moses, Orin Lindahl, Annapolis Naval Academy; Ruth and Ethel Pollard, Beloit College, Beloit, Wis.; Dorothy Moses, Hamilton University, St. Paul; Ruth Gordon, Central Hollins University, Oskaloosa, Ia.; George Regier, University of Michigan; Mabel Nathan, and Harold Keller, Ashbury College, Williamsburg, Ky.; Glenn and Bruce Wallace, Columbia University; Betty Dunham, Ward Belmont college, Nashville, Tenn.; Eugene Hahn, Rivers de College, Calif.; Katharine Bodenstein, Milwaukee Downer, Milwaukee, Wis.; Marion Quinn, Abbott Academy, Annapolis, Md.; Terrence Halloran, Providence College, Providence, R. I.; Mary Atkinson, Hollins College, Hollins, Va.; Robert Kelly, Pillsbury Academy, Owatonna, Minn.; Paul Remington, University of Minnesota; Katherine Goddard, Miss Weathers school, Tarry Town on the Hudson; Josephine Welch, Art Student League, New York City.

In addition to those named above a number who have been undecided or who are unknown to the Tribune will probably attend some university or college.

GIVES BIRTHDAY PARTY.

Mrs. Roy Kung entertained fifteen boys and girls Sunday afternoon in honor of her son, Arthur who celebrated his fifth birthday upon that occasion. The party was in the nature of a picnic which was held in Chautauqua Park at Mandan. Late in the afternoon a birthday luncheon was served. Master Arthur was the recipient of a number of beautiful gifts from his little friends.

B. & P. W. CURRENT

The first meeting of the Current Events class of the Business and Professional Women's club which was recently organized will be held Tuesday evening at the club rooms from 8 to 9 o'clock. All members are urged to be on time at the opening meeting. Mrs. Nellie Evans will be leader of the discussion.

COUNTRY CLUB TEA.

The last tea for the season to be given at the Country Club will be held tomorrow afternoon. Mrs. F. A. Knowles is chairman, and Mrs. P. C. Remington, Mrs. Benton Baker, Mrs. K. Kjelstrup, and Mrs. V. E. Smart will assist. As this is the last of the season all ladies of the Country club are urged to attend.

MOTHER'S CLUB MEETS.

The Mother's club will hold its first meeting of the season tomorrow afternoon at the home of Mrs. D. T. Owens, at this meeting anecdotal of vacation experiences will be given and a social afternoon enjoyed. The Bankston Quartet will furnish some special music for the occasion.

LOCATE IN LOS ANGELES.

Mr. and Mrs. J. C. Anderson have located at 5222 Peyton avenue, Los Angeles, Calif., according to a letter received here by friends. They made a trip of 3,000 miles with scarcely any tire trouble and found the roads in excellent condition.

ENTERTAINS FOR GUEST.

Miss Margaret Welch entertained friend sorority sisters Saturday afternoon in honor of her house guest, Miss Marjorie Cassel of Iowa. Covers were laid for seven when luncheon was served at 5 o'clock.

MISS CASSEL DEPARTS.

Miss Marjorie Cassel, a student at the University of North Dakota, who has been the house guest of her sorority sister, Miss Margaret Welch for several days returned to her home this morning.

GOES TO MINOT.

Miss Julia Barden has gone to Minot to accept a position in the ready to wear department of the Otto Johnson store. Mr. Johnson was formerly in business in Bismarck.

MR. CAULFIELD RETURNS.

John Caulfield, manager of the Bismarck Water Works, has returned to resume his duties after a vacation following an illness of several weeks at his home in St. Paul, Minn.

VISITS IN WING.

Miss Grace Cook spent the week at Wing visiting with relatives and friends.

VISITING IN GARRISON.

Mrs. John Reuter left Saturday for a short visit with relatives in Garrison.

Grant Hallock of Wagner was a business call today.

W. C. T. U. HONOR CRUSADERS OF OTHER DAYS IN NATIONAL CONVENTION AT COLUMBUS, OHIO

OFFICERS OF THE NATIONAL W. C. T. U.

Reading from left to right (top row): Mrs. Margaret C. Munns, Treasurer; Miss Anna A. Gordon, World and National President; Mrs. Ella A. Bole, Vice President (Treasurer of the World W. C. T. U.); Middle row: Mrs. Elizabeth Preston Anderson, Recording Secretary; Mrs. Frances P. Parks, Corresponding Secretary. Lower right: Mrs. Sara H. Hoge, Assistant Recording Secretary.

CRUSADERS of early temperance days are being honored throughout the sessions of the National Woman's Christian Temperance Union which began in Memorial Hall, Columbus, O., on Sept. 4, and continues until Sept. 14. Several thousand women will take part in a March of Allegiance, a spectacular street parade, in which all the delegates will join together with leading women from all the other women's organizations in Columbus. Saturday afternoon, September 8, floats showing the work of the twenty-six departments of W. C. T. U. work and the progress of the organization since 1874, will be a feature of this parade.

CANADIAN GUESTS.

Mrs. M. Shaughnessy and daughters, Misses Margaret and Irene of Montreal, Canada, returned yesterday from Tacoma, Wash., to visit at the home of Mrs. J. D. McDonald and Norman McDonald brother of Mrs. Shaughnessy, for a week or ten days before continuing on their way home. As they passed through here several weeks ago to the Pacific coast, they stopped over with Mrs. McDonald.

VISITING MRS. COOK.

Albert Cook motored down from Grand Forks last week to visit with his mother, Mrs. A. V. Cook for a short time. Mr. Cook graduated from the University of North Dakota in August. He will return to work on his Master of Science degree.

WOMAN'S MISSIONARY MEETING The Women's Foreign Missionary society of the McCabe Methodist church will meet Tuesday afternoon at 2:30 o'clock at the parsonage. The annual election of officers will be held at this time and the opening of the mite boxes will take place at this time.

ACCEPTS POSITION.

Miss Wallie Dirlam has accepted position in the office of the state department of education. A vacancy was made when Miss Eliza Barr resigned her position to leave for Seattle, Wash., where she will make her future home.

SUP. KNAIN BUSINESS VISITOR Supt. J. E. Knain of New-Salem was in Bismarck Saturday to look after business in connection with the meeting of the Southwestern Division of the State Educational Association.

WEEK-END VISITOR.

Miss Gertrude Moyle of Gando, who attended the meeting of the American Legion Auxiliary at Mandan was a week-end visitor at the home of Mrs. J. D. McDonald.

LEAVE FOR NEW JERSEY.

Mrs. H. E. Winchester and two children of Hazelton, have left for Morristown, N. J., for a visit after a short visit at the home of Mr. and Mrs. Fred Conklin.

CITY EDITOR GOES HOME.

William S. Neal, city editor on the Tribune, left Saturday evening for Indianapolis, Ind., where he will visit with his parents for a week or ten days.

LEAVE FOR HOME IN WEST.

Misses Eliza Barr, Stasia Goreski, Minnie Storey, and Lila Dingle left last night for Seattle, Wash., where they will make their future home.

VISIT HERE SUNDAY.

Mr. and Mrs. F. K. Wernli of Hazelton spent the week-end in Bismarck. While here Mr. Wernli took part in the tennis matches.

MRS. HOLTA RETURNS.

Mrs. Otto Holta has returned from Kalm, where she has been visiting with friends for the past week.

brandt and Dr. Mary Harris Armour, "the Georgia Cyclone". State presidents on the program include Mrs. Ida B. Wise Smith, Iowa; Mrs. Lillian M. Mitchner, Kansas; Mrs. Eva C. Wheeler, California; Mrs. Nelle G. Burger, Missouri; and Mrs. Florence Richard, Ohio.

CITY NEWS

Parents of Girl

Mr. and Mrs. John Craven of Menoken are the parents of a daughter born at the Bismarck hospital.

Accepts Telephone Position

Francis M. Parsons, who has been acting as manager of the Mandan Telephone Exchange since April 1, 1923, has been transferred to the Bismarck office in the capacity of chief tester. The change was necessitated because of a severe valvular heart strain sustained by Mr. Parsons several months ago that made it necessary for him to handle light work only. Mr. Parsons will be succeeded in Mandan by L. E. Hanson of Fargo.

St. Alexius Hospital

Mrs. Wm. Quachnick, Herried, S. D., D. Wilson, city, John Pechl, Regent, Master Donald Sack, city, have entered the St. Alexius hospital for treatment. Miss Ella Timmer and Master James H. Timmer, Hull, Master Thomas McDonald, Mandan, Mrs. F. L. McCartney, Underwood, Mrs. F. G. Gelsler, Fessenden, Mrs. M. E. Bowman, Hull, Master Harry Stoller, Hazen have been discharged from the hospital.

What's Going on in The World

By Charles P. Stewart
NEA Service Writer

IN loss of life and property earthquake seems likely to prove the most appalling disaster in history. The swarming populations of oriental countries lend themselves to almost incredible numbers in such cases. As for property loss, figures are deceptive. Except for a comparatively few fine buildings, Japanese structures are of light paper and straw handboxes, worth little more than so many tents and affording about the same shelter. Reconstruction will be rapid.

ITALY AND GREECE

AMONG the boundaries the World War left unsettled was the Greek-Albanian. An international board was chosen to fix it. Italy had five members. Autoing through the disputed district, they were killed from ambush. It's one of the most lawless, bandit-infested regions on earth. The murderers may have been common brigands—not Greek Brigands, either. But Premier Mussolini of Italy decided to blame Greece. He said the Italians opposed the boundary Greece wanted, so he argued that Greeks must have killed them.

He made demands on Greece that all diplomats agree she couldn't have granted without losing every atom of self-respect. Greece demurred. Italy almost instantly seized several Greek islands, bombarding one of them, thus getting control of the Adriatic Sea, which she's long wanted to make an Italian lake of.

LEAGUE OF NATIONS

GREECE appealed to the League of Nations. Under League rules, a member committing an act of war against another member, in defiance of the rest of the membership, thereby commits an act of war against all of them. Italy denies she's committed an act of war, but everybody knows better.

But the League's two big members are England and France. They disagree over France's Ruhr policy. Each wants Italy to side with her on this question. Query: Will either dare risk angering Italy by defending Greece?

Times the League has other members, but the Balkan states, the smaller

near, Hensler, Mrs. Bernhard, Moss, Willa City, Margaret Anna Lee, city, Georgia Johnson Washburn, Mrs. Bertha Fandrey, Jamestown, Howard H. Boynton, Minneapolis, Mrs. John H. Huff, and baby boy, Regan, Charles Anderson, Sterling have been discharged from the hospital.

Home Economics Graduates Busy

That the eight young women who graduated this year from the course in Home Economics at the North Dakota Agriculture college have all secured excellent positions either at high schools or colleges was announced in the September number of the College and State which has just been issued by the Agriculture college.

Miss Ida Didier has been appointed secretary to Mrs. Myrtle Glesson Cole, dean of women at the North Dakota Agriculture college; Miss Francis Rust will be an instructor this year in the physical education and home economics department at the college and Miss Alice Flaten has accepted a position in the county agricultural high school at Park River. High schools will be the field of activity for the other five graduates. Miss Ruth Dawson will teach at Warren, Minn.; Miss Naomi Soule at Enderlin, N. D.; Miss Pearl Souers at Grand Center, Ia.; Miss Regina Nix at Perham, Minn., and Miss Julia Forthum at Anamoose, N. D.

Dr. M. W. Roan's Father Dies

Dr. M. W. Roan left Saturday night for Rock Rapids, Ia., to attend the funeral of his father, J. J. Roan, who passed away at Long Beach, Calif., Saturday morning at 7:30 o'clock, after an illness of about a month due to decline resulting from advanced age. He was 87 years old.

AT THE MOVIES

THE ELTINGE

"Grumpy" which comes to the Eltinge theatre today and tomorrow, Monday and Tuesday is sure to please everyone seeing it. It features Theodore Roberts, May MacAvoy and Conrad Nagel. There is a laugh in every scene of this romantic comedy drama, although there is suspense throughout the entire picture.

CAPITOL THEATRE

That "half the world doesn't know how the other half lives" is proved again in the William Fox special photodrama "The Face on the Barroom Floor," which will open a two-day engagement at the Capitol Theatre tonight, according to an announcement by the management of the theatre issued today.

The story deals with a young and successful artist who has achieved the utmost in fame and who is forced to the very bottom of the ladder of life as the result of an unjust accusation which caused the estrangement of the artist and the wealthy girl to whom he was engaged.

How the girl finally discovers her mistake and ultimately finds her former fiancée in a bowery barroom, a man broken in spirit, in health and entirely changed in appearance is one of the poignant points in this modern melodrama.

The story leaps from the Bovey to the mansions and playgrounds of society and gives a unique and definite insight into the manner in which "the other half lives."

"The Face on the Barroom Floor," which was directed by Jack Ford, promises to be a picture of the year to watch to finish. One of the most sensational storms at sea ever shown on the screen is said to provide the climax for this unusual story.

What's Going on in The World

By Charles P. Stewart
NEA Service Writer

IN loss of life and property earthquake seems likely to prove the most appalling disaster in history. The swarming populations of oriental countries lend themselves to almost incredible numbers in such cases. As for property loss, figures are deceptive. Except for a comparatively few fine buildings, Japanese structures are of light paper and straw handboxes, worth little more than so many tents and affording about the same shelter. Reconstruction will be rapid.

ITALY AND GREECE

AMONG the boundaries the World War left unsettled was the Greek-Albanian. An international board was chosen to fix it. Italy had five members. Autoing through the disputed district, they were killed from ambush. It's one of the most lawless, bandit-infested regions on earth. The murderers may have been common brigands—not Greek Brigands, either. But Premier Mussolini of Italy decided to blame Greece. He said the Italians opposed the boundary Greece wanted, so he argued that Greeks must have killed them.

He made demands on Greece that all diplomats agree she couldn't have granted without losing every atom of self-respect. Greece demurred. Italy almost instantly seized several Greek islands, bombarding one of them, thus getting control of the Adriatic Sea, which she's long wanted to make an Italian lake of.

LEAGUE OF NATIONS

GREECE appealed to the League of Nations. Under League rules, a member committing an act of war against another member, in defiance of the rest of the membership, thereby commits an act of war against all of them. Italy denies she's committed an act of war, but everybody knows better.

But the League's two big members are England and France. They disagree over France's Ruhr policy. Each wants Italy to side with her on this question. Query: Will either dare risk angering Italy by defending Greece?

Charmeen Is A New Fabric Not a Movie

Not a new moving picture star, not a new powder, perfume or tooth paste. Charmeen—just the newest fabric for fall and winter wear. It is a featherweight twill, with a smooth silken luster. Lovely! If you have a single fashionable new gown it will be made of Charmeen. It is shown in all colors, but is most fashionable in tan and navy blue. The dress sketched is made of navy Charmeen combined with a broad satin. Notice the waistcoat front to the blouse and the attractive loose sleeves.

And remember the name of the cloth—Charmeen.

ones can do much if England and France fail to act.

APT TO SPREAD

IF Italy pushes hostilities against Greece, she almost automatically involves Yugoslavia (Greater Serbia) and then Turkey, Bulgaria, Rumania, Hungary and maybe Russia. After that, nobody can tell where trouble will stop.

BID FOR POPULARITY

ITALY not only wants to control the Adriatic.

She wants territory on the Adriatic's eastern shore, too. It was what she went into the World War for. The peace treaty eviscerated her out of it. By beating Greece (which interferes) she may get it yet.

Premier Mussolini may have a personal stake, also. When a revolution made him virtual dictator he was very popular. There are signs that lately he's been losing much of this popularity. Jingoism may restore it.

IN THE RUHR

A STORY's current that Chancellor Stresemann has decided to cease "passive resistance" in the Ruhr and is negotiating secretly, with a good prospect of ending Franco-German difficulties. This story's denied, too. It's too soon to guess who's telling the truth.

COAL MINERS' STRIKE

THE hard coal miners finally struck, despite President Coolidge's efforts, through Governor Pinchot of Pennsylvania, to prevent it. It's promised there'll be plenty of soft coal but most people will be surprised if it isn't mighty expensive.

CHEMILLE USED

Combinations of velvet and chemille and georgette crepe and chemille in rust, brown, navy and gray are featured in the fall overhauls.

FOR THE SMALL MISS

Bloomer dresses for the small girl from 2 to 6 are in two-toned effects, the bloomers usually in the lighter shade with cuffs matching the dress.

SPORTS COATS.

The new sports coats are of polo cloth and flannels. The color is usually gray or tan, with stripes or plaids in a darker tone, or in a contrasting color.

FOR TRAVEL.

Knitted suits are proving popular for travel. Navy and green have been added to the tan and gray shades.

CHILDREN'S FROCKS

Basque waists and bouffant skirts are carried into children's models. The flaring skirts are accentuated with cording and puffing.

PERLAN TRIMMING

Persian lamb embroidery makes an effective trimming for a dress of black satin made in the Russian tunic effect.

SCARF VEILS

Scarf veils, featuring fine scroll designs or with applique of silk leaves, are among the new offerings of the season.

FUR TOP

One of the fall coats has a fur top, and cloth lower section. The fur half is of natural squirrel.

EMBROIDERED VEIL

White flit lace is used to edge a black lace veil embroidered in white beads. The veil is draped to one side and hangs to the waistline.

GIRLS' SKIRTS

Tartan plaids with silk pleatings are being used for little girls' skirts. A belt conceals the row of buttons that fasten to saddle top.

DANCING FROCK

A lavender crepe chiffon dancing frock for the boarding school girl is trimmed with ermine heads and tails.

HAND-PAINTED FLOWERS

Hand-painted flowers are the point of interest in many of the new dance frocks.

to you how the Arch Preserver Shoe gives just the support to the foot that Nature requires; how it eliminates all strain on the arch.
You can have foot comfort and smart styles as well.

Richmond's Bootery

MANY ATTEND FUNERAL FOR N. D. TRAPPER

Angus J. Nicholson, Pioneer Trapper, Laid to Rest at Stewartdale

Angus J. Nicholson, pioneer resident of Burleigh county, died suddenly of heart trouble Tuesday, Sept. 4 at Glencoe at the age of 80 years. Mr. Nicholson was born at Valleyfield, Prince Edward Island, Canada July 1843 and lived there continuously until 1882 when he came to North Dakota. Since that time he spent most of his time in this state, returning at intervals to his old home at Prince Edward Island. He located a homestead in Morton county, near Huff. Before making final proof on foot through the Bahama country, which is practically unexplored, through the Turi Forest to the North-east Congo, then east of Lake Edward, and finally to Kenya.

Such are the reasons given by Mrs. Diana Strickland, a well known society woman for organizing what she calls "an expedition of adventure and business" that will start soon for Central Africa.

The party will consist of two women, four men, and three hundred native porters. From Boma, on the west coast of Africa, it will make its way on foot through the Bahama country, which is practically unexplored, through the Turi Forest to the North-east Congo, then east of Lake Edward, and finally to Kenya.

"We expect to be away for 12 months and shall travel 3,000 miles, all on foot," said Mrs. Strickland. "The expedition is limited to six Europeans on account of the food difficulty, for we have to take it all with us, and this necessitates 50 native porters for each person.

"We hope to trade in ivory and do some prospecting, and we are also making a collection for the New York Zoological Gardens, and hope to get an okapi, a giant field hog, and some pigmy elephants.

"We shall be pretty well armed, and even are taking a machine-gun in case of a serious attack. Of that there is little danger. Natives generally attack by stealth and in small numbers."

Labor Halts Third Party in S. Dakota

Huron, S. D., Sept. 10.—Organized labor will not endorse a third party movement in South Dakota, it was decided at a mass meeting of the labor delegates to the South Dakota Federation of Labor meeting in extraordinary session today, following the adjournment of the Federation of labor earlier.

They took no further movement than this.

NIP EMIGRATION PLOT

Warsaw, Sept. 10.—The Polish government is taking energetic measures to prevent the sale of tickets to would-be Polish emigrants to the United States who are encouraged to book passage to Cuba, with a promise that transportation from that country to the United States can be arranged and will make their entry into America assured.

INSPECTORS BEGIN WORK

Rural school inspectors began their task of inspecting schools of the state today, after having been in conference with State Superintendent Miss Minnie Nielson for two days. J. W. Riley went to Stark county, Miss Shirley Fox to Emmons county, A. C. Berg to Bottineau county, C. E. Picketts to the northwestern part of the state and Edward Erickson to the southwestern part.

VOGUE FOR TAFFETA

A vogue for taffeta, both plain and fancy, is predicted for spring.

PEN TEAM
LOSES TO
WASHBURN

Ninth Inning Rally Saves
Visiting Nine a Defeat
When McQuillan Goes Wild

THIRD GAME LOST

Pounding out five hits for five runs in the first half of the ninth gave Washburn a 10 to 9 victory over the penitentiary in a game played at the pen Sunday.

McQuillan, pitching for the penitentiary team, pitched good ball with the exception of the first and last innings. Charley Tower, Washburn pitcher also pitched good ball.

Art Bauer of Bismarck and Harry Smith of the Pen umpired the game. This is the third game which the Pen Team has lost this year, the other two being lost to Carson and the State Asylum Guards of Jamestown.

LOUBEK PLACES
AT DICKINSON
AUTO RACES

Local Driver Takes Second
Place in a Field of Six En-
tries at Western Meet

R. B. Loubek, of Bismarck, driving a Hudson Super-Six Special took second place at the automobile races held at Dickinson last week. Scow, a Canadian driver, took first place in a field of six entries with his specially equipped Ford.

Mr. Loubek, in commenting on the race, said that it was one of the hardest in which he has ever driven, principally because of the poor condition of the track.

ABRAHAMSEN IN
GOOD SHAPE
FOR MATCH

Kathryn Man Says He Is in
Fine Condition to Meet
Thor Jensen on Friday.

Clarence Abrahamson, welterweight of Kathryn, who is to meet Thor Jensen, local welterweight, in a match for the benefit of the disabled veterans at the auditorium on Friday night, writes that he is in excellent condition and that he is working out daily at Kathryn.

Abrahamson will weigh in at about 145 pounds while Jensen will be just inside the welterweight limit with 147.

KNAUF AND
KRAUSE MEET

Bout Between Welterweights
Scheduled For Septem-
ber 28

Grand Forks, N. D., Sept. 10.—Johnny Knauf of Moorhead, and Battling Krause of Fargo, the northwest's most popular welterweights, are scheduled to meet for the third time at Grand Forks under the auspices of Company M, of the North Dakota National Guard. The show will be staged on Friday, Sept. 28, according to announcements made by the soldier boxing club promoters, Alvin Purcell and Leslie "Tex" Trotter.

The meeting here will be the third engagement between the two slugers. They boxed two years ago at Bismarck and the result of the fight was unsatisfactory, both fighters claimed the verdict. At Washpeton last month Krause fouled Knauf in the third round, breaking up a wonderful fight.

Both battlers are anxious to have the question of supremacy settled once and for all, and the chances are that the Grand Forks fans will see a real battle.

Bismarck-Dickinson
Game October 19

*Dickinson, Sept. 10.—Forty husky high school athletes, candidates for the 1923 football team, are now reporting nightly for practice at the athletic field, according to Coach Frank Richards. Several veterans are back in line and vacancies are being sought by the candidates who hope to make the team. Games for the season are now being scheduled by Coach Richards. Several fast teams will be seen in action on the local field this season. The only team definitely fixed here is one from Bismarck high school here on Friday, October 19, against the home team of the Dickinson football association.

DEMPSEY CAN'T STAND LONG GRIND

Willard Declares Jack Makes Lightning Start
But Begins to Slow Down as Fight Progresses

EDITOR'S NOTE—Jack Dempsey certainly is a "terrible tiger" in the ring. But he, by no means invincible, according to Jess Willard. Herewith is the second article Jess Willard has written for the Bismarck Tribune on the forthcoming Dempsey-Firpo bout.

BY JESS WILLARD.
Former Heavyweight Champion.

Jack Dempsey is a terrific fighting man.

I found that out, and so have the others who faced him. Many of the sporting writers, though, have made him out as absolutely invincible. There isn't any such man. While the champion is at the peak of his strength, there always is some young chap coming along who will some day put him out.

Dempsey landed on my chin in a brushaway in the first round of our fight at Toledo, and from then on I was in a daze. I don't know what happened, except what spectators told me.

But it seems that I landed one on him in the next round which nearly put him out, except that I wasn't able to finish him. That would show that he can be hit and can be shaken.

His Blows Dangerous.

The best asset a fighter can have, I think, is a good left hand. That comes in always to stab the first rush of the other man's attack. Dempsey certainly has such a left hand, but with his distinctive style of swaying from side to side, he makes unusual use of both hands. His blows are hooks instead of clean, straight shots. But they are dangerous.

Jack Dempsey is fast and strong, and he hits hard. I don't want to tell anybody that he isn't formidable. There are points to his disadvantage, though, which ought to be considered in figuring the odds.

First of all, he is champion. That is a burden to carry into the ring, even though it makes him a favorite in popular judgment. The champion is worried at the thought of the stake he has to lose. My mind kept going back to that when I had

the title, and it is natural for anyone.

But Johnson Was Better.

Then, being the champion, he is surrounded by a crowd, and that is hard for steady training. I don't mean training just before the fight. But champions grow careless.

The glimmer of the lights saps their power. Dempsey has had only two fights in his four years with the title. A man needs at least two fights a year to keep in condition, and three or four wouldn't hurt him. The best man I ever fought was Jack Johnson. I'd like for anyone to name a single quality he lacked for perfection when he was in his prime. He had everything. His best was better than the best of either Dempsey or Firpo.

My advice to Firpo is to be careful with Dempsey the first two or three rounds. Dempsey makes a lightning start, but I don't think he can go for a long grind.

Be a stone wall to Dempsey's charge. Then knock him out—if you can. (Copyright, 1923, NEA Service, Inc.)

REDS PUSH
PIRATES INTO
3RD PLACE

N. Y. Yankees Take Two
Easy Games From
Boston

(By the Associated Press.)

Chicago, Sept. 10.—The Cincinnati Reds pushed the Pirates back in third place in the National League yesterday by 8 to 3. The New York Yankees took two easy games from Boston, 6 to 2, and 4 to 0. Babe Ruth crashed out his 34th homer.

The N. Y. Giants lost to Brooklyn, 6 to 3.

The Chicago White Sox defeated the St. Louis Browns in Chicago, 4 to 2.

The Detroit Tigers lost to Cleveland 5 to 3.

Philadelphia trimmed Washington in Washington 5 to 2. The St. Louis Nationals shut out Chicago in Chicago, 3 to 0.

Mack Passed Up Watson,
Now Star With Giants

By NEA Service.

Philadelphia, Sept. 10.—Even the greatest of managers, readers of the John McGraw and Connie Mack type, can make mistakes in their judgment of ball players.

Pitcher John Watson of the New York Giants is delighted that Connie Mack was unable to see him as a pitcher and after a thorough trial sent him back to the minors.

Watson some years ago was acquired by Mack from the Eastern League. At that time Connie's pitching staff was in such shape that any pitcher who could simply throw the ball had a chance.

Watson met with some success

Hoover Eager To
Meet All Title
Contestants

Duluth, Minn., Sept. 10.—Although the definite date and the number of challengers for the Philadelphia gold challenge cup race here in September are yet undecided, Walter M. Hoover, holder of the cup which is emblematic of the women's single sculling title, is taking no chances on his condition.

The champion, engaged in one of his strenuous training programs, is featuring long rows to return him to the form which he hopes to display in his defense of the trophy. A fifteen-mile row twice a day is the usual course for the champion.

Hoover is hopeful that Edward Maguire, new national champion, will challenge in time to qualify for the coming race. Maguire, a Buffalo politician, who acquired his sculling title at the recent national regatta at Baltimore, was quoted by Duluth Boat Club rowing officials as saying that he probably would challenge Hoover if he could get another leave of absence.

In addition to Hilton Bolyea, former Canadian champion, and Maguire, Hoover hopes such scullers as Granville Gude, Washington, D. C., and W. E. Garrett Gilmore, Philadelphia, Canadian champion, will challenge. The champion insists that all aspirants for his title be given an opportunity to enter the coming event.

and much failure as a member of the Athletics. Perhaps his most noteworthy feat was the pitching of a double header. He lost both games but by close scores. Watson seemed to have plenty of stuff but according to Mack didn't learn fast enough and he was shunted to the minors.

Fate first frowned and then smiled on Watson. He came back to the majors as a member of the Boston Braves. In the spring of the year when the Braves seemed destined for the cellar, McGraw bought Watson.

Since joining New York, Watson has pitched good ball and is now on the high road to prosperity. He seems certain to cut in on a fat portion of the world series.

LEONARD WINS
IN 7 ROUNDS

Lightweight Champion Out-
classed Mendelssohn in
Encounter

Philadelphia, Sept. 10.—Benny Leonard, lightweight champion, Friday night received the newspaper decision in an eight-round encounter with Johnny Mendelssohn of Milwaukee. Leonard won seven of the rounds, the fifth being called even.

From beginning to end Leonard out-classed his opponent who, game to the end, was able to land on the champion but rarely, and never hard.

Leonard's weight was announced at 133.4, Mendelssohn's at 137. The bout was fast and interesting in every round. Mendelssohn was aggressive, forcing the fight from bell to bell, but never with sufficient speed or force to get even one solid punch.

Joe Lynch, bantamweight champion, knocked out Eddie Siegel, Brooklyn, in the third round. Siegel substituted for Young Montreal.

FARGO MAN WINS

Aberdeen, S. D., Sept. 10.—Driving his car with a steady fury, John H. Lee, of Fargo, N. D., won the state fair sweepstakes holding the lead from the start for 30 laps against all competitors, and refusing to yield an inch. Lee's time was 17:23.

Bert Ficken of Omaha, who crashed through the fence Thursday, again was in the running, and pushed Lee hard for the \$700 purse, but he couldn't pass him. McCoy of Oriskany was third.

John Lee also won in the time trials, establishing a second record after Mais, of Sioux City had knocked a second off Lee's first time. Lee's winning time was 1:06 3/4.

NOTICE OF MORTGAGE SALE BY ADVERTISEMENT
Notice is hereby given, That that certain Mortgage, executed and delivered by James H. Wright, Mortgagee, to Seth G. Wright Mortgagees, dated the 20th day of December A. D. nineteen hundred and seventeen and filed for record in the office of the Register of Deeds of the County of Burleigh, and State of North Dakota, on the 26th day of December A. D. 1917, and recorded in Book 144 of Mortgages, at page 47, of the foreclosed Mortgage and hereinafter described, at the front door of the Court House in the City of Bismarck, in the County of Burleigh, and State of North Dakota, at the hour of 2:00 o'clock P. M. on the 17th day of September 1923, to satisfy the amount due upon said Mortgage on the day of sale.

The premises described in said Mortgage and which will be sold to satisfy the same, are those certain premises situated in the County of Burleigh, and State of North Dakota, and described as follows, to-wit: The East Half of the Southwest Quarter (E 1/2 of SW 1/4) and Lots Three and Four in Block 19, Section 14, Township 49 N. and Range 60 W. of the Fifth Principal Meridian, containing One Hundred Forty-four (144) Acres, more or less, according to the U. S. Government survey thereof.

There will be due on such Mortgage at the date of sale the sum of One Thousand Three Hundred and seventy-one and 10/100 (\$1370.24) Dollars.

SETH G. WRIGHT, Mortgagee.
LAWRENCE MURPHY & NILES, Attorneys for Mortgagee, Fargo, North Dakota.

CITY BEAUTIFIERS TO MEET AT KANSAS CITY
Kansas City, Sept. 10.—Persons interested in making American cities more beautiful will assemble in Kansas City September 11 for a five day session of the American Institute of Park Executives. The program includes discussion of problems which confront members of the organization, as well as inspection of the park and boulevard systems here, in Kansas City, Kas., and in St. Joseph, Mo.

Among the subjects are the national and state parks, the comprehensive park system and its relation to the general city plan, parks and regional planning, zoning, forest recreation and city forestry in connection with the park system. Delegates are expected to number approximately 275. President Theodore Wirth, who also is superintendent of parks of Minneapolis, Minn., will preside.

Prize To Live Quietly on His Canadian Ranch
Calgary, Alta., Sept. 10.—When the Prince of Wales visits his ranch near High River, Alta., this fall, he will travel from England in an unofficial capacity as the Duke of Cornwall, according to W. A. Carlyle, manager of the establishment who has recently returned from England. The prince will stay here quietly several weeks, and then return direct to London.

The ranch of the prince is one of the foremost livestock breeding establishments in western Canada. He bought it four years ago and since then has stocked it with a large number of thoroughbred horses, Shorthorn cattle, Shropshire sheep and Dartmoor ponies. These animals have been selected from King George's own breeding establishments and represent some of the best blood in the world.

The prince's purpose in establishing the ranch was to raise the standard of livestock in western Canada. As a step in this direction he already has held several sales of Shorthorn cattle and Shropshire sheep, and the animals have brought top prices in Calgary. His stock has been exhibited at all the big livestock shows in western Canada and has carried away a number of first prizes. All of the day and night herds come from the royal stables in England and a number of them have been outstanding winners on British tracks.

English Wig Etiquette Keeps Lawyers on Tiptoe
London, Sept. 10.—The etiquette which governs the wearing of the legal wig is weird and mysterious, and awful things may happen to the lawyer who disregards this etiquette, for a judge may then refuse to hear him and order him out of court.

H. P. Macmillan is one of the fortunate double-wigged lawyers, and gave an amusing exhibition of the day of his thorough mastery of the etiquette of the wig.

He had to argue an appeal at the Bar of the House of Lords. He also had to oppose a private bill in committee upstairs. At the bar of the House of Lords it is essential that a K. C. should wear his full bottom wig, otherwise he would be refused a hearing. But before a committee he must wear his bob wig to command a hearing.

At one moment Mr. Macmillan was at the Bar of the Lords wearing his full bottom wig, and holding his small bobbed wig in his hand. Presently he appeared upstairs before the Committee with his bobbed wig on his head, holding his full bottom wig out of sight behind his back. At this time the change had to be made as the K. C. ran up or down the stairs. He proved himself to be a lightning change artist as well as something of a sprinter. When he had finished, however, he was convinced that he had well earned his fee.

"Y" Teaches and Feeds Sofians
Sofia, Bulgaria, Sept. 10.—The Y. M. C. A. has announced a new course in house-building, electrical engineering and agriculture, to be opened in October for Russian and Bulgarian refugees, of whom there are many thousands in Sofia. In addition to free instruction, the school provides free lodging and board.

In connection with the same organization, many hundreds of students in Sofia and in other parts of Bulgaria have been receiving for the past two years material aid in the form of board, lodging and funds for the continuance of their academic work, which they had no resources to carry out.

MARKET NEWS

WHEAT PRICES TAKE UPTURN

No Aggressive Selling on Market Noticeable Today

Chicago, Sept. 10.—With no aggressive selling pressure noticeable here wheat prices took a moderate upturn early today. Opening prices which varied from unchanged to 3-8 higher with Dec. \$1.08 3/4 to \$1.09 5/8 and May \$1.11 5/8 to \$1.12 5/8 followed by a slight sag and then by gains all around.

Subsequently weakness of prices in the northwest had a bearish effect on the third delivery as did an increase of the U. S. visible supply. The close was steady at 3-8 to 1-2 cents net decline to 3-8 advance, Dec. \$1.06 to \$1.06 1-8 and May \$1.11 1-8 to \$1.11 1-4.

CHICAGO LIVE STOCK

Chicago, Sept. 10.—Hog receipts 40,000 mostly 10 to 25 cents higher. Cattle receipts 27,000. Better grades about steady under tone weak on others. Bulk top medium \$10.00 to \$11.25. Vealers about steady. Bulk \$11.00 to \$11.50. Sheep receipts, 22,000. Killing lambs around 25 cents higher. Feeding lambs and sheep strong. Bulk natives \$12.75 to \$13.

SO. ST. PAUL LIVE STOCK

So. St. Paul, Sept. 10.—Cattle receipts, 12,100. Generally steady to weak. Practically no grain fed steers or yearlings. Few odd head and small lots selling at \$9 to \$10. Best quotable up to \$12. Most quotable grass fat beefs, \$4.50 to \$5.50. Bulk natives, 5 to 7¢. Western, \$5.50 to \$7.50. Grass fat, the choice \$3 to \$3.50. Bulk under \$5. Canners and cutters mostly \$2 to \$2.75. Bologna bulls mostly \$3.25 to \$3.75. Best fed feeders \$8.50, few over \$7. Calves receipts, 1,600. Twenty-five to 30 cents lower. Best light largely, \$9 to \$9.25. Hog receipts, 6,200, averaging around 10 to 15 cents higher. Relative number choice light to shipper, \$8.35.

Bulk packing shows \$7 to \$7.25. Bulk good grade, \$8. Sheep receipts, 7,700. Lambs about steady. Bulk desirable natives, \$11.50. Calves mostly \$7.50. Native steers, \$9 to \$10. Feeder lambs, \$7.50. Fat ewes to killers today weak to 50 cents lower. Some \$3.50 to \$5.50. Bulk light and handyweight ewes, \$6.50 to \$7.

MILL CITY GRAIN

Minneapolis, Sept. 10.—Wheat receipts 664 cars compared with 730 cars a year ago. Cash No. 1 northern \$1.13 1/4 to \$1.21 1/4. No. 1 dark northern spring choice to fancy \$1.27 1/4 to \$1.31 1/4; good to choice \$1.22 1/4 to \$1.26 1/4; ordinary to good \$1.19 1/4 to \$1.21 1/4; September \$1.15 1/4; December \$1.10 1/4; May \$1.19 1/4; corn No. 3 yellow 38c to 39c; oats 35c to 36c; barley 47c to 50c; rye No. 2, 68c; flax No. 1, \$2.32 to \$2.33.

TO THE POLICYHOLDERS OF THE PRUDENTIAL INSURANCE COMPANY OF AMERICA

NOTICE is hereby given that a meeting of the policyholders of THE PRUDENTIAL INSURANCE COMPANY OF AMERICA will be held at the Home Office of said Company in the City of Newark, New Jersey, on Monday, the Third day of December, 1923, at two o'clock in the afternoon for the purpose of electing four persons to be voted for by the policyholders' Trustees as members of a Board of Directors at the annual meeting of the Company to be held on the Fourteenth day of January, 1924.
As each voting policyholder of the corporation who is of the age of twenty-one years or upwards and whose policy has been in force for at least one year past shall be entitled to cast one vote in person or by proxy.
EDWARD D. DUFFIELD, President.

OUT OUR WAY

BY WILLIAMS

The only fee charged at the school here is the nominal one of 1,000 lya, equivalent to ten dollars, toward the upkeep of the equipment of the institution.

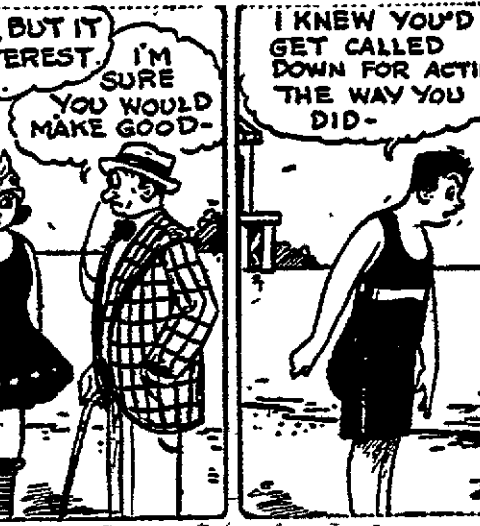

CHANNEL ISLANDS HAVE LOW TAXES

London, Sept. 10.—The Channel Islands are getting better and better every day from the point of view of the earthly bachelor. Here there is no income tax, no corporation tax, only a nominal state tax, no early closing laws, no prohibition, and now the legislature has refused to pass a bill which would allow women over the age of 30 to sit as members of the House of Deputies.

NOTICE OF MORTGAGE SALE BY ADVERTISEMENT

Notice is hereby given, That certain Mortgage, executed and delivered by Vernon G. Hallum and Hulda Hallum, his wife, Mortgagees, to Seth G. Wright Mortgagee, dated the 20th day of December A. D. nineteen hundred and seventeen and filed for record in the office of the Register of Deeds of the County of Burleigh, and State of North Dakota, on the 96th day of December A. D. 1917, and recorded in Book 144 of Mortgages, at page 474, will be foreclosed by a sale of the premises in such Mortgage and hereinafter described, at the Court House of the County of Burleigh, in the City of Bismarck, in the County of Burleigh, and State of North Dakota, at the hour of 2:00 o'clock P. M. of the 17th day of September 1923, to satisfy the amount due upon said Mortgage on the day of sale.

The premises described in said Mortgage and which will be sold to satisfy the same, are those certain premises situated in the County of Burleigh, and State of North Dakota, and described as follows, to-wit: The East Half of the Southwest Quarter (2 1/2 of SW 1/4) and Lots Three and Four (3 & 4) of Section Nineteen (19) of Township One Hundred Forty-four (144) North, of Range Seventy-eight (78) West, of the Fifth Principal Meridian, containing One Hundred Forty-four and 25/100 (144.25) acres, more or less, according to the U. S. Government survey thereof.

There will be due on said Mortgage at the date of sale the sum of \$10,000 and Three Hundred Seventy-six and 10/100 (\$10,376.94) Dollars.

SETH G. WRIGHT, Mortgagee.
LAWRENCE, MURPHY & NILES, Attorneys for Mortgagee, Fargo, North Dakota.

CITY BEAUTIFIERS TO MEET AT KANSAS CITY

Kansas City, Sept. 10.—Persons interested in making American cities more beautiful will assemble in Kansas City September 11 for a five day session of the American Institute of Park Executives. The program includes discussion of problems which confront members of the organization, as well as inspection of the park and boulevard systems here, in Kansas City, Kas., and in St. Joseph, Mo.

Among the subjects are the national and state parks, the comprehensive park system and its relation to

the general city plan, parks and regional planning, zoning, forest reservations and city forestry in connection with the park system. Delegates are expected to number approximately 275. President Theodore Wirth, who also is superintendent of parks of Minneapolis, Minn., will preside.

Prince To Live Quietly on His Canadian Ranch

Calgary, Alta., Sept. 10.—When the Prince of Wales visits his ranch near High River, Alta., this fall, he will travel from England in an unofficial capacity as the Duke of Cornwall, according to W. L. Carlyle, manager of the establishment, who has recently returned from England. The prince will stay here quietly several weeks, and then return direct to London.

The ranch of the prince is one of the best livestock breeding establishments in western Canada. He bought it four years ago on his last visit and since then has stocked it with a large number of thoroughbred horses, Shorthorn cattle, Shropshire sheep and Dartmoor ponies. These animals have been selected from the royal stables in England and a number of them have been outstanding winners on British tracks.

The prince's purpose in establishing the ranch was to raise the standards of livestock in western Canada. As a step in this direction he already has had several sales of Shorthorn cattle and Shropshire sheep, and the animals have brought top prices in Calgary. His stock has been exhibited at all the big livestock shows in western Canada and has carried away a number of first prizes. All of the purchased horses have come from the royal stables in England and a number of them have been outstanding winners on British tracks.

English Wig Etiquette Keeps Lawyers on Tiptoe

London, Sept. 10.—The etiquette which here governs the wearing of the legal wig is weird and mysterious, and awful things may happen to the lawyer who disregards this etiquette, for a judge may then refuse to hear him and order him out of court.

H. P. Macmillan is one of the fortunate double-wigged lawyers and gave an amusing exhibition the other day of his thorough mastery of the etiquette of the wig.

He had to argue an appeal at the Bar of the House of Lords. He also had to oppose a private bill in committee upstairs. At the bar of the House of Lords it is essential that a K. C. should wear his full bottom wig, otherwise he would be refused hearing. But before a committee he must wear his hot wig to command a hearing.

At one moment Mr. Macmillan was at the Bar of the Lords wearing his full bottom wig, and holding his small bobbed wig in his hand. Presently he appeared upstairs before the committee with his bobbed wig on his head, holding his full bottom wig out of sight behind his back. Four times the change had to be made as the K. C. ran up or down the stairs.

He proved himself to be a lightning change artist as well as something of a sprinter. When he had finished, however, he was convinced that he had well earned his fee.

"Y" Teaches and Feeds Sofians

Sofia, Bulgaria, Sept. 10.—The Y. M. C. A. has announced a new course in house-building, electrical engineering and agriculture, to be opened in October for Russian and Bulgarian refugees, or whom there are many thousands in Sofia. In addition to free instruction, the school provides free lodging and board.

In connection with the same organization, many hundreds of students in Sofia and in other parts of Bulgaria have been receiving for the past two years material aid in the form of board, lodging and funds, for the maintenance of their academic work, which they had no resources to carry out.

MARKET NEWS

WHEAT PRICES TAKE UPTURN

No Aggressive Selling on Market Noticeable Today

Chicago, Sept. 10.—With no aggressive selling pressure noticeable here wheat prices took a moderate upturn early today. Opening prices which varied from unchanged to 3-8 higher with Dec. \$1.06 3-8 to \$1.06 5-8 and May \$1.11 5-8 to 6-4 were followed by a slight sag and then by gains all around.

Subsequently weakness of prices in the northwest had a bearish effect on the third delivery as did an increase of the U. S. visible supply. The close was steady at 3-8 to 1-2 cents net decline to 3-8 advance, Dec. \$1.06 to \$1.06 1-8 and May \$1.11 1-8 to \$1.11 1-4.

CHICAGO LIVE STOCK

Chicago, Sept. 10.—Hog receipts 40,000 mostly 10 to 25 cents higher. Cattle receipt 27,000. Better grades about steady under tone weak on others. Bulk top medium \$10.00 to \$11.25. Vealers about steady. Bulk \$11.00 to \$11.50. Sheep receipts, 22,000. Killing lambs around 25 cents higher. Feeding lambs and sheep strong. Bulk natives \$12.75 to \$13.

SO. ST. PAUL LIVE STOCK

So. St. Paul, Sept. 10.—Cattle receipt, 12,000. Generally steady to weak. Practically no grain fed steers or yearlings. Few odd read and some lots selling at \$9 to \$10. Best quotable up to \$12. Most quotable grass fat heaves, \$4.50 to \$8.50. Bulk natives, 5 to 7. Western, \$5.50 to \$7.50. Grass fat she stock, \$3 to \$6.50. Bulk under \$5. Canners and cutters mostly \$2 to \$2.75. Bologna bulls mostly \$3.25 to \$3.75. Best fed feeders \$8.50, few over \$9. Calves receipts, 1,600. Twenty-five to 50 cents lower. Best light largely, \$9 to \$9.25. Hog receipts, 6,200, averaging around 10 to 15 cents higher. Relative number choice light to shipper, \$8.85.

Bulk packing shows \$7 to \$7.25. Bulk good grade, \$8. Sheep receipts, 8,700. Lambs about steady. Bulk desirable natives, \$11.50. Calves mostly \$7.50. Native steers, \$9 to \$10. Feeder lambs, \$7.50. Fat ewes to killers today weak to 50 cents lower. Some \$3.50 to \$5.50. Bulk light and handweight ewes, \$6.50 to \$7.

MILL CITY GRAIN

Minneapolis, Sept. 10.—Wheat receipts 664 cars compared with 730 cars a year ago. Cash No. 1 northern \$1.13 1/4 to \$1.21 1/4. No. 1 dark northern spring choice over \$1.27 1/2 to \$1.31 1/4; good to choice \$1.22 1/2 to \$1.26 1/4; ordinary to good \$1.19 1/4 to \$1.21 1/4; September \$1.15 1/4; December \$1.16 1/4; May \$1.19 1/4; corn No. 3 yellow 83c to 84c; oats 35c to 36c; barley 47c to 50c; rye No. 2, 65c; flax No. 1, \$2.32 to \$2.33.

TO THE POLICYHOLDERS OF THE PRUDENTIAL INSURANCE COMPANY OF AMERICA

NOTICE is hereby given that a meeting of the policyholders of THE PRUDENTIAL INSURANCE COMPANY OF AMERICA will be held at the Home Office of said Company in the City of Newark, New Jersey, on Monday, the Third day of December, 1923, at twelve o'clock noon, for the purpose of selecting four persons to be voted for by the policyholders' Trustees as members of the Board of Directors at the annual election of Directors of the Company to be held on the Fourteenth day of January, 1924.

At such meeting every policyholder of the corporation who is of the age of twenty-one years or upwards and whose policy has been in force for at least one year last past shall be entitled to cast one vote in person or by proxy.

EDWARD D. DUFFIELD, President.

SPORTS
PEN TEAM
LOSES TO
WASHBURN

Ninth Inning Rally Saves
Visiting Nine a Defeat
When McQuillan Goes Wild

THIRD GAME LOST

Pounding out five hits for five runs in the first half of the ninth game Washburn a 10 to 9 victory over the penitentiary in a game played at the pen Sunday.

McQuillan, pitching for the penitentiary team, pitched good ball with the exception of the first and last innings. Charley Tower, Washburn pitcher also pitched good ball.

Art Bauer of Bismarck and Harry Smith of the Pen umpired the game.

This is the third game which the Pen Team has lost this year the other two being lost to Carson and the State Asylum Guards of Jamestown.

LOUBEK PLACES
AT DICKINSON
AUTO RACES

Local Driver Takes Second
Place in a Field of Six En-
tries at Western Meet

R. B. Loubek, of Bismarck, driving a Hudson Six Special took second place at the automobile races held at Dickinson last week. Scow, a Canadian driver, took first place in a field of six entries with his specially equipped Ford.

Mr. Loubek, in commenting on the race, said that it was one of the hardest in which he has ever driven, principally because of the poor condition of the track.

ABRAHAMSEN IN
GOOD SHAPE
FOR MATCH

Kathryn Man Says He Is in
Fine Condition to Meet
Thor Jensen on Friday.

Clarence Abrahamson, welterweight of Kathryn, who is to meet Thor Jensen, local welterweight, in a match for the benefit of the disabled veterans at the auditorium on Friday night, writes that he is in excellent condition and that he is working out daily at Kathryn.

Abrahamson will weigh in at about 145 pounds while Jensen will be just inside the welterweight limit with 147.

KNAUF AND
KRAUSE MEET

Bout Between Welterweights
Scheduled For Septem-
ber 28

Grand Forks, N. D., Sept. 10.—Johnny Knauf and Moorhead, and Batsing Krause of Fargo, the north-west's most popular welterweights, are scheduled to meet for the third time at Grand Forks under the auspices of Company M, of the North Dakota National Guard. The show will be staged on Friday, Sept. 28, according to announcements made by the soldier boxing club promoters, Alvin Purcell and Leslie "Tex" Trotter.

The meeting here will be the third engagement between the two slugs. They boxed two years ago at Bismarck and the result of the fight was unsatisfactory. Both fighters claimed the verdict. At Wahpeton last month Krause fouled Knauf in the third round, breaking up a wonderful fight.

Both fighters are anxious to have the question of supremacy settled once and for all, and the chances are that the Grand Forks fans will see a real show.

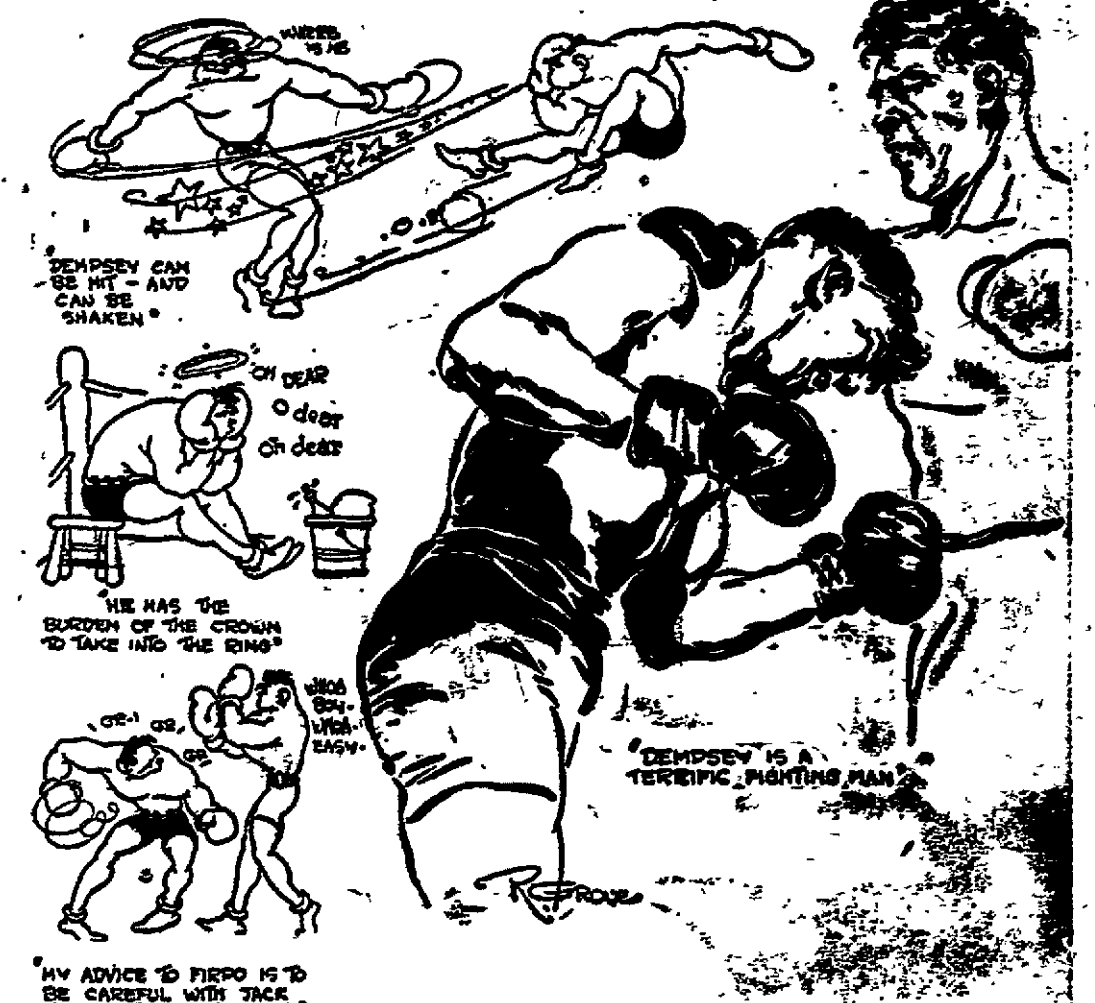

Bismarck-Dickinson
Game October 19

Dickinson, N. D., Sept. 10.—The football season is now in full swing and the Bismarck-Dickinson game, which will be played on Friday, October 19, is being looked forward to with much interest.

Frank Richards, Bismarck's star back, is now being worked up by Coach Richards. Richards says he will be seen in action on the field this year. The only date definitely fixed is yet is one with Bismarck high school here on Friday, October 19, during the annual convention of the North Dakota State Teachers' association.

DEMPSEY CAN'T STAND LONG GRIND

Willard Declares Jack Makes Lightning Start
But Begins to Slow Down as Fight Progresses

EDITOR'S NOTE—Jack Dempsey certainly is a "terrible tiger" in the ring. But he's by no means invincible, according to Jess Willard. Here's what the second article Jess Willard has written for the Bismarck Tribune on the forthcoming Dempsey-Firpo fight.

BY JESS WILLARD.
Former Heavyweight Champion.
Jack Dempsey is a terrific fighting man.

I found that out, and so have the others who faced him.

Many of the sporting writers, though, have made him out as absolutely invincible. There isn't any such man. While the champion is at the peak of his strength, there always is some young chap coming along who will some day put him out.

Dempsey landed on my chin in a breakaway in the first round of our fight at Toledo, and from then on I was in a daze. I don't know what happened, except what spectators told me.

But it seems that I landed one on him in the next round which nearly put him out, except that I wasn't able to finish him. That would show that he can be hit and can be shaken.

His Blows Dangerous.

The best asset a fighter can have, I think, is a good left hand. That comes in always to stab the first rush of the other man's attack. Dempsey certainly has such a left hand, but with his distinctive style of swaying from side to side, he makes unusual use of both hands.

His blows are hooks instead of clean, straight shots. But they are dangerous.

Jack Dempsey is fast and strong, and he hits hard. I don't want to tell anybody that he isn't formidable. There are points to his disadvantage, though, which ought to be considered in figuring the odds.

First of all, he is champion. That is a burden to carry into the ring, even though it makes him a favorite in popular judgment. The champion is worried at the thought of the stake he has to lose. My mind kept going back to that when I had

the title, and it is natural for any one.

But Johnson Was Better.

Then, being the champion, he is surrounded by a crowd, and that is hard for steady training. I don't mean training just before the fight. But champions grow careless.

The glimmer of the lights saps their power. Dempsey has had only two fights in his four years with the title. A man needs at least two fights a year to keep in condition, and three or four wouldn't hurt him.

The best man I ever fought was Jack Johnson. I'd like for anyone to name a single quality he lacked for perfection when he was in his prime. He had everything. His best was better than the best of either Dempsey or Firpo.

My advice to Firpo is to be careful with Dempsey the first two or three rounds. Dempsey makes a lightning start, but I don't think he can go for a long grind.

Be a stone wall to Dempsey's charge. Then knock him out—
you can.

REDS PUSH
PIRATES INTO
3RD PLACE

N. Y. Yankees Take Two
Easy Games From
Boston

(By the Associated Press.)
Chicago, Sept. 10.—The Cincinnati Reds pushed the Pirates back in third place in the National League yesterday by 8 to 3. The New York Yankees took two easy games from Boston, 6 to 2, and 4 to 0. Babe Ruth crashed out his 34th homer.

The N. Y. Giants lost to Brooklyn, 6 to 3.

The Chicago White Sox defeated the St. Louis Browns in Chicago, 4 to 2.

The Detroit Tigers lost to Cleveland 5 to 3.

Philadelphia trimmed Washington in Washington 5 to 2. The St. Louis Nationals shut out Chicago in Chicago, 3 to 0.

Mack Passed Up Watson,
Now Star With Giants

By NEA Service.
Philadelphia, Sept. 10.—Even the greatest of managers, leaders of the John McGraw and Connie Mack type, can make mistakes in their judgment of ball players.

Pitcher John Watson of the New York Giants is delighted that Connie Mack was unable to see him as a pitcher and after a thorough trial sent him back to the minors.

Watson some years ago was secured by Mack from the Eastern League. At that time Connie's pitching staff was in such shape that any pitcher who could simply throw the ball had a chance.

Watson met with some success and much failure as a member of the Athletics. Perhaps his most noteworthy feat was the pitching of double headers. He lost both games but by close scores. Watson seemed to have plenty of stuff but according to Mack didn't learn fast enough and he was shunted to the minors.

Fate first frowned and then smiled on Watson. He came back to the majors as a member of the Boston Braves. In the spring of the year when the Braves seemed destined for the cellar, McGraw bought Watson.

Since joining New York, Watson has pitched good ball and is now on the high road to prosperity. He seems certain to cut in on a fat portion of the world series.

LEONARD WINS
IN 7 ROUNDS

Lightweight Champion Out-
classed Mendelssohn in
Encounter

Philadelphia, Sept. 10.—Benny Leonard, lightweight champion, Friday night received the newspaper decision in an eight-round encounter with Johnny Mendelssohn of Milwaukee. Leonard won seven of the rounds, the fifth being called even. From beginning to end Leonard outclassed his opponent who, game to the end, was able to land on the champion but rarely, and never hard.

Leonard's weight was announced at 138 1/2. Mendelssohn's at 137. The bout was fast and interesting in every round. Mendelssohn was aggressive, forcing the fight from bell to bell, but never with sufficient speed or force to get even one solid punch.

Joe Lynch, bantamweight champion, knocked out Eddie Siegel, Brooklyn, in the third round. Siegel substituted for Young Montreal.

Hoover Eager To
Meet All Title
Contestants

Duluth, Minn., Sept. 10.—Although the definite date and the number of challengers for the Philadelphia gold challenge cup race here in September are yet undecided, Walter M. Hoover, holder of the cup which is emblematic of the world's singles sculling title, is taking no chances on his condition.

The champion, engaged in one of his strenuous training programs, is featuring long rows to return him to the form which he hopes to display in his defense of the trophy. A fifteen-mile row twice a day is the usual course for the champion.

Hoover is hopeful that Edward Maguire, new national champion, will challenge in time to qualify for the coming race. Maguire, a Buffalo policeman, who acquired his sculling title at the recent national regatta at Baltimore, was quoted by Duluth Boat Club rowing officials as saying that he probably would challenge Hoover if he could get another leave of absence.

In addition to Edson Belyes, former Canadian champion, and Maguire, Hoover hopes such scullers as Granville Gude, Washington, D. C., and W. E. Garrett Gilmore, Philadelphia, Canadian champion, will challenge. The champion insists that all aspirants for his title be given an opportunity to enter the coming event.

FARGO MAN WINS

Aberdeen, S. D., Sept. 10.—Driver his car with a steady fury, John H. Lee, of Fargo, N. D., won the Tri-state fair sweepstakes holding the lead from the start for 30 laps against all competitors, and refusing to yield an inch. Lee's time was 17-23.

Bert Ficken of Omaha, who crashed through the fence Thursday, again was in the running, and pushed Lee hard for the \$700 purse, but he couldn't pass him. McCoy of Ottumwa was third.

John Lee also won in the time trials, establishing a second record after Mals, of Sioux City had knocked a second off Lee's first time. Lee's winning time was 1:06 3/4.

No More
Dickering

The possessor of the loudest voice
or the most brazen cheek used to be
able to drive the best bargain. But,
dickering, chaffering and haggling
over prices have gone out of date.

Simply by glancing over the advertisements in your paper you can see where to go for the best buys. You can compare values and check up prices without even stirring from your easy chair. You can know in advance just what you are going to get and how much it will cost. And you can have the satisfaction that comes from knowing your money is wisely spent.

Nowadays, every one is given an equal opportunity to buy shrewdly. But there are still a rare few who fail to utilize the advertisements. Don't be one of them.

Every Advertisement is
A Real Opportunity

FIXED CODE REQUIRED FOR SETTLEMENT

Coal Commission Suggests
This in Report to Pres-
ident

ONE YARDSTICK

If Industrial Peace Is Hoped
For Some Method Must
Be Found

Washington, Sept. 10.—Comparing the controversy in the coal situation to that over slavery just prior to the Civil war, the United States Coal Commission declared in a report submitted to President Coolidge today that the national interest required establishment of a fixed code for settlement of this and other industrial disputes.

Regardless of the inherent rights possessed by both sides, the Commission held the necessity of coal to the general public makes it incumbent upon both operators and workers "to make some personal sacrifices in the interest of the commonwealth."

The outbreak at Herrin, Ill., in June, 1922 and the more recent disturbance in the West Virginia fields were cited as indications of the serious aspect the general situation has taken. The Commission reviewed the history of both cases in detail but declined to fix responsibility further than to say the serious results might be attributed to the intense passions which had been gradually fostered among the members of the two opposing camps, and to the attitude of the communities involved toward law and order.

"If industrial peace is to be hoped for," the Commission said, "then some method must be found to guarantee, as near as fallible human judgment may, equally exact justice to capital, to labor and to the public. There must be one yardstick adopted by which all controverted questions are to be measured. Public interest demands that certain fixed principles shall be recognized as the basis of capital and labor as this yardstick."

Declaring it would be better for the participants themselves to work out the exact terms of the code, the Commission set forth as the framework, the following principles:

1. No contract of any kind binding force in America which has not been freely and voluntarily entered into.

2. The right of a man to work when, where, for whom and under what conditions and at what wage he chooses, so long as he does not seek to interfere with the individual right, must never be interfered with and the State must furnish him protection and peace while he exercises this right.

3. In a free government men have a right to combine themselves together into organizations for collective bargaining with reference to terms and conditions under which they will work; they must exercise this right without force and intimidation, and must not interfere with the right of the man who chooses to dispose of his time individually.

4. Society has a right to fix a limitation beyond which it will not permit either these de facto or de jure organizations to go.

5. There is an implied duty upon corporations "to pay the humblest of its employees who is able-bodied, willing and competent, and who gives an honest day's work, sufficient wage to enable that person and his family to live in accordance with the standards of American life, and to pay in addition thereto for skill and experience."

6. The general public has a right to demand of its government that it shall not freeze in the midst of an abundance of coal. Unless capital and labor adopt methods that will furnish to the public coal when needed, "an outraged public sentiment will furnish the supply by force, either the army or the penitentiary."

7. When contracts have been voluntarily entered into "the industry itself should provide boards of arbitration, both local and appellate, to speedily dispose of causes in accordance with the terms of the contract and the principles herein set out."

While the report dealt with the coal industry, generally, the commission gave particular attention to the present situation. Most of the industrial friction which has operated to stop the machinery of production, and frequently resulted in violence and bloodshed, the Commission ascribed to the following basic causes:

Disputes as to what are popularly known as the civil rights of American citizens.

Practical breach of these rights in the industry, even when theoretically acknowledged.

Inappropriate application to present conditions of principles enunciated under totally different economic conditions.

Attitude of public opinion produced by ancient grievances of the law induced through fear, favor, affection, malice, hatred, or ill-will.

Unwise even though lawful interference of strangers in local conditions.

The effect of universal suffrage upon law administration.

"There is no intellectual dispute," the Commission reported, "touching the academic proposition of the right of a man to run an open shop, nor of the right of men to organize for the purpose of collective bargaining."

PROMINENT AMERICANS

Mrs. Rupert Hughes, wife of the missing following the Japanese disaster of quake and fire.

Rev. Norman S. Binstead, of St. David's Chapel, Washington, D. C., was in Japan at the time of quake. No word has been received from him.

Miss Myrtle King, of Washington, D. C., is one of many Americans in Japan from whom no message has come since the visit of the quake.

Judge Charles S. Lobinger of the United States Court for China, is believed to have been in Yokohama at the time of the earthquake.

BATTERY OF SCIENTISTS WAIT ECLIPSE

First Total Obstruction of
Sun in U. S. Since 1918
and Last Till 1925

Los Angeles, Sept. 10.—Clouds obscured the sky over Los Angeles at 1:20 a. m. and frustrated efforts of thousands of observers here to glimpse the solar eclipse which commenced at that time.

A few moments later the sun emerged and watchers were rewarded with the sight of a thin crescent "light" all ready taken out of the brilliant of the sun by the advancing moon.

Los Angeles, Sept. 10.—When the sun rose over southern California it shed a barrage of scientific and popular investigation unprecedented in astronomical history.

Expeditions from every quarter of the globe awaited its appearance in the path of total marked out for today's eclipse, the first total observation of the sun visible in the U. S. since 1918 and the last until 1925.

Batteries of special cameras and scientific instruments were aimed at the heavens while overhead circled airplanes in an historical attempt to photograph the onrushing shadow of the moon from vantage points above the sea.

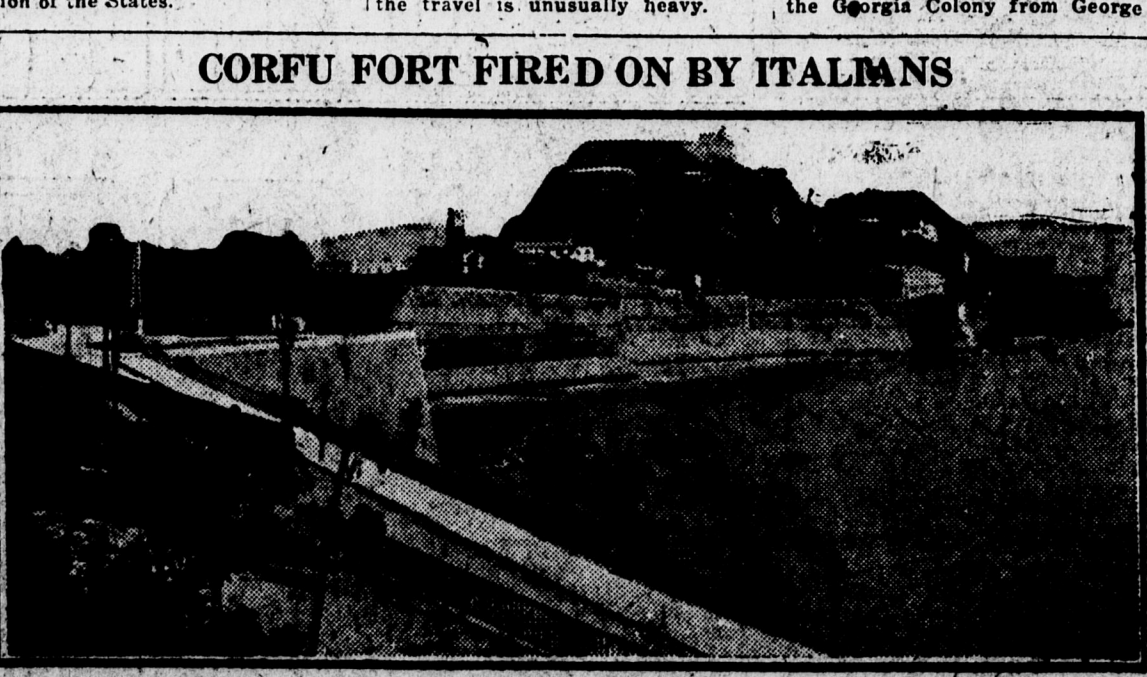

Newspaper men prepared to flash the time of the eclipse from its beginning at 11:20 a. m. at Santa Catalina to its final phase of obscurity at 2:15 p. m. while motion picture camera men were ready to film it.

Rents High At German Beaches

Herringsdorf, Germany, Sept. 10.—Word hordes of Mosquitoes on one hand and grasping landlords on the other, visitors to the Baltic coast are not having a happy time this summer. Rates for room and board are going up every 24 hours, and the summer colonies all along the shore, from Memel to Kiel, are on the verge of mutiny.

But their situation seems hopeless. If they go away in disgust, the hot weather sends plenty of others to fill their places. Rail-way rates have been raised repeatedly, but even so the travel is unusually heavy.

CORFU FORT FIRED ON BY ITALIANS

The old fort at Corfu, bombarded by the Italians and later occupied by them. American Near East Relief workers were among those under fire and say they will appeal to the State Department of the United States against the action of the Italians.

COOLIDGE WAS GOOD SPEAKER AS STUDENT

Amherst Class Remembers
Him For His Oratorical
Ability

NOT FOR POLITICS

Declare That He Has Character-
istics Like Abraham
Lincoln

Oakland, Cal., Sept. 10.—President Calvin Coolidge, referred to as "C. C.," was always worth hearing when in college, according to a biographical sketch in the annual published in connection with the twenty-fifth reunion of the class of '95 at New York in 1920, a copy of which is owned here by Nelson Kingsland, newspaperman and classmate of the new president.

The book contains the following sketch on Coolidge:

"Other folks may think Calvin Coolidge is famous because he has been a member of the city council of Northampton, clerk of the courts of Hampshire county, member of Massachusetts senate, lieutenant-governor of Massachusetts.

"We of '95 know that he is famous just because he is Calvin Coolidge. That is why we used to listen so eagerly to him when he was in college, and why we made him Grove Orator in senior year. Whether on the Hyde Fifteen or at a boarding house table, or anywhere else, when 'C. C.' spoke he always said something worth hearing. In senior year he won the medal offered by the Sons of the Revolution for the best essay on the 'Principles of the War for American Independence,' competing with undergraduates in all American colleges.

"After leaving Amherst he studied law in the office of Hammond and Field of Northampton and was admitted to the bar in 1897. In 1899 he entered upon his career in public life when he became city councillor of Northampton.

"Coolidge has made a great number of brilliant epigrammatical speeches, in which are heard the echo of the hills and classrooms of Amherst. The best of these remarkable addresses are published under the title of 'Have Faith in Massachusetts.'

"He is a member of the Union and University Clubs of Boston.

"The fact that he has risen high in public office and that he was at the 1920 convention demanded by many for the position of president of the United States does not rest at all upon self-seeking ambition; he does not seek offices, officers seek him. His courage in mastering the police strike in Boston is only a part of his rock-solid integrity of character that we all recognized when he was in Amherst twenty-five years ago.

"We in '95 do not honor him for his high office; we honor him just as all people do—because he is Calvin Coolidge. Like Abraham Lincoln, a unique personality, a real man in an age when the world needs real men."

"Grove Orator" distributes the prizes of humorous character to popular students, and "Hyde Fifteen" refers to the fifteen men selected by the professors to try for position on the team of six who compete in oratory for an annual prize.

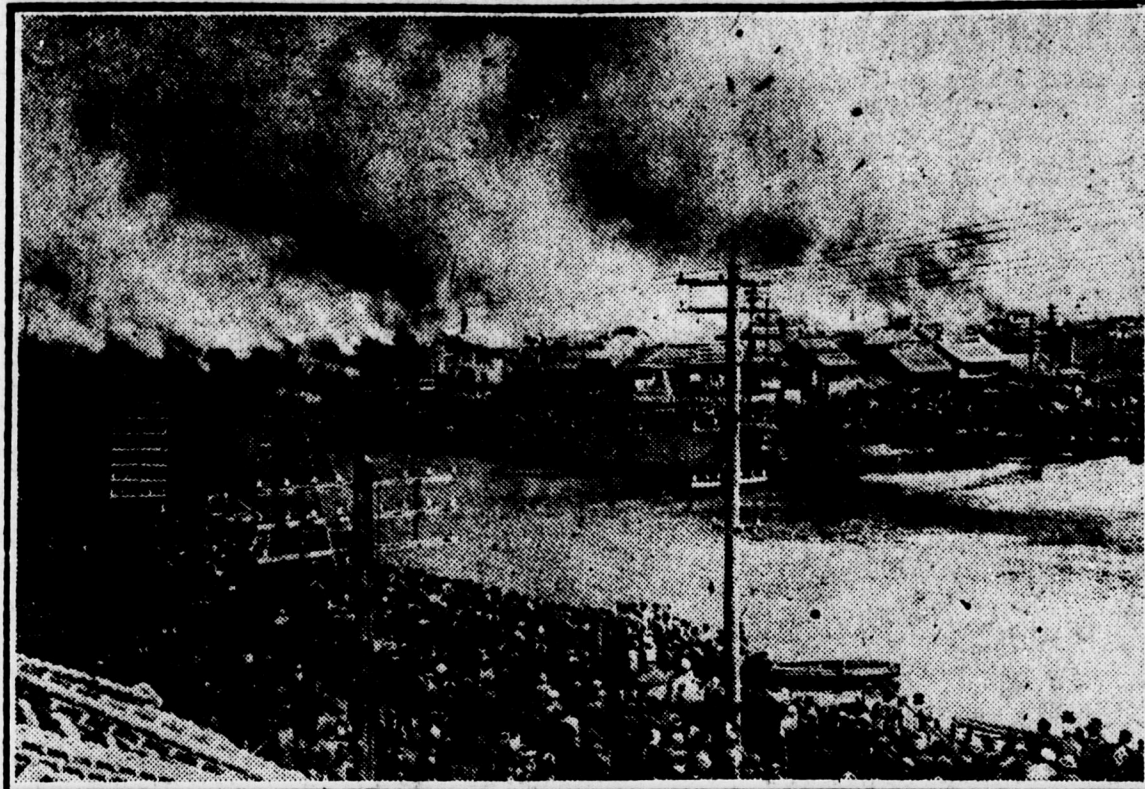

WOULD DIG FOR HERO'S BODY IN ENGLAND

Georgia College Would Dig
up Remains of General
Ogelthorpe

London, Sept. 10.—An American institute of learning, Georgia University, has petitioned the ecclesiastical authorities for permission to do some digging in the Cranham Church, near Upminster, Essex, to find out if the remains of General Ogelthorpe are there. If the body is found, the university will ask further permission to ship it across the Atlantic and place it in a shrine at the institution.

There is no doubt he was buried in the church. There is a tablet to his memory on which it is recorded that he was born in 1806 and died in 1875. An account is given also of his achievements. In June, 1872, with twenty associates, the General obtained a charter for the settlement of the Georgia Colony from George II.

25,000 Homeless In Yokohama Fire Several Years Ago

This picture shows the fire which destroyed 3,000 homes in Yokohama several years ago, making 25,000 homeless. The eye must multiply this scene many times to achieve a picture of the present havoc wrought by fire, quake and tidal wave in Yokohama and Tokio.

He was the friend of many distinguished men of his time, among them Walpole, Goldsmith, Boswell, Burke and Pope. The last enshrined his name in a couplet.

OUTLINE LAWS TO PREVENT AUTO KILLING

Would Work Out Safety Laws
For Automobileists and
Pedestrians

URGE EXAMINATIONS

Drivers Would Have to Reach
Certain Requirements

Chicago, Sept. 10.—An intelligence test for the man or woman who drives a motor car is a possibility within the next two or three years.

Representatives of 13 middle western states are to be invited to attend the Conference of Motor Vehicle Administrators, representing state automobile licensing bureaus, to be held here early in September at which plans will be made for working out safety-first laws for automobileists and pedestrians. The movement is being fostered by the National Safety Council. The convention is to be called by Fred M. Roseland, chief of the public safety division of the National Safety Council.

"The man who drives a car for somebody else must pass an examination," said Walter W. Miller, chief clerk of the automobile division of the Illinois Department of State. "But anybody can drive an automobile if he owns it, whether he has ordinary horse sense or not."

"The accidents do not happen to licensed drivers. They happen to the unlicensed drivers. The conference will make plans for uniform laws to govern the licensing of automobile operators to see if they are sufficiently competent mentally to handle a motor driven vehicle. Some form of intelligence test is likely to be devised."

Representatives of the state departments of Illinois, Indiana, Ohio, Wisconsin, Michigan, Minnesota, Iowa, Missouri, Kentucky, Kansas, Nebraska and North and South Dakota will be invited. It is hoped to have the conference jump-started by the meeting of secretaries of state at Asheville, N. C., September 13, 14, 15.

There is a real need, according to the officials sponsoring the conference, for uniform laws of driving to lessen the death rate. One way suggested is to prevent a man who never has handled a car before from buying a machine and promptly setting forth as if he were an experienced driver. This prevalent custom could be prevented, they say, by forcing the dealer by law to see that everybody to whom he sells a car is thoroughly instructed before he is permitted to operate on the public highways.

LANCER
Here's a top-hole Lanpher that meets the vigorous young chap more than half-way. The style is right and the quality guarantees the hat will stand up to its job—comes in the new shades and is all to your liking.

OPPOSED TO LEGALIZED IRISH ARMY

Both Labor and Conservative
Members of the Dail Are
Criticizing It

Dublin, Sept. 10.—A bill to legalize the Irish National Army, which hitherto has operated without legislative authority, has just been framed and is the subject of much criticism from both Labor and Conservative members in the Dail. The measure constitutes an army code similar to the King's regulations for the British army, and would be effective only for one year. At the end of that time, the bill provides, the army question may be reconsidered.

Labor leaders oppose the measure because of the distinction between officers and men, while the Conser-

vatives urge that it be modeled more closely after British Dominion army legislation. Other critics object to the present method of combining the offices of Minister for Defence and Commander-in-Chief, and have started agitation to have the Defence

IT SHOT HIS WEIGHT UP 25 POUNDS SAYS NORBY

"Tanlac shot my weight up from one hundred and forty to one hundred and sixty-five pounds and filled me brimful of energy," is the picturesque phraseology employed by Peter Norby, Princeton, Minn., farmer, in telling of the benefits he derived from the treatment.

"I was so sluggish and played-out I could hardly get my plowing done, and would often have to sit down in the field to rest. By sundown I would be all in and nervous and have terrible headaches. Gas on my stomach and palpitation of the heart

Ministry made a separate and civilian office.
If the measure, which is known as the "Defence Forces Bill" passes, it will give the army a legal status for the first time. To date, the 50,000 men comprising the national forces have served on an emergency basis.
The bill is elaborate, comprising 245 clauses, and providing for the establishment of an Irish Military College for officers, for the creation of an Army reserve, and making the designations of military rank.
All soldiers will be required under the measure to take an oath, pledging "true faith and allegiance to our country."
The present strength of the army is in excess of the proportion with the British army, agreed to in the treaty. Answering the critics, General Mulcahy announced recently that by next March he expects to reduce the total of armed forces to 30,000.

PSEUDO SUNBURN.
Silk stockings giving the effect of bare legs with a rich tint of sunburn are worn with highly polished brown leather shoes.

VELVET FOR SPORTS
Velvet is making its appearance in sports skirts. The skirts are plainly tailored, brown and black being the colors chosen.
